

OMB Control Number: 1820–0692.

Type of Review: Extension without change of a currently approved ICR.

Respondents/Affected Public: State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 323.

Total Estimated Number of Annual Burden Hours: 11.

Abstract: The Rehabilitation Act of 1973, as amended (the Act), authorizes the Rehabilitation Services Administration (RSA) Commissioner to reallocate to other grant recipients that portion of a recipient's annual grant that cannot be used. To maximize the use of appropriated funds under the formula grant programs, RSA has established a reallocation process for the State Vocational Rehabilitation Services (VR); State Supported Employment Services (Supported Employment); Independent Living Services for Older Individuals Who Are Blind (OIB); Client Assistance Program (CAP); and Protection and Advocacy of Individual Rights (PAIR) programs. The authority for RSA to reallocate formula grant funds is found at sections 110(b)(2) (VR), 622(b) (Supported Employment), 752(i)(4) (OIB), 112(e)(2) (CAP), and 509(e) (PAIR) of the Act.

The information will be used by the RSA State Monitoring and Program Improvement Division (SMPID) to reallocate formula grant funds for the awards mentioned above.

Ross Santy,

Chief Data Officer, Office of Planning, Evaluation and Policy Development.

BILLING CODE 4000–01–P

DEPARTMENT OF EDUCATION

Notice Announcing Centers Aligned With Areas of National Need Program Competition

AGENCY: Department of Education, Department of State.

ACTION: Notice.

SUMMARY: In coordination with the Bureau of Educational and Cultural Affairs at the U.S. Department of State (State), the U.S. Department of Education (ED) is soliciting applications in support of the administration of the Fiscal Year (FY) 2026 Centers Aligned with Areas of National Need program, Assistance Listing Number 84.015C.

DATES: Complete proposals must be submitted electronically through the Grants.gov “APPLY” function by 11:59:59 p.m. Eastern time July 7, .

FOR FURTHER INFORMATION CONTACT: Margarita Melendez, Telephone: 202–987–0408, Email: CAANN@ed.gov.

SUPPLEMENTARY INFORMATION: This program provides grants to institutions of higher education (IHEs) or consortia of IHEs to address one or more of the following areas of national need: teaching modern foreign languages, such as Spanish, Portuguese, Italian, Hungarian, Polish, Russian, Czech, Arabic, Swahili, Hausa, Hindi, Urdu, Mandarin, Korean, Japanese, Farsi, Bahasa, Thai and other languages; providing instruction in fields needed to provide understanding of areas, regions, or countries in which the language is used; supporting research and training in international studies and the international and foreign language aspects of professional and other fields of study; and providing instruction and research on issues in world affairs in areas such as Latin America, Europe, Eurasia, Middle East, Africa, and Asia. The FY 2026 competition includes four absolute priorities, two competitive preference priorities, selection criteria, and requirements. The absolute priorities are Centers Creating Programs of Linkage, Projects Addressing Areas of National Need, Comprehensive Center Projects, and Undergraduate Center Projects. The competitive preference priorities are: Returning Education to the States and Artificial Intelligence.

Maximum Award: \$1,400,000 for the entire 48-month project period.

Eligible Applicants: An institution of higher education or a consortium of institutions of higher education is eligible to receive a grant under this part as either a comprehensive Center or undergraduate Center.

Program Authority: Title VI, Part A, Section 602(a) of the Higher Education Act of 1965, as amended (20 U.S.C. 1122).

To Apply: The complete funding opportunity announcement and all information needed to apply, including the priorities and program requirements, are available on ED's website at <https://www.ed.gov/grants-and-programs/grants-higher-education/international-and-foreign-language-education>, and on Grants.gov at <https://grants.gov/search-results-detail/362705>. The application notice and instructions on Grants.gov is the official document governing the grant competition.

Accessible Format: On request to the program contact person listed under FOR FURTHER INFORMATION CONTACT, individuals with disabilities can obtain this document in an accessible format.

Note: Victoria Roberts signs this notice in furtherance of State's role in providing support to ED.

David Barker,

Assistant Secretary, Office of Postsecondary Education, Department of Education.

In concurrence.

Victoria Roberts,

Deputy Assistant Secretary for Academic Programs, Bureau of Educational and Cultural Affairs, Department of State.

BILLING CODE 4000–01–P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[CP26–534–000]

Northern Natural Gas Company; Notice of Application and Establishing Intervention Deadline

Take notice that on May 28, 2026, Northern Natural Gas Company (Northern), 1111 South 103rd Street, Omaha, Nebraska 68124–1000, filed an application under section 7(c), of the Natural Gas Act (NGA) and Part 157 of the Commission's regulations requesting authorization for its Permian Basin Expansion Project (Project). The Project consists of (1) installing 15.1 miles of 24-inch-diameter and 1.1 miles of 16-inch-diameter new pipelines in Lea County, New Mexico and Gaines County, Texas; (2) constructing a new ISO-rated 7,700-HP Solar Tarus 60 gas turbine compressor station in Lea County, New Mexico; (3) constructing an interconnect with Transwestern Pipeline Company, LLC within the existing Phillip 66 Linam Ranch Plant; (4) constructing a receiver within Northern's existing launcher facility; (5) replacing an existing recycle valve within Northern's existing Plains Compressor Station; and (6) constructing a delivery point at the Southwestern Public Service Company (SPS) Gaines County Generating Station. The Project will provide peak day firm transportation service of approximately 361,600 dekatherms per day to the new SPS generation facility as well as provide benefits to Northern's existing system through increased reliability and system flexibility. Northern estimates the total cost of the Project to be \$104,996,682 and requests a presumption of rolled-in rate treatment for the expansion costs for the Project, all as more fully set forth in the application which is on file with the Commission and open for public inspection.

In addition to publishing the full text of this document in the **Federal Register**, the Commission provides all interested persons an opportunity to view and/or print the contents of this document via the internet through the Commission's Home Page (<http://www.ferc.gov>). From the Commission's Home Page on the internet, this information is available on eLibrary. The full text of this document is available on eLibrary in PDF and Microsoft Word format for viewing, printing, and/or downloading. To access this document in eLibrary, type the docket number excluding the last three digits of this document in the docket number field.

User assistance is available for eLibrary and the Commission's website during normal business hours from FERC Online Support at (202) 502-6652 (toll free at 1-866-208-3676) or email at ferconlinesupport@ferc.gov, or the Public Reference Room at (202) 502-8371, TTY (202) 502-8659. Email the Public Reference Room at public.referenceroom@ferc.gov.

Any questions regarding the proposed project should be directed to Bret Fritch, Regulatory Specialist, Northern Natural Gas Company, P.O. Box 3330, Omaha, Nebraska 68103-0330, by phone at (402) 398-7140, or by email at bret.fritch@nngco.com.

Pursuant to section 157.9 of the Commission's Rules of Practice and Procedure,¹ within 90 days of this Notice the Commission staff will either: complete its environmental review and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or environmental assessment (EA) for this proposal. The filing of an EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

Public Participation

There are three ways to become involved in the Commission's review of this project: you can file comments on the project, you can protest the filing,

and you can file a motion to intervene in the proceeding. There is no fee or cost for filing comments or intervening. The deadline for filing a motion to intervene is 5:00 p.m. Eastern Time on June 30, 2026. How to file protests, motions to intervene, and comments is explained below.

For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, contact the Office of Public Participation (OPP) at (202) 502-6595 or OPP@ferc.gov.

Comments

Any person wishing to comment on the project may do so. Comments may include statements of support or objections, to the project as a whole or specific aspects of the project. The more specific your comments, the more useful they will be.

Protests

Pursuant to sections 157.10(a)(4)² and 385.211³ of the Commission's regulations under the NGA, any person⁴ may file a protest to the application. Protests must comply with the requirements specified in section 385.2001⁵ of the Commission's regulations. A protest may also serve as a motion to intervene so long as the protestor states it also seeks to be an intervenor.

To ensure that your comments or protests are timely and properly recorded, please submit your comments on or before 5:00 p.m. Eastern Time on June 30, 2026.

There are three methods you can use to submit your comments or protests to the Commission. In all instances, please reference the Project docket number CP26-534-000 in your submission.

(1) You may file your comments electronically by using the eComment feature, which is located on the Commission's website at www.ferc.gov under the link to Documents and Filings. Using eComment is an easy method for interested persons to submit brief, text-only comments on a project;

(2) You may file your comments or protests electronically by using the eFiling feature, which is located on the Commission's website (www.ferc.gov) under the link to Documents and Filings. With eFiling, you can provide comments in a variety of formats by attaching them as a file with your submission. New eFiling users must

first create an account by clicking on "eRegister." You will be asked to select the type of filing you are making; first select "General" and then select "Comment on a Filing"; or

(3) You can file a paper copy of your comments or protests by mailing them to the following address below. Your written comments must reference the Project docket number (CP26-534-000).

To file via USPS: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

To file via any other courier: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852.

The Commission encourages electronic filing of comments (options 1 and 2 above) and has eFiling staff available to assist you at (202) 502-8258 or FercOnlineSupport@ferc.gov.

Persons who comment on the environmental review of this project will be placed on the Commission's environmental mailing list, and will receive notification when the environmental documents (EA or EIS) are issued for this project and will be notified of meetings associated with the Commission's environmental review process.

The Commission considers all comments received about the project in determining the appropriate action to be taken. However, the filing of a comment alone will not serve to make the filer a party to the proceeding. To become a party, you must intervene in the proceeding. For instructions on how to intervene, see below.

Interventions

Any person, which includes individuals, organizations, businesses, municipalities, and other entities,⁶ has the option to file a motion to intervene in this proceeding. Only intervenors have the right to request rehearing of Commission orders issued in this proceeding and to subsequently challenge the Commission's orders in the U.S. Circuit Courts of Appeal.

To intervene, you must submit a motion to intervene to the Commission in accordance with Rule 214 of the Commission's Rules of Practice and Procedure⁷ and the regulations under the NGA⁸ by the intervention deadline for the project, which is 5:00 p.m. Eastern Time on June 30, 2026. As described further in Rule 214, your motion to intervene must state, to the

¹ 18 CFR 157.9.

² 18 CFR 157.10(a)(4).

³ 18 CFR 385.211.

⁴ Persons include individuals, organizations, businesses, municipalities, and other entities. 18 CFR 385.102(d).

⁵ 18 CFR 385.2001.

⁶ 18 CFR 385.102(d).

⁷ 18 CFR 385.214.

⁸ 18 CFR 157.10.

extent known, your position regarding the proceeding, as well as your interest in the proceeding. For an individual, this could include your status as a landowner, ratepayer, resident of an impacted community, or recreationist. You do not need to have property directly impacted by the project in order to intervene. For more information about motions to intervene, refer to the FERC website at <https://www.ferc.gov/resources/guides/how-to/intervene.asp>.

There are two ways to submit your motion to intervene. In both instances, please reference the Project docket number CP26–534–000 in your submission.

(1) You may file your motion to intervene by using the Commission's eFiling feature, which is located on the Commission's website (www.ferc.gov) under the link to Documents and Filings. New eFiling users must first create an account by clicking on "eRegister." You will be asked to select the type of filing you are making; first select "General" and then select "Intervention." The eFiling feature includes a document-less intervention option; for more information, visit <https://www.ferc.gov/docs-filing/efiling/document-less-intervention.pdf>; or

(2) You can file a paper copy of your motion to intervene, along with three copies, by mailing the documents to the address below. Your motion to intervene must reference the Project docket number CP26–534–000.

To file via USPS: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

To file via any other courier: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852.

The Commission encourages electronic filing of motions to intervene (option 1 above) and has eFiling staff available to assist you at (202) 502–8258 or FercOnlineSupport@ferc.gov.

Protests and motions to intervene must be served on the applicant either by mail at: Bret Fritch, Regulatory Specialist, Northern Natural Gas Company, P.O. Box 3330, Omaha, Nebraska 68103–0330 or by email (with a link to the document) at bret.fritch@nngco.com. Any subsequent submissions by an intervenor must be served on the applicant and all other parties to the proceeding. Contact information for parties can be downloaded from the service list at the eService link on FERC Online. Service can be via email with a link to the document.

All timely, unopposed⁹ motions to intervene are automatically granted by operation of Rule 214(c)(1).¹⁰ Motions to intervene that are filed after the intervention deadline are untimely, and may be denied. Any late-filed motion to intervene must show good cause for being late and must explain why the time limitation should be waived and provide justification by reference to factors set forth in Rule 214(d) of the Commission's Rules and Regulations.¹¹ A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies (paper or electronic) of all documents filed by the applicant and by all other parties.

Tracking the Proceeding

Throughout the proceeding, additional information about the project will be available from OPP at (202) 502–6595 or on the FERC website at www.ferc.gov using the "eLibrary" link as described above. The eLibrary link also provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. For more information and to register, go to www.ferc.gov/docs-filing/esubscription.asp.

Intervention Deadline: 5:00 p.m. Eastern Time on June 30, 2026.

(Authority: 18 CFR 2.1)

Dated: June 9, 2026.

Debbie-Anne A. Reese,
Secretary.

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 2100–184]

California Department of Water Resources; Notice of Availability and Adoption of Final Environmental Assessment

Pending before the Federal Energy Regulatory Commission (Commission) is an application filed by the California Department of Water Resources (licensee) for a non-capacity amendment for the Feather River Hydroelectric Project No. 2100. The licensee is proposing to make improvements to an existing recreation area, including a campground, day-use area, and boat launch, at the Oroville Wildlife Area adjacent to the Thermalito Afterbay.

In accordance with the National Environmental Policy Act of 1969 (NEPA), the Commission's regulations at 18 CFR part 380, Commission staff have decided to adopt the Environmental Assessment (EA) reviewed and by the U.S. Army Corps of Engineers (Corps) for the proposed work.¹ In determining whether to adopt the EA, Commission staff independently reviewed the EA. The actions analyzed by the Corps are essentially the same as those being proposed in the licensee's application, and therefore, Commission staff concludes that the EA adequately assesses the environmental impacts of the proposed action and can be adopted. Commission staff also agrees with the Corps' finding that the proposed work is not a major federal action significantly affecting the quality of the human environment.

The licensee is working in conjunction with its partner agency the Sutter Butte Flood Control Agency to construct recreation improvements at the existing Oroville Wildlife Area within the Feather River Hydroelectric Project's boundary adjacent to the Thermalito Afterbay outlet. The EA reviewed by the Corps titled "Final Environmental Assessment for the Oroville Wildlife Area Thermalito Recreation Improvements Project" can be viewed in the licensee's supplement filed in the Commission's eLibrary system on February 27, 2026, under docket P–2100 and is being reissued concurrent with this notice.

For public inquiries and assistance with making filings such as interventions, comments, or requests for

¹ The unique identification number for documents relating to this environmental review is: EAXX–019–20–000–1778592430.
