

programs of the State and the Commission for: (a) protection against hazards of radiation; and (b) to assure that Commission and State programs for protection against the hazards of radiation are coordinated and compatible.

The State agrees to cooperate with the Commission and other Agreement States in the formulation of standards and regulatory programs of the State and the Commission for: (a) protection against the hazards of radiation; and (b) to assure that the State's program will continue to be compatible with the program of the Commission for the regulation of materials covered by this Agreement.

The State and the Commission agree to keep each other informed of proposed changes in their respective rules and regulations, and to provide each other the opportunity for early and substantive contribution to the proposed changes.

The State and the Commission agree to keep each other informed of events, accidents, and licensee performance that may have generic implication or otherwise be of regulatory interest.

#### Article VII

The Commission and the State agree that it is desirable to provide reciprocal recognition of licenses for the materials listed in Article I licensed by the other party or by any other Agreement State.

Accordingly, the Commission and the State agree to develop appropriate rules, regulations, and procedures by which reciprocity will be accorded.

#### Article VIII

The Commission, upon its own initiative after reasonable notice and opportunity for hearing to the State, or upon request of the Governor of Indiana, may terminate or suspend all or part of this Agreement and reassert the licensing and regulatory authority vested in it under the Act, if the Commission finds that (1) such termination or suspension is required to protect the public health and safety, or (2) the State has not complied with one or more of the requirements of Section 274 of the Act. Pursuant to Section 274j. of the Act, the Commission may, after notifying the Governor, temporarily suspend all or part of this Agreement without notice or hearing if, in the judgment of the Commission, an emergency situation exists with respect to any material covered by this agreement creating danger which requires immediate action to protect the health and safety of persons either within or outside the State and the State has failed to take steps necessary to contain or eliminate the cause of danger within a reasonable time after the situation arose. The Commission shall periodically review actions taken by the State under this Agreement to ensure compliance with Section 274 of the Act, which requires a State program to be adequate to protect the public health and safety with respect to the materials covered by this Agreement and to be compatible with the Commission's program.

#### Article IX

This Agreement shall become effective on XXXXXXXX, 2026, and shall remain in effect unless and until such time as it is terminated pursuant to Article VIII.

Executed at Indianapolis, Indiana, this [date] day of [month], 2026.

For the United States Nuclear Regulatory Commission.

Ho K. Nieh,  
Chairman of the U.S. Nuclear Regulatory Commission.

For the State of Indiana.

Michael Braun,  
Governor of Indiana.

## NUCLEAR REGULATORY COMMISSION

[NRC-2024-0036]

### Draft Regulatory Guide: Preparing Probabilistic Fracture Mechanics Submittals

**AGENCY:** Nuclear Regulatory Commission.

**ACTION:** Notice; discontinuation.

**SUMMARY:** The U.S. Nuclear Regulatory Commission (NRC) is discontinuing Draft Regulatory Guide (DG) DG-1422, "Preparing Probabilistic Fracture Mechanics Submittals." DG-1422 is being discontinued because the proposed guidance does not provide the clarity sought by the NRC staff for preparing regulatory applications using
