SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–105653; File No. SR–CboeEDGX–2026–044]

Self-Regulatory Organizations; Cboe EDGX Exchange, Inc.; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend Its Fee Schedule by Removing the Note Appended to the RPI Add Tier

June 10, 2026.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 19b–4 thereunder,² notice is hereby given that on June 1, 2026, Cboe EDGX Exchange, Inc. (the “Exchange” or “EDGX”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

Cboe EDGX Exchange, Inc. (the “Exchange” or “EDGX”) proposes to amend its Fee Schedule by removing the note appended to the RPI Add Tier. The text of the proposed rule change is provided in Exhibit 5.

The text of the proposed rule change is also available on the Commission’s website (<https://www.sec.gov/rules/sro.shtml>), the Exchange’s website (https://www.cboe.com/us/equities/regulation/rule_filings/edgx/), and at the principal office of the Exchange.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend its Fee Schedule applicable to its equities trading platform (“EDGX Equities”) by removing the note appended to the RPI Add Tier. The Exchange proposes to implement these changes effective June 1, 2026.

The Exchange first notes that it operates in a highly competitive market in which market participants can readily direct order flow to competing venues if they deem fee levels at a particular venue to be excessive or incentives to be insufficient. More specifically, the Exchange is only one of 17 registered equities exchanges, as well as a number of alternative trading systems and other off-exchange venues that do not have similar self-regulatory responsibilities under the Securities Exchange Act of 1934 (the “Act”), to which market participants may direct their order flow. Based on publicly available information,³ no single registered equities exchange has more than 15% of the market share. Thus, in such a low-concentrated and highly competitive market, no single equities exchange possesses significant pricing power in the execution of order flow. The Exchange in particular operates a “maker-taker” model whereby it pays rebates to members that add liquidity and assesses fees to those that remove liquidity.

The Exchange’s Fee Schedule sets forth the standard rebates and rates applied per share for orders that provide and remove liquidity, respectively. Currently, for orders in securities priced at or above \$1.00, the Exchange provides a standard rebate of \$0.00160

per share for orders that add liquidity and assesses a fee of \$0.0030 per share for orders that remove liquidity.⁴ For orders in securities priced below \$1.00, the Exchange provides a standard rebate of 0.00003 per share for orders that add liquidity and assesses a fee of 0.30% of the dollar value for orders that remove liquidity.⁵ The Exchange offers various fee codes applicable to orders that add or remove liquidity on EDGX.

On March 19, 2026, the Commission approved the Exchange’s proposed adoption of the EDGX RPI Program.⁶ The EDGX RPI Program launched on the Exchange on April 10, 2026. The EDGX RPI Program seeks to enable Members to offer price improvement to eligible Retail Orders through use of Retail Price Improvement Orders (“RPI Orders”)⁷ in securities priced at or above \$1.00. In anticipation of the EDGX RPI Program’s launch, the Exchange introduced fee code ZP to its Fee Schedule on April 1, 2026.⁸ Rather than providing the standard rebate, fee code ZP assesses a fee of \$0.0002 to RPI Orders in securities priced at or above \$1.00 that add liquidity to the Exchange.⁹

Under footnote 6 of the Fee Schedule, the Exchange offers RPI Add Tier 1. Specifically, this tier provides a reduced fee for qualifying orders (e.g., orders appended with fee code ZP¹⁰) that satisfy the RPI Add ADV criteria.

⁶ See Securities Exchange Act Release No. 105052 (March 19, 2026), 91 FR 14052 (March 24, 2026) (SR–CboeEDGX–2025–072).

⁷ See Rule 11.21(a)(3). A “Retail Price Improvement Order” or “RPI Order” consists of nondisplayed interest on the Exchange that is eligible to interact with incoming Retail Orders and that is identified by the Retail Liquidity Identifier described in Rule 11.21(e). To be executable, an RPI Order for a security priced at or above \$1.00 must be priced at least \$0.001 better than the Protected NBB or Protected NBO and may be priced in \$0.001 increments (e.g., \$10.001). An RPI Order may not be entered in securities priced below \$1.00. An RPI Order is ineligible to execute at prices equal to or inferior to the Protected NBB (for buy orders) or Protected NBO (for sell orders). An RPI Order that is ineligible to execute because it is priced equal to or inferior to the Protected NBB or Protected NBO will not be canceled and will become eligible to execute against incoming Retail Orders should the RPI Order become priced better than the Protected NBB (for buy orders) or Protected NBO (for sell orders) at a later time. An incoming RPI Order will not be eligible to interact with a resting Retail Order on the EDGX Book and upon entry will post to the EDGX Book to execute against later-arriving Retail Orders.

⁸ See Securities Exchange Act Release No. 105321 (April 28, 2026), SR–CboeEDGX–2026–026.

⁹ See Rule 11.21(a)(3). Securities with executions priced below \$1.00 are not eligible to be appended with fee code ZP, as an RPI Order may not be entered in securities priced below \$1.00.

¹⁰ Fee code ZP is appended to Retail Price Improving Orders that add liquidity to the EDGX Book.
