

DATES: The land use planning process described in the NOI is discontinued as of the date of publication of this notice in the **Federal Register**.

FOR FURTHER INFORMATION CONTACT: Irma Nansel, Planning and Environmental Coordinator, Miles City Field Office, telephone: (406) 233-3653; email: inansel@blm.gov; address: 111 Garryowen Road, Miles City, MT 59301. Individuals in the United States who are deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services for contacting Ms. Nansel. Individuals outside the United States should use the relay services offered within their country to make international calls to the point-of-contact in the United States.

SUPPLEMENTARY INFORMATION: In accordance with the National Environmental Policy Act of 1969 (NEPA), as well as 43 CFR 1610.2(c), the BLM on July 8, 2025, published an NOI in the **Federal Register** announcing that it planned to prepare an EA, and have a concurrent public-scoping period, on the proposed analysis (90 FR 30092). To preserve agency resources, and in consideration of subsequent legislative and Secretarial actions, the BLM is now discontinuing this planning and NEPA process.

On December 11, 2025, in accordance with the Congressional Review Act (CRA), 5 U.S.C. 801-808, the President signed a joint resolution into law disapproving the November 2024 Miles City Field Office Resource Management Plan Amendment. Public Law 119-48. A rule nullified under the CRA must be treated as though it never took effect. As such, the 2024 RMP Amendment, including the coal-allocation decision the BLM announced as a preliminary alternative in the NOI, should be treated as though it never took effect and the 2015 Miles City Field Office Resource Management Plan, as amended in January 2021 and as otherwise amended, except as by the disapproved amendment, is now in effect for the Miles City Planning Area.

The BLM has also maintained the 2015 Miles City Field Office Resource Management Plan, as amended in January 2021, to reflect the Secretary of the Interior's action pursuant to section 50203 of the One Big Beautiful Bill Act (OBBA) (Pub. L. 119-21 (2025)). See 90 FR 47813 (Oct. 2, 2025). The Secretary of the Interior implemented section 50203 of the OBBA by, in part, making 6,859,330 BLM-administered coal acres available for further consideration for coal leasing in the Miles City Field

Office. The acreage made available in the 2021 Record of Decision/Approved RMP Amendment was maintained with the acres made available pursuant to section 50203 of the OBBA, resulting in an allocation of 6,989,390 BLM-administered coal acres available for further consideration for leasing.

While the BLM does not intend to issue a Proposed Plan Amendment/Final EA or a Decision Record for this planning process, it will continue to work with cooperating agencies and stakeholders in the implementation of the existing land use plans.

Abstract of Information Available

A total of 45 cultural items have been requested for repatriation. The 45 unassociated funerary objects are ceramic pots, bowls, and jars.

The Alabama Museum of Natural History, University of Alabama, removed ancestral remains and cultural objects from Mississippi County, AR in 1932 and 1933 through archaeological excavations at Nodena and Pecan Point sites under Director Walter B. Jones. Additional objects from the region entered the Alabama Museum of Natural History collection throughout the 1930s, as ceramics were sold to the museum by collectors Luther E. Jones and Harry Payne. In 1935, Lena Garth purchased 44 Mississippi County, AR ceramics from this collection at the Alabama Museum of Natural History. Garth immediately donated the objects to Dartmouth College Museum in the name of her grandson, a Dartmouth student.

A total of one object, from Mississippi County, AR, was purchased by Frank Proctor from an unknown source in 1900. Proctor gave the vessel to his nephew, Alexis Chapman Proctor, who donated it to Dartmouth's collection in 1967.

Determinations

The Hood Museum of Art has determined that:

- The 45 unassociated funerary objects described in this notice are reasonably believed to have been placed intentionally with or near human remains, and are connected, either at the time of death or later as part of the death rite or ceremony of a Native American culture according to the Native American traditional knowledge of a lineal descendant, Indian Tribe, or Native Hawaiian organization. The unassociated funerary objects have been identified by a preponderance of the evidence as related to human remains, specific individuals, or families, or removed from a specific burial site or burial area of an individual or individuals with cultural affiliation to an Indian Tribe or Native Hawaiian organization.

- There is a connection between the cultural items described in this notice and the Quapaw Nation.

Requests for Repatriation

Additional, written requests for repatriation of the cultural items in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for

repatriation may be submitted by any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the cultural items in this notice to a requestor may occur on or after July 6, 2026. If competing requests for repatriation are received, the Hood Museum must determine the most appropriate requestor prior to repatriation. Requests for joint repatriation of the cultural items are considered a single request and not competing requests. The Hood Museum of Art is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice and to any other consulting parties.
