Acetone From the Republic of Korea: Final Results of Antidumping Duty Administrative Review; 2024-2025

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that Kumho P&B Chemicals, Inc. (KPB), a producer/exporter subject to this administrative review, made sales of acetone from the Republic of Korea (Korea) at less than normal value during the period of review (POR) March 1, 2024, through February 28, 2025.

DATES: Applicable June 9, 2026.

FOR FURTHER INFORMATION CONTACT: Toni Page, AD/CVD Operations, Office VII, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-1398.

SUPPLEMENTARY INFORMATION:

Background

On February 13, 2026, Commerce published the preliminary results and partial rescission of this administrative review in the **Federal Register** and invited interested parties to comment.¹ We received no comments from interested parties on the *Preliminary Results* and we made no changes to the *Preliminary Results*. Accordingly, no decision memorandum accompanies this notice, and the *Preliminary Results* are hereby adopted as these final results. The deadline for these final results is June 15, 2026. Commerce conducted this administrative review in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order²

The merchandise covered by the *Order* is all grades of liquid or aqueous acetone. For a full description of the *Order*, see the *Preliminary Results PDM*.

Final Results of Review

Commerce determines that the following estimated weighted-average dumping margin exists for the period March 1, 2024, through February 28, 2025:

Exporter/producer	Weighted-average dumping margin (percent)
Kumho P&B Chemicals, Inc.	1.43

Disclosure

Normally, Commerce discloses to interested parties the calculations of the final results of an administrative review within five days of a public announcement or, if there is no public announcement, within five days of the date of publication of the final results in the **Federal Register**, in accordance with 19 CFR 351.224(b). However, because

we have made no changes to the *Preliminary Results*, there are no new calculations to disclose.

Assessment Rates

Upon completion of the final results of this administrative review, pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b), Commerce shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise covered by this review.³ If a respondent's weighted-average dumping margin is not zero or *de minimis* (*i.e.*, less than 0.50 percent) in the final results of this review, we calculate an importer-specific assessment rate based on the ratio of the total amount of dumping calculated for each importer's examined sales and the total entered value of the sales in accordance with 19 CFR 351.212(b)(1).⁴ If the respondent's weighted-average dumping margin or an importer-specific assessment rate is zero or *de minimis* in the final results of this review, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.⁵

Commerce's "automatic assessment" practice will apply to entries of subject merchandise during the POR produced by KPB for which it did not know that the merchandise it sold to an intermediary (*e.g.*, a reseller, trading company, or exporter) was destined for the United States. In such instances, we will instruct CBP to liquidate those entries at the all-others rate (*i.e.*, 33.10 percent),⁶ if there is no rate for the intermediate company(ies) involved in the transaction.⁷

The final results of this administrative review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.⁸ Commerce intends to issue assessment instructions regarding KPB to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP

not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired, *i.e.*, within 90 days of publication.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication in the **Federal Register** of the notice of the final results of this administrative review for all shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of this notice as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the individually examined respondents listed above will be that established in the final results of this administrative review, except if the rate is less than 0.50 percent and, therefore, *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for previously reviewed or investigated companies not participating in this review, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding in which the producer or exporter participated; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the producer is, the cash deposit rate will be the rate established for the most recently completed segment of this proceeding for the producer of the subject merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be the all-others rate established in the less-than-fair-value investigation (*i.e.*, 33.10 percent).⁹ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order (APO)

This notice also serves as a reminder to parties subject to an APO of their responsibility concerning the return or

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public workshops.

SUMMARY: Free Atlantic Shark Identification Workshops and Safe Handling, Release, and Identification Workshops will be held in July, August, and September of 2026. Certain fishermen and shark dealers are required to attend a workshop to meet regulatory requirements and to maintain valid permits. Specifically, the Atlantic Shark Identification Workshop is mandatory for all federally permitted Atlantic shark dealers. The Safe Handling, Release, and Identification Workshop is mandatory for vessel owners and operators who use bottom longline, pelagic longline, or gillnet gear, and who have also been issued shark or swordfish limited access permits. Additional free workshops will be conducted in 2026 and will be announced in a future notice. In addition, NMFS has implemented online recertification workshops for

persons who have already taken an in-person training.

DATES: The Atlantic Shark Identification Workshops will be held on July 13, 2026 and September 2, 2026. The Safe Handling, Release, and Identification Workshops will be held on July 1, 2026, August 17, 2026, and September 16, 2026.

ADDRESSES: The Atlantic Shark Identification Workshops will be held in Dania Beach, FL and Manahawkin, NJ. The Safe Handling, Release, and Identification Workshops will be held in Ocean City, MD, Vero Beach, FL, and Kenner, LA.

FOR FURTHER INFORMATION CONTACT: Anna Quintrell by email at anna.quintrell@noaa.gov or by phone at 301-427-8503.

SUPPLEMENTARY INFORMATION: Atlantic highly migratory species (HMS) fisheries (swordfish, sharks, tunas, and billfish) are managed under the 2006 Consolidated HMS Fishery Management Plan (FMP) and its amendments pursuant to the authority of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act; 16 U.S.C. 1801 *et seq.*) and consistent with the Atlantic Tunas Convention Act (16 U.S.C. 971 *et seq.*). HMS implementing regulations are at 50 CFR part 635. Section 635.8 describes the requirements for the Atlantic Shark Identification Workshops and Safe Handling, Release, and Identification Workshops. The workshop schedules, registration information, and a list of frequently asked questions regarding the Atlantic Shark Identification and Safe Handling, Release, and Identification workshops are available online at: <https://www.fisheries.noaa.gov/atlantic-highly-migratory-species/atlantic-shark-identification-workshops> and <https://www.fisheries.noaa.gov/atlantic-highly-migratory-species/safe-handling-release-and-identification-workshops>.

Atlantic Shark Identification Workshops

Since January 1, 2008, Atlantic shark dealers have been prohibited from receiving, purchasing, trading, or bartering for Atlantic sharks unless a valid Atlantic Shark Identification Workshop certificate is on the premises of each business listed under the shark dealer permit that first receives Atlantic sharks (71 FR 58057, October 2, 2006). Dealers who attend and successfully complete a workshop are issued a certificate for each place of business that is permitted to receive sharks. These certificate(s) are valid for 3 years. Thus,

certificates that were initially issued in 2023 will expire in 2026.

Currently, permitted dealers may send a proxy to an Atlantic Shark Identification Workshop. However, if a dealer opts to send a proxy, the dealer must designate a proxy for each place of business covered by the dealer's permit that first receives Atlantic sharks. Only one certificate will be issued to each proxy. A proxy must be a person who is currently employed by a place of business covered by the dealer's permit; is a primary participant in the identification, weighing, and/or first receipt of fish as they are offloaded from a vessel; and who fills out dealer reports. Atlantic shark dealers are prohibited from renewing a Federal shark dealer permit unless a valid Atlantic Shark Identification Workshop certificate for each business location that first receives Atlantic sharks has been submitted with the permit renewal application. Additionally, a copy of a valid dealer or proxy Atlantic Shark Identification Workshop certificate must be in any trucks or other conveyances that are extensions of a dealer's place of business.
