POLICIES AND PRACTICES FOR STORAGE OF RECORDS:

Records and information are stored electronically in the VA OIG's Enterprise Management System or legacy Master Case Index databases and servers in the office of the VA OIG's Information Technology Division, VA Central Office. Backup records are

The VA OIG Hotline Division and Office of Investigations are responsible for electronically inputting records and information received from complainants, referrals and correspondence related to the initiation of a case, and final reports. Information input electronically includes all correspondence to and from complainants, correspondence (including email messages) to and among VA OIG organizational elements about complaints, and correspondence to and from any VA component to which a case was referred. Complaints and information about VA employees, including all investigative reports and work papers, are maintained in electronic files with restricted access limited to those with a need to know for their official duties, including personnel in the VA OIG Office of Investigations, VA OIG Human Resources Management Division, VA OIG attorneys, and VA OIG management officials responsible for supervising any VA OIG employee who is the subject of an internal investigation.

POLICIES AND PRACTICES FOR RETRIEVAL OF RECORDS:

Records are retrieved by the case numbers. In addition, electronic records may be retrieved by the names of the complainants and names of the subjects of the complaints, retrieved by such person's title, or by their Social Security number, if entered. Administrative safeguards include restricted access to the hard copy and computerized information to authorized OIG personnel on a need-to-know basis. Physical safeguards include the maintenance of hard copy records in offices that are restricted during work hours or are locked after duty hours. Additionally, the headquarters building

is protected by security guards and access is restricted during non-duty hours. Technical safeguards include limited access to the computerized information to VA OIG employees by means of passwords and authorized user identification codes. Computer system documentation is maintained in a secure environment in the Office of Inspector General, VA Central Office.

RECORD ACCESS PROCEDURES:

Individuals seeking information on the existence and content of records in this system pertaining to them should contact the system manager in writing as indicated above. A request for access to records must contain the requester's full name, address, telephone number, be signed by the requester, include proof of identity (*e.g.*, a copy of a state driver's license), and describe the records sought in sufficient detail to enable VA personnel to locate them with a reasonable amount of effort.

CONTESTING RECORD PROCEDURES:

Individuals seeking to contest or amend records in this system pertaining to them should contact the system manager in writing as indicated above. A request to contest or amend records must state clearly and concisely what record is being contested, the reasons for contesting it, and the proposed amendment to the record. Most records in this system are exempt from review and amendment provisions under 5 U.S.C. 552a (j) and (k).

NOTIFICATION PROCEDURES:

Individuals who wish to be notified if a record in this system of records applies to them should submit the request following the procedures described in "Record Access Procedure," above.

EXEMPTIONS PROMULGATED FOR THE SYSTEM:

Under 5 U.S.C. 552a(j)(2), the head of any agency may exempt any system of records within the agency from certain provisions of the Privacy Act, if the agency or component that maintains the system performs as its principal function any activities pertaining to the enforcement of criminal laws. The Inspector General Act of 1978, Public Law 95-452, as amended, mandates that the Inspector General recommend policies for and to conduct, supervise, and coordinate activities in the Department of Veterans Affairs and between VA and other Federal, State and local governmental agencies with respect to: (1) the prevention and detection of fraud in programs and operations administered or financed by VA and (2) the identification and

prosecution of participants in such fraud. Under the IG Act, whenever the Inspector General has reasonable grounds to believe there has been a violation of Federal criminal law, the Inspector General must report the matter expeditiously to the Attorney General. This system of records has been created in major part to support the criminal law-related activities assigned by the Inspector General to the Assistant Inspector General for Investigations. These activities constitute a principal function of the Inspector General's Hotline and Criminal Investigations staff. In addition to principal functions pertaining to the enforcement of criminal laws, the Inspector General may receive and investigate complaints and allegations from various sources concerning the possible existence of activities constituting non-criminal violations of law, rules, or regulations; mismanagement; gross waste of funds; abuses of authority or substantial and specific danger to the public health and safety. This system of records also exists to support inquiries by the Assistant Inspectors General for Auditing, for Management and Administration, for Administrative Investigations, and for Healthcare Inspections into non-criminal matters. Based upon the foregoing, the Secretary of Veterans Affairs has exempted this system of records, to the extent that it encompasses information pertaining to criminal law-related activities, from the following provisions of the Privacy Act of 1974, as permitted by 5 U.S.C. 552a(j)(2): 5 U.S.C. 552a(c)(3) and (4); 5 U.S.C. 552a(d); 5 U.S.C. 552a(e)(1), (2) and (3); 5 U.S.C. 552a(e)(4)(G), and (H) and (I); 5 U.S.C. 552a(e)(5) and (8); 5 U.S.C. 552a(f); 5 U.S.C. 552a(g). The Secretary of Veterans Affairs has also exempted this system of records to the extent that it does not encompass information pertaining to criminal law related activities under 5 U.S.C. 552a(j)(2) from the following provisions of the Privacy Act of 1974, as permitted by 5 U.S.C. 552a(k)(2): 5 U.S.C. 552a(c)(3); 5 U.S.C. 552a(d); 5 U.S.C. 552a(e)(1); 5 U.S.C. 552a(e)(4)(G), (H) and (I); 5 U.S.C. 552a(f). These exemptions are codified in 38 CFR 1.582(b). The purpose for exemption of information and material in this system of records is necessary in order to accomplish the law enforcement functions of the Office of Inspector General, *e.g.*, to prevent subjects of investigations from frustrating the investigatory process by discovering the scope and progress of an investigation, to prevent the disclosure of investigative techniques, to fulfill commitments made

to protect the confidentiality of sources, these sources and law enforcement
to maintain access to sources of personnel.
