Title of Collection: Veterans Upward Bound (VUB) Program Annual Performance Report.

OMB Control Number: 1840–0832.

Type of Review: Extension without change of a currently approved ICR.

Respondents/Affected Public: Private Sector; State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 62.

Total Estimated Number of Annual Burden Hours: 1,054.

Abstract: Veterans Upward Bound (VUB), one of the U.S. Department of Education's Upward Bound programs, is designed to motivate and assist veterans in developing academic and other requisite skills necessary for acceptance and success in a program of postsecondary education. The program provides assessment and enhancement of basic skills through counseling, mentoring, tutoring and academic instruction in the core subject areas. The primary goal of the program is to increase the rate at which participants enroll in and complete postsecondary education programs.

All Veterans Upward Bound projects must provide instruction in mathematics through pre-calculus, laboratory science, foreign language, composition, and literature. Projects may also provide short-term remedial or refresher courses for veterans who are high school graduates but have delayed pursuing postsecondary education. Projects are also expected to assist veterans in securing support services from other locally available resources such as the U.S. Department of Veterans Affairs, veterans' associations, and other state and local agencies that serve veterans.

The Department's annual performance report (APR) for VUB collects each current grantee's data at the participant level on services and performance over the course of a year. The Department uses the information conveyed in the performance report to assess a grantee's progress in meeting its approved goals and objectives and to evaluate a grantee's prior experience in accordance with the program regulations in 34 CFR 645.32. Grantees' annual performance reports also provide information on the outcomes of projects' work and of the VUB program as a whole. In addition, APR data allows the Department to respond to the reporting requirements of the Government Performance and Results Act.

Ross Santy,

Chief Data Officer, Office of Planning, Evaluation and Policy Development.
