SUPPLEMENTARY INFORMATION:**I. Background**

The Department of Labor, as part of the continuing effort to reduce paperwork and respondent (*i.e.*, employer) burden, conducts a preclearance consultation program to provide the public with an opportunity to comment on proposed and continuing information collection requirements in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)). This program ensures that information is in the desired format, reporting burden (time and costs) is minimal, the collection instruments are clearly understood, and OSHA's estimate of the information collection burden is accurate. The Occupational Safety and Health Act of 1970 (OSH Act) (29 U.S.C. 651 *et seq.*) authorizes information collection by employers as necessary or appropriate for enforcement of the OSH Act or for developing information regarding the causes and prevention of occupational injuries, illnesses, and accidents (29 U.S.C. 657). The OSH Act also requires that OSHA obtain such information with minimum burden upon employers, especially those operating small businesses, and to reduce to the maximum extent feasible unnecessary duplication of effort in obtaining information (29 U.S.C. 657).

The following sections describe who uses the information collected under each requirement, as well as how they use it. Consistent with the authority of Section 21 of the OSH Act, the Agency created two educational programs, the OSHA Training Institute (OTI) Education Centers Program and the OSHA Outreach Training Program (Outreach).

To be a participant in the OTI Education Centers Programs or the Outreach Training Program, an individual/organization must provide the Agency with certain information.

The requested information is necessary to evaluate the applicant organization and to implement, oversee, and monitor the OTI Education Centers and Outreach Training Programs, courses and trainers. The 11 collection of information requirements are listed below.

A. Application to become an OSHA Training Institute Education Center (OTI Education Center).

B. OTI Education Centers Monthly Summary Report for the OTI Education Centers and the Outreach Training Program Monthly Summary Report;

C. Statement of Compliance with Outreach Training Program Requirements;

D. Outreach Training Program Report Forms (includes Construction, General Industry, Maritime, and Disaster Site);

E. Online Outreach Training Program Report;

F. Active Trainer List;

G. OSHA Training Institute Student Survey (OSHA Form 49 11 05 Edition) (OMB 1225–0059) (Attachment I, OSHA Form 49 11–05 Edition).

H. Attendance Documentation for OTI Education Centers;

I. Outreach Online Training Certification Statement

J. Instructor and Staff Resumes (this includes anyone who may be assigned to conduct OSHA classes, contractor, subcontractor, employee, adjunct professor, *etc.*);

K. Course Material upon Request by OSHA from OTI Education Centers

II. Special Issues for Comment

OSHA has a particular interest in comments on the following issues:

- Whether the proposed information collection requirements are necessary for the proper performance of the agency's functions to protect workers, including whether the information is useful;

- The accuracy of OSHA's estimate of the burden (time and costs) of the information collection requirements, including the validity of the methodology and assumptions used;

- The quality, utility, and clarity of the information collected; and

- Ways to minimize the burden on employers who must comply; for example, by using automated or other technological information, and transmission techniques.

III. Proposed Actions

OSHA is requesting that OMB extend the approval of the information collection requirements contained in OSHA Outreach Training Program and the OSHA Training Institute Education Centers Program Forms. The agency is seeking an adjustment decrease in burden going from 16,377 to 16,362 hours, a difference of 15 hours. This decrease is due to a decrease in the amount of Training Coordinators and a decrease in the amount of Education Centers.

OSHA will summarize the comments submitted in response to this notice and will include this summary in the request to OMB to extend the approval of the information collection requirements.

Type of Review: Extension of a currently approved collection.

SUPPLEMENTARY INFORMATION:

I. Background

The Office of Workers' Compensation Programs (OWCP) administers the Longshore and Harbor Workers' Compensation Act (LHWCA). LHWCA provides benefits to workers injured in maritime employment on the navigable waters of the United States or in an adjoining area customarily used by an employer in loading, unloading, repairing, or building a vessel. In addition, several Acts extend the
