SUPPLEMENTARY INFORMATION: We, the Fish and Wildlife Service (Service), announce receipt of nine applications under the approved GCP for the ABM (*Peromyscus polionotus ammobates*) from Chris Prantl, Dan Higdon, Elite South Alabama Vacation Rental Series LLC, John Davidson Properties LLC, Johnathon Lazzarino, Phouc Nguyen, RBM Homes LLC, Silver Davis LLC, and Willie and Sheri Payne for nine separate ITPs—also known as a section 10(a)(1)(B) permit—under the Endangered Species Act, as amended (ESA; 16 U.S.C. 1531 *et seq.*). The ABM GCP was approved March 28, 2012. An environmental impact statement and record of decision for the GCP was approved at the same time.

A GCP is a mechanism that meets the definition of a conservation plan in section 10(a)(1)(B) of the ESA and enables the construct of a programmatic permitting and conservation process to address a defined suite of proposed activities over a defined planning area.

We certify that each application is statutorily complete and includes the necessary information to enroll in the GCP. We have no evidence that the applicant would be disqualified pursuant to 50 CFR 13.21.

Each applicant requests an ITP to take ABM, incidental to construction in Baldwin County, Alabama. We request comment from the public and local, State, Tribal, and Federal agencies on each application, which includes the applicants' HCPs, and on the Service's preliminary determination that the proposed ITP qualifies under the ABM GCP and Final Environmental Impact Statement (FEIS) published on March 28, 2012 (77 FR 18857).

Our Preliminary Determination

The Service has made a preliminary determination that reasonably foreseeable effects of the applicants' proposed projects, including the construction of the residential development and associated

infrastructure (e.g., electric, water, sewer lines, driveways), would individually and cumulatively have a minor effect on ABM and the human environment. Reasonably foreseeable effects encompass effects of implementation of the action along with other past, present, and reasonably foreseeable future effects. Therefore, we have then made a preliminary determination that each proposed ESA section 10(a)(1)(B) permit would meet the requirements of the GCP and FEIS.

Next Steps

The Service will evaluate each application and any comments received as a result of this notice to determine whether to issue the requested ITPs. We will also conduct an intra-Service consultation pursuant to section 7 of the ESA to evaluate the effects of the proposed take. After considering the preceding and other matters, we will determine whether the permit issuance criteria of section 10(a)(1)(B) of the ESA have been met. If met, the Service will issue:

- ITP number PER28008529 to Chris Prantl,
- ITP number PER26823969 to Dan Higdon,
- ITP number PER26823534 to Elite South Alabama Vacation Series LLC,
- ITP number PER27847814 to John Davidson Properties LLC,
