AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of receipt and request for comment.

SUMMARY: This document announces the Agency's receipt of and solicits comments on applications to register new pesticide products containing currently registered active ingredients that would entail a change in use pattern. The Agency is providing this notice in accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). EPA uses the month and year in the title to identify when the Agency compiled the applications identified in this notice of receipt. Unit II. of this document identifies certain applications received in 2025 that are currently being evaluated by EPA, along

with information about each application, including when it was received, who submitted the application, and the purpose of the application.

DATES: Comments must be received on or before July 15, 2026.

ADDRESSES: Submit your comments, identified by the docket identification (ID) number and the *EPA File Symbol* or the *EPA Registration Number* of interest as shown in Unit II. of this document, online at <https://www.regulations.gov>. Follow the online instructions for submitting comments. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Additional instructions on commenting on and visiting the docket, along with more information about dockets generally, are available at <https://www.epa.gov/>.

C. What action is the Agency taking?

EPA is hereby providing notice of receipt and opportunity to comment on applications to register new pesticide products containing currently registered active ingredients that would entail a change in use pattern. EPA provides a notice of receipt monthly, using the month and year in the title to help distinguish one document from the other. This document identifies the applications that were received since the last notice that was issued and are currently being evaluated by EPA in accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA). Notice of receipt of these applications does not imply a decision by the Agency on these applications.

For actions being evaluated under EPA's public participation process for registration actions, there will be an additional opportunity for public comment on the proposed decisions. Please see EPA's public participation website for additional information on this process (<https://www.epa.gov/registration/public-participation-process-registration-actions>).
