Port Arthur LNG filed the Application under the Natural Gas Act (NGA).

SUPPLEMENTARY INFORMATION: Port Arthur LNG requests a short-term blanket authorization to export LNG that has been previously imported into the United States from foreign sources for a two-year period commencing "as early as practicable, but no later than October 1, 2026." Port Arthur LNG states that it will export the LNG from the Port Arthur LNG terminal in Jefferson County, Texas (Port Arthur LNG Terminal), to any country with the capacity to import LNG via ocean-going carrier and with which trade is not prohibited by U.S. law or policy. This includes both countries with which the United States has entered into a free trade agreement (FTA) requiring national treatment for trade in natural gas (FTA countries) and all other countries (non-FTA countries). This Notice applies only to the portion of the Application requesting authority to export the LNG to non-FTA countries pursuant to section 3(a) of the NGA, 15 U.S.C. 717b(a).

Port Arthur LNG states that it already holds long-term authorizations to export domestically produced LNG from the Port Arthur LNG Terminal, in Docket Nos. 15-53-LNG, 18-162-LNG, and 15-96-LNG. Port Arthur LNG states that, prior to commencing commercial operations under these authorizations, it "intends to use cooldown cargoes with imported, foreign-sourced LNG to pre-cool its liquefaction facilities during start-up." Port Arthur LNG notes that, "[a]fter the imported LNG completes the cooling process, Port Arthur LNG will 're-export' the LNG," and thus it "seeks authorization from DOE/HCEO to export the previously imported, foreign-sourced LNG used in its cooldown cargoes." Port Arthur LNG further states that it does not seek authorization to export domestically produced natural gas or LNG.

Port Arthur LNG requests this authorization on its own behalf and as agent for other entities that hold title to the LNG at the time of export. Additional details can be found in Port Arthur LNG's Application, posted on the DOE website at <https://www.energy.gov/sites/default/files/2026-05/Port%20Arthur%20Application%20for%20Blanket%20Authorization%20to%20Export%20Previously%20Imported%20LNG.pdf>.

DOE Evaluation
