

without renewal. The DOJ notes that information collection requirements submitted to the OMB for existing ICRs receive a month-to-month extension while they undergo review. Abstract: Information collection webform for entities and individuals registering pursuant to the Foreign Agents Registration Act of 1938, as amended.

Overview of This Information Collection

1. *Type of Information Collection:* Revision of a previously approved collection.

2. *Title of the Form/Collection:* Supplemental Statement to Registration Statement of Foreign Agents (Form NSD-2).

3. *Agency form number, if any, and the applicable component of the Department of Justice sponsoring the collection:* OMB #1124-0002. The form number is NSD-2. The applicable component within the Department of Justice is the Foreign Agents Registration Act Unit (FARA Unit), Counterintelligence and Export Control Section, National Security Division.

4. *Affected public who will be asked or required to respond, as well as a brief abstract:* Private sector entities, including businesses, other for-profit entities, not-for-profit institutions, and individuals required to register under the Foreign Agents Registration Act of 1938, as amended, 22 U.S.C. 611 *et seq.* (FARA).

5. *Obligation to Respond:* The filing of this completed webform is required pursuant to FARA for the purposes of registration under the Act and public disclosure. Registrants are required by statute and regulation to provide the information requested on this form, and failure to provide the information is subject to the penalty and enforcement provisions established in Section 8 of FARA.

6. *Total Estimated Number of Respondents:* Based on the projected number of registrations from 2026 to 2029, an estimated 366.5 registrants will each complete Form NSD-2 (OMB Control No. 1124-0002) twice annually, for a total of 733 submissions.

7. *Estimated Time per Respondent:* Based on sample testing, each respondent will need 1.17 hours to complete the form, which takes into consideration the improved e-File webform features. The following factors were considered when creating the burden estimate: the estimated total number of respondents, the intuitive online FARA e-File registration process, and the prior collection of the necessary data to accurately complete the filing.

8. *Frequency:* Twice annually, for as long as the registration is in active status.

9. *Total Estimated Annual Time Burden:* The estimated public burden associated with this collection is 857.61 annual burden hours. It is estimated that respondents will take 1.17 hours to complete the form. 366.50 respondents (2 responses annually) or 733×1.17 hours = 857.61 burden hours. Depending on specific activities by each registrant (respondent), the time to complete this information collection request will vary due to activities required to be disclosed.

10. *Total Estimated Annual Other Costs Burden:* \$305.00 per Foreign Principal as required. See CFR-2016-title 28-vol.1-part5.pdf—§ 5.5 Registration fees. <https://www.govinfo.gov/content/pkg/CFR-2016-title28-vol1/pdf/CFR-2016-title28-vol1-part5.pdf>. Accordingly, every Respondent-Registrant, legal counsel for registrant, or otherwise FARA eFile user filing on behalf of respondents, understands how there are mandatory filing fees corresponding to this information collection request (“ICR” or “IC”) of \$305.00 per active foreign principal for the assigned corresponding six-month Supplemental Statement reporting period. [This is captured in #7 of the 60 day notice as well as item 13 of the Supporting Statement A].

11. *If additional information is required, contact:* Darwin Arceo, Department Clearance Officer, Enterprise Portfolio Management, Justice Management Division, United States Department of Justice, Two Constitution Square, 145 N Street NE, 4W-218 Washington, DC 20530.

Dated: June 9, 2026.

Darwin Arceo,

Department Clearance Officer for PRA, U.S. Department of Justice.

[Docket No. OSHA-2007-0043]

TÜV SÜD America, Inc.: Grant of Expansion of Recognition

AGENCY: Occupational Safety and Health Administration (OSHA), Labor.

ACTION: Notice.

SUMMARY: In this notice, OSHA announces the final decision to expand the scope of recognition for TÜV SÜD America, Inc. (TUVAM) as a Nationally Recognized Testing Laboratory (NRTL).

DATES: The expansion of the scope of recognition becomes effective on June 11, 2026.

FOR FURTHER INFORMATION CONTACT:

Information regarding this notice is available from the following sources:

Press inquiries: Contact Mr. Frank Meilinger, Director, OSHA Office of Communications, U.S. Department of Labor, telephone: (202) 693-1999; email: meilinger.francis2@dol.gov.

General and technical information: Contact Mr. Kevin Robinson, Director,

Office of Technical Programs and Coordination Activities, Directorate of Technical Support and Emergency Management, Occupational Safety and Health Administration, U.S. Department of Labor, phone: (202) 693-1911 or email: robinson.kevin@dol.gov.

SUPPLEMENTARY INFORMATION:

I. Notice of Final Decision

OSHA hereby gives notice of the expansion of the scope of recognition of TUV SUD America Inc. (TUVAM), as a NRTL. TUVAM's expansion covers the addition of one test site to the NRTL scope of recognition.

OSHA recognition of a NRTL signifies that the organization meets the requirements specified in 29 CFR 1910.7. Recognition is an acknowledgment that the organization can perform independent safety testing and certification of the specific products covered within the scope of recognition. Each NRTL's scope of recognition includes (1) the type of products the NRTL may test, with each type specified by the applicable test standard and (2) the recognized site(s) that has/have the technical capability to perform the product-testing and product-certification activities for test standards within the NRTL's scope. Recognition is not a delegation or grant of government authority; however, recognition enables employers to use products approved by the NRTL to meet OSHA standards that require product testing and certification.

The agency processes applications by a NRTL for initial recognition, as well as for an expansion or renewal of recognition, following requirements in Appendix A to 29 CFR 1910.7. This appendix requires that the agency publish two notices in the **Federal Register** in processing an application. In the first notice, OSHA announces the application and provides the preliminary finding. In the second notice, the agency provides the final decision on the application. These notices set forth the NRTL's scope of recognition or modifications of that scope. OSHA maintains an informational web page for each NRTL, including TUVAM, which details that NRTL's scope of recognition. These pages are available from the OSHA website at <http://www.osha.gov/dts/otpca/nrtl/index.html>.

TUVAM submitted an application, dated October 25, 2024 (OSHA-2007-0043-0069), to expand recognition as a NRTL to include one additional test site located at: TÜV SÜD Japan Ltd, 4149-7, 5-Chome, Hachimanpara, Yonezawa, 992-1128 Yamagata, Japan. OSHA staff performed an on-site review of TUVAM's testing facility at TUVAM

Yonezawa on April 10-11, 2025, in which assessors found some nonconformances with the requirements of 29 CFR 1910.7. TUVAM has addressed these issues sufficiently, and OSHA staff preliminarily determined that OSHA should grant the application.

OSHA published the preliminary notice announcing TUVAM's expansion application in the **Federal Register** on April 14, 2026 (91 FR 19204). The agency requested comments by April 29, 2026, but it received no comments in response to this notice. OSHA is now proceeding with this notice to grant expansion to TUVAM's scope of recognition.

To obtain or review copies of all public documents pertaining to the TUVAM expansion application, go to www.regulations.gov or contact the Docket Office (202) 693-2350 (TTY (877) 889-5627. Docket No. OSHA-2007-0043 contains all materials in the record containing TUVAM's recognition.

II. Final Decision and Order

OSHA staff examined TUVAM's expansion application, conducted a detailed on-site assessment, and examined other pertinent information. Based on review of this evidence, OSHA finds that TUVAM meets the requirements of 29 CFR 1910.7 for expansion of recognition, subject to the specified limitations and conditions. OSHA, therefore, is proceeding with this final notice to grant TUVAM's scope of recognition. OSHA limits the expansion of TUVAM's recognition to include the site at Yonezawa, Japan as listed above. OSHA's recognition of the site limits TUVAM to performing product testing and certifications only to the test standards for which the site has the proper capability and programs, and for test standards in TUVAM's scope of recognition. This limitation is consistent with the recognition that OSHA grants to other NRTLs that operate multiple sites.

A. Conditions

In addition to those conditions already required by 29 CFR 1910.7, TUVAM also must abide by the following conditions of the recognition:

1. TUVAM must inform OSHA as soon as possible, in writing, of any change of ownership, facilities, or key personnel, and of any major change in its operations as a NRTL, and provide details of the change(s);
2. TUVAM must meet all the terms of its recognition and comply with all OSHA policies pertaining to this recognition; and

3. TUVAM must continue to meet the requirements for recognition, including all previously published conditions on TUVAM's scope of recognition, in all areas for which it has recognition.

OSHA hereby expands the NRTL scope of recognition for TUVAM to include one additional test site in Yonezawa, Japan.

III. Authority and Signature

Amanda Laihow, Principal Deputy Assistant Secretary of Labor for Occupational Safety and Health, 200 Constitution Avenue NW, Washington, DC 20210, authorized the preparation of this notice. Accordingly, the agency is issuing this notice pursuant to 29 U.S.C. 657(g)(2), Secretary of Labor's Order No. 7-2025 (90 FR 27878; June 30, 2025), and 29 CFR 1910.7.

Signed at Washington, DC, on May 27, 2026.

Amanda Laihow,

Principal Deputy Assistant Secretary of Labor for Occupational Safety and Health.
