[Project No. 2242-159]

Eugene Water & Electric Board; Notice of Availability of Environmental Assessment

The final EA contains Commission staff's analysis of the potential environmental effects of the proposed load bank station alternative, alternatives to the proposed action, and concludes that the proposed load bank with appropriate environmental protective measures, would not constitute a major federal action that would significantly affect the quality of the human environment.

The final EA may be viewed on the Commission's website at <http://www.ferc.gov> using the "eLibrary" link.

² The Commission staff estimates that industry is similarly situated in terms of hourly cost (for wages plus benefits). Based on the Commission's FY (Fiscal Year) 2026 average cost (for wages plus benefits), \$102/hour is used.
