An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Forest Service

Title: Federal Excess Personal and Firefighter Property Program Administration.

OMB Control Number: 0596–0223.

Summary of Collection: Federal Excess Personal Property (FEPP) and Firefighter Property (FFP) programs provide state (including US territories) forestry agencies the opportunity to obtain excess Department of Defense and other Federal agencies equipment and supplies to be used in firefighting and emergency services. The authority to provide excess supplies to state agencies comes from Federal Property and Administration Services Act of 1949, as amended, 40 U.S.C., Sec 202. Authority to loan excess supplies comes from 10 U.S.C., Subtitle A, Part IV, Chapter 153, 2576b grants the authority for the FFP.

Need and Use of the Information: The Forest Service Federal Excess Property Management Information System (FEPMIS) database allows the Forest Service to collect FEPP and FFP information used to manage property inventory electronically. Access to the database is limited to those state employees with access authorized by Forest Service Management Officers working in the Fire and Aviation staff.

Description of Respondents: State and local government.

Number of Respondents: 76.

Frequency of Responses: Recordkeeping; Reporting: Annual.

Total Burden Hours: 600.

Forest Service

Title: Public Lands Corps Participant Tracking Sheet.

OMB Control Number: 0596–0247.

Summary of Collection: The Public Lands Corps (PLC) is a work and education program involving the nation’s land management agencies, conservation and service corps, and environmental organizations that contribute to the rehabilitation, restoration, and repair of public lands resources and infrastructure. PLC provides opportunities for community and national service, work experience, and training to young people who are unemployed or underemployed. The law authorizing this program is 16 U.S.C. 1721–1726, Chapter 37—Public Lands Corps and Resources Assistants Program (Public Lands Corps Healthy Forest Restoration Act of 2005 [Pub. L. 109–154]) as amended in 1993, hereafter referred to as “the Act.”

Need and Use of the Information: This information collection request establishes policies and procedures for the implementation of a form or system to ensure uniform collection of information regarding tracking and monitoring work accomplished and participant engagement to determine the completion of requirements for non-competitive hiring eligibility as defined in the Act and to comply with statutory reporting requirements. Data collected through the Public Lands Corps Participant Tracking Sheet will allow the Forest Service (FS) and other Federal Land Management Agencies who sponsor PLC programs to support collaborating partners who manage eligible participants and their participation in PLC projects. If the FS is unable to collect data regarding PLC participants, it and other Federal Land Management Agencies would be unable to participate in a legally mandated program as outlined in the Act.

Description of Respondents: Non-profit Organizations and Non-Federal Government entities.

Number of Respondents: 247.

Frequency of Responses: Reporting; Semi-annually.

Total Burden Hours: 494.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Food Safety and Inspection Service

Title: Advanced Meat Recovery Systems.

OMB Control Number: 0583–0130.

Summary of Collection: The Food Safety and Inspection Service (FSIS) requires that official establishments producing meat from Advanced Meat Recovery (AMR) systems ensure that bones used in AMR systems do not contain brain, trigeminal ganglia, or spinal cord; that they test for calcium (at levels consistent with the requirements of 9 CFR 318.24), iron, spinal cord, and dorsal root ganglia (DRG); that they

document their testing protocols; that they assess the age of cattle product used in the AMR system; that they document procedures for handling product in a manner that prevents misbranding or adulteration; and that they maintain records of all documentation and test results, as required under 9 CFR 318.24. FSIS has been delegated the authority to exercise the functions of the Secretary as provided in the Federal Meat Inspection Act (FMIA) (21 U.S.C. 601 *et seq.*). This statute mandates that FSIS protect the public by ensuring that meat products are safe, wholesome, and properly labeled.

Need and Use of the Information: FSIS will collect information from establishments to verify that meat products produced through the use of Advanced Meat Recovery (AMR) systems are free from Bovine Spongiform Encephalopathy (BSE).

Description of Respondents: Business or other for-profit.
Number of Respondents: 47.
Frequency of Responses: Recordkeeping; Reporting: On occasion.
Total Burden Hours: 21,159.
