

challenge the Commission's orders in the U.S. Circuit Courts of Appeal.

To intervene, you must submit a motion to intervene to the Commission in accordance with Rule 214 of the Commission's Rules of Practice and Procedure⁷ and the regulations under the NGA⁸ by the intervention deadline for the project, which is 5:00 p.m. Eastern Time on June 26, 2026. As described further in Rule 214, your motion to intervene must state, to the extent known, your position regarding the proceeding, as well as your interest in the proceeding. For an individual, this could include your status as a landowner, ratepayer, resident of an impacted community, or recreationist. You do not need to have property directly impacted by the project in order to intervene. For more information about motions to intervene, refer to the FERC website at <https://www.ferc.gov/resources/guides/how-to/intervene.asp>.

There are two ways to submit your motion to intervene. In both instances, please reference the Project docket number CP26-527-000 in your submission.

(1) You may file your motion to intervene by using the Commission's eFiling feature, which is located on the Commission's website (www.ferc.gov) under the link to Documents and Filings. New eFiling users must first create an account by clicking on "eRegister." You will be asked to select the type of filing you are making; first select "General" and then select "Intervention." The eFiling feature includes a document-less intervention option; for more information, visit <https://www.ferc.gov/docs-filing/efiling/document-less-intervention.pdf>; or

(2) You can file a paper copy of your motion to intervene, along with three copies, by mailing the documents to the address below. Your motion to intervene must reference the Project docket number CP26-527-000.

To file via USPS: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

To file via any other courier: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852.

The Commission encourages electronic filing of motions to intervene (option 1 above) and has eFiling staff available to assist you at (202) 502-8258 or FercOnlineSupport@ferc.gov.

Protests and motions to intervene must be served on the applicant either

by mail at: LaShawndra R. Proctor, Manager, Project Authorizations, Columbia Gas Transmission, LLC, 700 Louisiana Street, Suite 1300, Houston, Texas 77002-2700, or by email (with a link to the document) at Lashawndra_proctor@tcenergy.com. Any subsequent submissions by an intervenor must be served on the applicant and all other parties to the proceeding. Contact information for parties can be downloaded from the service list at the eService link on FERC Online. Service can be via email with a link to the document.

All timely, unopposed⁹ motions to intervene are automatically granted by operation of Rule 214(c)(1).¹⁰ Motions to intervene that are filed after the intervention deadline are untimely, and may be denied. Any late-filed motion to intervene must show good cause for being late and must explain why the time limitation should be waived and provide justification by reference to factors set forth in Rule 214(d) of the Commission's Rules and Regulations.¹¹ A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies (paper or electronic) of all documents filed by the applicant and by all other parties.

Tracking the Proceeding

Throughout the proceeding, additional information about the project will be available from OPP at (202) 502-6595 or on the FERC website at www.ferc.gov using the "eLibrary" link as described above. The eLibrary link also provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. For more information and to register, go to www.ferc.gov/docs-filing/esubscription.asp.

Intervention Deadline: 5:00 p.m. Eastern Time on June 26, 2026.

(Authority: 18 CFR 2.1)

⁹ The applicant has 15 days from the submittal of a motion to intervene to file a written objection to the intervention.

Aberdeen Hydro AE, LLC; Notice of Preliminary Permit Application Accepted for Filing and Soliciting Comments, Motions To Intervene, and Competing Applications

On April 8, 2026, as supplemented on May 21, 2026, Aberdeen Hydro AE, LLC filed an application for a preliminary permit, pursuant to section 4(f) of the Federal Power Act (FPA), proposing to study the feasibility of hydropower at the existing U.S. Army Corps of Engineers' Aberdeen Lock and Dam on the Tennessee-Tombigbee Waterway in Monroe County, Mississippi. The sole purpose of a preliminary permit, if issued, is to grant the permit holder priority to file a license application during the permit term. A preliminary permit does not authorize the permit holder to perform any land-disturbing activities or otherwise enter upon lands or waters owned by others without the owners' express permission.

The proposed Aberdeen Hydroelectric Project (or project) would consist of the following: (1) a new 150-foot-long by 100-foot-wide intake channel located immediately upstream from the existing dam; (2) a new 100-foot-long by 100-foot-wide by 24-foot-high reinforced concrete powerhouse housing two 5.0 megawatt turbines; (3) a new 40-foot-long by 40-foot-wide substation adjacent to the powerhouse; (4) a new 150-foot-long by 100-foot-wide tailrace; (5) a new 2.1-mile-long, 36.7 kilovolt transmission line interconnecting to an existing substation. The proposed project would have an estimated average annual generation of 4,3200 MWH.

PJM Governance and Stakeholder Reforms; Supplemental Notice of Commission-Led Technical Conference

As announced in the May 12, 2026 Notice in the above-referenced proceeding, the Federal Energy Regulatory Commission (Commission)

will convene a Chairman and Commissioner-led technical conference. The one-day technical conference will take place from 9:00 a.m. to 4:00 p.m. Eastern Time on Thursday, July 23, 2026, in the Kevin J. McIntyre Commission Meeting Room at the Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

The purpose of this technical conference is to discuss PJM Interconnection, L.L.C.'s (PJM) governance and stakeholder processes, with a particular focus on identifying and evaluating concrete, actionable reforms to improve PJM's ability to address operational and market needs in a timely and efficient manner. The conference will explore specific governance features and stakeholder processes in PJM that impact timely action on operational and market needs. The conference will also explore potential reforms to PJM governance structure and stakeholder processes. The preliminary agenda for this conference is attached to this Supplemental Notice.

Individuals interested in participating as panelists should submit a self-nomination email by 5:00 p.m. Eastern Time on Monday, June 15, 2026, to PJM-Governance-Reforms-Conference@ferc.gov. Each nomination should state the proposed panelist's name, contact information, organizational affiliation, and indicate the general area on which the proposed panelist would like to speak.

Prior to the technical conference, all interested persons are also invited to file in the docket captioned above comments on the issues to be discussed at the conference, including on the questions listed in the attached agenda. Commenters need not answer all the questions but are encouraged to organize responses using the numbering and sequencing in the attached agenda.

The Commission will not discuss any specific proceeding pending before the Commission at this technical conference. The Commission will issue another supplemental notice with panelist assignments for each panel and any revisions to the attached agenda.

The technical conference will be open to the public. Advance registration is not required, and there is no fee for attendance. Information will also be posted on the Calendar of Events on the Commission's website, www.ferc.gov, prior to the event. To stay apprised of issuances in this docket, there is an "eSubscription" link on the Commission's website that enables subscribers to receive email notification

when a document is added to a subscribed docket.

The technical conference will be transcribed and webcast. Transcripts will be available for a fee from Ace Reporting (202-347-3700). A link to the webcast of this event will be available in the Commission Calendar of Events at www.ferc.gov. The Commission provides technical support for the free webcasts. Please call 202-502-8680 or email customer@ferc.gov if you have any questions.

Commission technical conferences are accessible under section 508 of the Rehabilitation Act of 1973. For accessibility accommodations, please send an email to accessibility@ferc.gov or call toll free 1-866-208-3372 (voice) or 202-208-8659 (TTY) or send a fax to 202-208-2106 with the required accommodations.

For more information about this technical conference, please contact Alandro Valdez at alandro.valdez@ferc.gov or 202-502-8986. For legal information, please contact Emmett Barnes at emmett.barnes@ferc.gov or 202-502-8413.

PJM Governance and Stakeholder Reforms

Docket No. AD26-7-000

Agenda

Thursday, July 23, 2026

9:00 a.m.–9:30 a.m.: Chairman and Commissioner Opening Remarks
9:30 a.m.–10:00 a.m.: Remarks of Invited Speakers
10:00 a.m.–12:00 p.m.: Panel 1: PJM Governance Mechanics—Board Authority, States' Role, Filing Rights, and Document Architecture

This panel will explore aspects of PJM's governance mechanics that may impede PJM's ability to address operational and market needs. Panelists will also identify and discuss potential concrete, actionable solutions to ensure that PJM's Board and PJM are best equipped to tackle immediate and future challenges that are identified by stakeholders.

Potential Questions

1. What is the PJM Board's role in ensuring that PJM is sufficiently tackling the region's operational and market challenges? How does the Board evaluate its effectiveness in that role? How often, and under what circumstances, does the Board act unilaterally, and should this change?
