Due to the lapse in appropriations and Federal Government shutdown, on November 14, 2025, Commerce tolled all deadlines in administrative proceedings by 47 days.⁸ Additionally, due to workflow delays and outages experienced by Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS), on November 24, 2025, Commerce tolled all deadlines in administrative proceedings by 21 days.⁹ On February 9, 2026, Commerce extended the deadline for issuing the preliminary results by 110 days.¹⁰ Accordingly, the deadline for these results is now May 28, 2026.

For a complete description of the events that followed the initiation of this review, see the Issues and Decision Memorandum.¹¹ A list of the topics discussed in the Issues and Decision Memorandum is attached as an appendix to this notice. Analysis of Comments Received

Commerce addressed the issues raised in parties' comments on Commerce's notice of intent to rescind this review in the accompanying Issues and Decision Memorandum. The issues are identified in the appendix to this notice.

Rescission of Administrative Review

Pursuant to 19 CFR 351.213(d)(3), it is Commerce's practice to rescind an administrative review of an antidumping duty order where it concludes there were no suspended entries of subject merchandise during the POR for an exporter or producer. Normally, upon completion of an administrative review, the suspended entries are liquidated at the antidumping duty assessment rate(s) based on the final results for the review period. Therefore, for an administrative review to be conducted, there must be a suspended entry that Commerce can instruct U.S. Customs and Border Protection to liquidate at the calculated antidumping duty assessment rate for the review period. As explained in detail in the Issues and Decision Memorandum, there were no suspended entries of subject merchandise from Tanghenam during the POR. Accordingly, in the absence of suspended entries of subject merchandise during the POR, we are rescinding this administrative review in accordance with 19 CFR 351.213(d)(3).

Cash Deposit Requirements

As Commerce is rescinding this administrative review, cash deposit rates will not change. Accordingly, the current cash deposit requirements shall remain in effect until further notice.

Assessment

Commerce will instruct CBP to assess antidumping duties on all appropriate entries of subject merchandise. Antidumping duties shall be assessed at rates equal to the cash deposit rate of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of

publication of this rescission notice in the **Federal Register**.

SUPPLEMENTARY INFORMATION:

Background

On December 8, 1978, the U.S. Treasury Department published the *Finding* on Japan in the **Federal Register**.¹ On January 28, 2004 Commerce published in the **Federal Register** the *AD Orders* on PC strand from Brazil, India, Mexico, Korea, and Thailand.² On February 4, 2004, Commerce published in the **Federal Register** the *CVD Order* on PC strand from India.³

On October 1, 2025, the ITC instituted,⁴ and on October 3, 2025, Commerce initiated,⁵ the fourth and sixth sunset review of the *Finding*, *AD Orders*, and *CVD Order* (collectively, the *Orders*), pursuant to section 751(c)

of the Tariff Act of 1930, as amended (the Act). As a result of its reviews, Commerce determined that revocation of the *Orders* would likely lead to the continuation or recurrence of dumping and countervailable subsidies, and therefore, notified the ITC of the magnitude of the margins of dumping and subsidy rates likely to prevail should the *Orders* be revoked.⁶

On June 2, 2026, the ITC published its determination, pursuant to sections 751(c) and 752(a) of the Act, that revocation of the *Orders* would likely lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time.⁷

Scope of the Orders

The merchandise subject to this *Order* is prestressed concrete steel wire strand (PC strand), which is steel strand produced from wire of non-stainless, non-galvanized steel, which is suitable for use in prestressed concrete (both pre-tensioned and post-tensioned) applications. The product definition encompasses covered and uncovered strand and all types, grades, and diameters of PC strand.

The merchandise under the *Orders* is currently classifiable under subheadings 7312.10.3010 and 7312.10.3012 of the Harmonized Tariff Schedule of the United States (HTSUS). Although HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise is dispositive.

Continuation of the Orders

As a result of the determinations by Commerce and the ITC that revocation of the *Orders* would likely lead to continuation or recurrence of dumping, countervailable subsidies, and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act, Commerce hereby orders the continuation of the *Orders*. U.S. Customs and Border Protection will continue to collect AD and CVD cash

deposits at the rates in effect at the time of entry for all imports of subject merchandise.

The effective date of the continuation of the *Orders* will be June 2, 2026.⁸ Pursuant to section 751(c)(2) of the Act and 19 CFR 351.218(c)(2), Commerce intends to initiate the next five-year reviews of the *Orders* not later than 30 days prior to fifth anniversary of the date of the last determination by the ITC.

Administrative Protective Order (APO)

This notice also serves as a final reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

These five-year (sunset) reviews and this notice are in accordance with sections 751(c) and 751(d)(2) of the Act and published in accordance with section 777(i) of the Act, and 19 CFR 351.218(f)(4).

Dated: June 2, 2026.
