[B–55–2026]

Foreign-Trade Zone (FTZ) 129, Notification of Proposed Production Activity; Corvus Energy USA Ltd.; (Maritime Battery Equipment); Bellingham, Washington

Corvus Energy USA Ltd. submitted a notification of proposed production activity to the FTZ Board (the Board) for its facility in Bellingham, Washington within Subzone 129C. The notification conforming to the requirements of the Board's regulations (15 CFR 400.22) was received on May 29, 2026.

Pursuant to 15 CFR 400.14(b), FTZ production activity would be limited to the specific foreign-status material(s)/ component(s) and specific finished product(s) described in the submitted notification (summarized below) and subsequently authorized by the Board. The benefits that may stem from conducting production activity under FTZ procedures are explained in the background section of the Board's website—accessible via www.trade.gov/ftz.

The proposed finished products include: energy storage systems (duty rate is 3.4%).

The proposed foreign-status materials/components include: stainless steel snap rings, steel compression springs, aluminum end plates, aluminum enclosure weldment, printed circuit boards (duty rates range from duty-free to 2.5%).

The request indicates that certain materials/components are subject to duties under section 122 of the Trade Act of 1974 (Section 122) and section 301 of the Trade Act of 1974 (section 301), depending on the country of origin. The applicable section 122 and section 301 decisions require subject merchandise to be admitted to FTZs in privileged foreign (PF) status (19 CFR 146.41). The request also indicates that aluminum end plate and aluminum enclosure weldment are subject to an antidumping/countervailing duty (AD/CVD) order/investigation if imported from China. The Board's regulations (15 CFR 400.13(c)(2)) require that merchandise subject to AD/CVD orders, or items which would be otherwise subject to suspension of liquidation under AD/CVD procedures if they entered U.S. customs territory, be admitted to the zone in PF status (19 CFR 146.41).

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive

Secretary and sent to: ftz@trade.gov. The closing period for their receipt is July 14, 2026.

A copy of the notification will be available for public inspection in the "Online FTZ Information System" section of the Board's website.

indicating that there were no reviewable entries of subject merchandise during the POR based on a U.S. Customs and Border Protection (CBP) entry data query.⁵ Further, on December 11, 2025, we notified interested parties of our intent to rescind this administrative review due to a lack of suspended entries.⁶ Interested parties submitted comments on Commerce's notice of intent to rescind this review.⁷

Analysis of Comments Received

Commerce addressed the issues raised in parties' comments on Commerce's notice of intent to rescind this review in the accompanying Issues and Decision Memorandum. The issues are identified in the appendix to this notice.

Rescission of Administrative Review

Pursuant to 19 CFR 351.213(d)(3), it is Commerce's practice to rescind an administrative review of an antidumping duty order where it concludes there were no suspended entries of subject merchandise during the POR for an exporter or producer. Normally, upon completion of an administrative review, the suspended entries are liquidated at the antidumping duty assessment rate(s) based on the final results for the review period. Therefore, for an administrative review to be conducted, there must be a suspended entry that Commerce can instruct U.S. Customs and Border Protection to liquidate at the calculated antidumping duty assessment rate for the review period. As explained in detail in the Issues and Decision Memorandum, there were no suspended entries of subject merchandise from Tanghenam during the POR. Accordingly, in the absence of suspended entries of subject merchandise during the POR, we are rescinding this administrative review in accordance with 19 CFR 351.213(d)(3).

Cash Deposit Requirements

As Commerce is rescinding this administrative review, cash deposit rates will not change. Accordingly, the current cash deposit requirements shall remain in effect until further notice.

Assessment

Commerce will instruct CBP to assess antidumping duties on all appropriate entries of subject merchandise. Antidumping duties shall be assessed at rates equal to the cash deposit rate of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of

publication of this rescission notice in the **Federal Register**.

Notification Regarding Administrative Protective Order (APO)

This notice serves as a final reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of the APO materials, or conversion to judicial protective order is hereby requested. Failure to comply with regulations and terms of an APO is a violation, which is subject to sanction.

Notification to Interested Parties

This notice is published in accordance with section 751 of the Act and 19 CFR 351.213(d)(4).

Dated: May 28, 2026.
