SUPPLEMENTARY INFORMATION: The United States Sentencing Commission is an independent agency in the judicial branch of the United States Government. The Commission promulgates sentencing guidelines and policy statements for federal courts pursuant to 28 U.S.C. 994(a). The Commission also periodically reviews and revises previously promulgated guidelines pursuant to 28 U.S.C. 994(o) and submits guideline amendments to the Congress not later than the first day of May each year pursuant to 28 U.S.C. 994(p).

The Commission provides this notice to identify possible policy priorities for the amendment cycle ending May 1, 2027. Other factors, such as legislation requiring Commission action or possible loss of a voting quorum, may affect the Commission's ability to complete work on any or all identified priorities by May 1, 2027. Accordingly, the Commission may continue work on any or all identified priorities after that date or may decide not to pursue one or more identified priorities.

Pursuant to 28 U.S.C. 994(g), the Commission intends to consider the issue of reducing costs of incarceration and overcapacity of prisons, to the

extent it is relevant to any identified priority.

The Commission invites comment on the following proposed priorities for the amendment cycle ending May 1, 2027 (including comment on any additional priorities commenters believe the Commission should consider in the upcoming amendment cycle and beyond, and comment proposing specific amendment text or research agendas that would address a given priority):

(1) In anticipation of the 40th anniversary of the *Guidelines Manual* and two decades of experience with advisory guidelines, the Commission intends to undertake an evaluation of the guidelines and federal sentencing practices in light of the Commission's mission set forth in the Sentencing Reform Act, the statutory purposes of sentencing in 18 U.S.C. 3553(a)(2), and relevant legal developments that have occurred in the past four decades. As part of this priority, the Commission may use regional public hearings, symposiums, roundtable discussions, conferences, and other tools to solicit input on the Commission's work from various stakeholders, including judges, Congress, the Executive Branch, Federal Public Defenders, victims, sentenced individuals, and others.

(2) In anticipation of the 30th anniversary of the Commission's Rules of Practice and Procedure, the Commission expects to undertake a comprehensive review of the Rules and consider whether any amendments to such Rules may be appropriate to further the agency's statutory purposes
