#### SUPPLEMENTARY INFORMATION:

##### Background

On August 29, 2025, we published a proposed rule (90 FR 42151) to list the southern hognose snake as a threatened species with protective regulations under section 4(d) of the Act (16 U.S.C. 1531 *et seq.*). The proposed rule opened a 60-day public comment period, ending on October 28, 2025. During the open comment period, we received a request for a public hearing on the proposed rule. Therefore, we are reopening the comment period on the proposal and announcing a public hearing (see **DATES**, above) to allow the public an additional opportunity to provide comments on the proposed rule for the southern hognose snake.

For a description of previous Federal actions concerning the southern hognose snake and more information on the types of comments that would be helpful to us in promulgating this rulemaking action, please refer to the August 29, 2025, proposed rule (90 FR 42151).

##### Public Hearing

We are holding a public hearing to accept comments on our August 29, 2025, proposed rule (90 FR 42151) on the date and at the time listed above in **DATES**. We are holding the public hearing via the Zoom online video platform and via teleconference so that participants can attend remotely. For security purposes, registration is required. All participants must register in order to listen and view the hearing via Zoom, listen to the hearing by telephone, or provide oral public comments at the hearing by Zoom or telephone. For information on how to register, or if you encounter technical problems joining Zoom on the day of the hearing, visit [https://empsi.zoom.us/webinar/register/WN\\_NGVA5rxMRtG1jvFUWX9DQg](https://empsi.zoom.us/webinar/register/WN_NGVA5rxMRtG1jvFUWX9DQg).

Registrants will receive the Zoom link and the telephone number for the public hearing. If applicable, interested members of the public not familiar with the Zoom platform should view the Zoom video tutorials (<https://support.zoom.us/hc/en-us/articles/206618765-Zoom-video-tutorials>) prior to the public hearing.

The public hearing will provide interested parties an opportunity to present verbal testimony (formal, oral

comments) regarding the August 29, 2025, proposed rule to list the southern hognose snake as a threatened species with protective regulations under section 4(d) of the Act (90 FR 42151). The public hearing will not be an opportunity for dialogue with the Service but rather a forum for accepting formal verbal testimony. In the event there is a large attendance, the time allotted for oral statements may be limited. Therefore, anyone wishing to make an oral statement at the public hearing for the record is encouraged to provide a prepared written copy of their statement to us through the Federal eRulemaking Portal or U.S. mail (see **ADDRESSES**, above). There are no limits on the length of written comments submitted to us. Anyone wishing to make an oral statement at the public hearing must register at [https://empsi.zoom.us/webinar/register/WN\\_NGVA5rxMRtG1jvFUWX9DQg#/  
registration](https://empsi.zoom.us/webinar/register/WN_NGVA5rxMRtG1jvFUWX9DQg#/) before the hearing. The use of a virtual public hearing is consistent with our regulations at 50 CFR 424.16(c)(3).

##### Reasonable Accommodation

The Service is committed to providing access to the public hearing for all participants. Closed captioning will be available during the public hearing. Further, a full audio and video recording and transcript of the public hearing will be posted online at <https://www.fws.gov/event/virtual-public-hearing-proposed-listing-southern-hognose-snake> after the hearing. Participants will also have access to live audio during the public hearing via their telephone or computer speakers. Persons with disabilities requiring reasonable accommodations to participate in the hearing should contact the person listed under **FOR FURTHER INFORMATION CONTACT** at least 5 business days prior to the date of the hearing (see **DATES**, above) to help ensure availability.

##### Public Comments

If you already submitted comments or information on the August 29, 2025, proposed rule (90 FR 42151), please do not resubmit them. Any such comments are incorporated as part of the public record of the rulemaking proceeding, and we will fully consider them in preparation for our final determination.

Comments should be as specific as possible. Please include supplemental information with your submission (such as scientific journal articles or other publications) to allow us to verify any scientific or commercial information

you include. Please note that submissions merely stating support for, or opposition to, the action under consideration without providing supporting information, although noted, do not provide substantial information necessary to support a determination. Section 4(b)(1)(A) of the Act directs that determinations as to whether any species is an endangered or a threatened species must be made solely on the basis of the best scientific and commercial data available.

You may submit your comments and materials by one of the methods listed in **ADDRESSES**. We request that you send comments only by the methods described in **ADDRESSES**.

If you submit information via <https://www.regulations.gov>, your entire submission—including your personal identifying information—will be posted on the website. If your submission is made via a hardcopy that includes personal identifying information, you may request at the top of your document that we withhold this information from public review. However, we cannot guarantee that we will be able to do so. We will post all hardcopy submissions on <https://www.regulations.gov>.

Comments and materials we receive, as well as supporting documentation we used in preparing the August 29, 2025, proposed rule (90 FR 42151), will be available for public inspection on <https://www.regulations.gov>.

Our final determination may differ from the August 29, 2025, proposed rule (90 FR 42151) because we will consider all comments we receive during the comment period as well as any information that may become available after the proposed rule published. Based on the new information we receive (and, if relevant, any comments on that new information), we may conclude that the species is endangered instead of threatened, or we may conclude that the species does not warrant listing as either an endangered species or a threatened species. In our final rule, we will clearly explain our rationale and the basis for our final decision, including why we made changes, if any, that differ from the August 29, 2025, proposed rule (90 FR 42151).

##### Authority

The authority for this action is the Endangered Species Act of 1973, as amended (16 U.S.C. 1531 *et seq.*).
