**AGENCY:** Environmental Protection Agency (EPA).

**ACTION:** Notice of proposed consent decree; request for public comment.

**SUMMARY:** In accordance with the Clean Air Act, as amended (CAA or the Act), notice is given of a proposed consent decree in *Committee for a Better Arvin, et al. v. U.S. EPA, et al., No. 3:26-cv-00659-TLT*. On January 1, 2026, Plaintiffs Committee for a Better Arvin, Medical Advocates for Healthy Air and Sierra Club filed a complaint in the United States District Court for the Northern District of California, alleging that the Environmental Protection Agency (EPA) failed to perform certain non-discretionary duties in accordance with the Act to take final action on certain state implementation plan (SIP) revisions submitted by the State of California pertaining to the penalty fee program and contingency measure requirements for purposes of the 2008 and 2015 ozone national ambient air quality standards (NAAQS) in the San Joaquin Valley area. The EPA is providing notice of this proposed consent decree, which would resolve all claims in the case by establishing deadlines for the EPA to take final actions as specified in the decree.

**DATES:** Written comments on the proposed consent decree must be received by July 6, 2026.

**ADDRESSES:** Submit your comments, identified by Docket ID No. EPA-HQ-OGC-2026-2971, online at <https://www.regulations.gov> (EPA's preferred method). Follow the online instructions for submitting comments.

#### II. Additional Information About the Proposed Consent Decree

The proposed consent decree would establish deadlines for the EPA to take action pursuant to CAA section 110(k) on a SIP revision that includes the San Joaquin Valley Unified Air Pollution Control District's ("District's") Rules 3172 ("Federally Mandated Ozone Nonattainment Fee—2008 8-Hour Standard") and 3173 ("Federally Mandated Ozone Nonattainment Fee—2015 8-Hour Standard"), submitted by the State of California on March 13, 2024. District Rules 3172 and 3173 address the penalty fee program requirements for the San Joaquin Valley area for the 2008 and 2015 ozone NAAQS, respectively.

The proposed consent decree would also establish a deadline for the EPA to take action pursuant to CAA section

110(k) on a SIP revision titled “Ozone Contingency Measure State Implementation Plan Revision for the 2008 and 2015 8-Hour Ozone Standards” (“Ozone Contingency Measure Plan”), submitted by the State of California on April 29, 2024. The Ozone Contingency Measure Plan addresses the contingency measure requirements for the San Joaquin Valley area for the 2008 and 2015 ozone NAAQS.

The proposed consent decree would require the EPA to sign final rules taking action on the submissions of District Rules 3172 and 3173 and the Ozone Contingency Measure Plan by September 30, 2026. In all instances, the proposed consent decree would require the EPA, within 15 business days of signature, to send the required final rules to the Office of the Federal Register for review and publication in the **Federal Register**.

In accordance with section 113(g) of the CAA, for a period of thirty (30) days following the date of publication of this document, the Agency will accept written comments relating to the proposed consent decree. The EPA or the Department of Justice may withdraw or withhold consent to the proposed consent decree if the comments disclose facts or considerations that indicate that such consent is inappropriate, improper, inadequate, or inconsistent with the requirements of the Act.

### SUPPLEMENTARY INFORMATION:

#### I. Does this notice apply to me?

This notice affects the owners or operators of PCB commercial storage facilities and owners or operators of PCB disposal facilities (including an owner or operator who disposes of their own waste and does not receive or generate manifests) that are subject to the PCB annual reports requirements under 40 CFR 761.180(b)(3) and hold (or obtain) a RCRA-issued EPA ID. EPA encourages these regulated parties to submit PCB annual reports by filling out the online form to RCRAInfo in lieu of postal mail or email submissions. RCRAInfo does not currently support submissions by PCB facilities that hold a Toxic Substances Control Act (TSCA) issued EPA ID. However, EPA intends to update RCRAInfo so that it can support submissions by PCB facilities that hold a TSCA-issued EPA ID in the future.

Any owner or operator of PCB commercial storage facilities or PCB disposal facilities (including any owner or operator who disposes of their own waste and does not receive or generate manifests) who holds a RCRA-issued EPA ID can register as an industry user in RCRAInfo to electronically prepare and submit PCB Annual Reports. RCRAInfo does not currently support submissions by PCB facilities that hold a TSCA-issued EPA ID. If such facilities do not wish to obtain a RCRA-issued EPA ID, those facilities can continue to submit the PCB Annual Report via postal mail and email while EPA is integrating TSCA-issued EPA IDs into RCRAInfo.
