Foreign-Trade Zones Board

[S-230-2026]

Approval of Subzone Status; Fisher BioServices; Frederick, Maryland

On April 22, 2026, the Executive Secretary of the Foreign-Trade Zones (FTZ) Board docketed an application submitted by the Board of County Commissioners of Washington County, grantee of FTZ 255, requesting subzone status subject to the existing activation limit of FTZ 255, on behalf of Fisher BioServices, in Frederick, Maryland.

The application was processed in accordance with the FTZ Act and Regulations, including notice in the **Federal Register** inviting public comment (91 FR 22490, April 27, 2026). The FTZ staff examiner reviewed the

application and determined that it meets the criteria for approval. Pursuant to the authority delegated to the FTZ Board Executive Secretary (15 CFR 400.36(f)), the application to establish Subzone 255C was approved on June 11, 2026, subject to the FTZ Act and the Board's regulations, including section 400.13, and further subject to FTZ 255's 2,000-acre activation limit.

Dated: June 11, 2026.

Glycine From India: Final Results of Countervailing Duty Administrative Review; 2023

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that countervailable subsidies were provided to certain producers and exporters of glycine from India during the period of review (POR) January 1, 2023, through December 31, 2023.

DATES: Applicable June 16, 2026.

FOR FURTHER INFORMATION CONTACT: Amber Hodak or Preston Cox, AD/CVD Operations, Office VI, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482-8034 or (240) 956-8630, respectively.

SUPPLEMENTARY INFORMATION:

Background

On October 3, 2025, Commerce published the *Preliminary Results* of this administrative review in the **Federal Register** and invited interested parties to comment.¹ Due to the lapse in appropriations and Federal Government shutdown, on November 14, 2025, Commerce tolled all deadlines in administrative proceedings by 47 days.² Additionally, due to a backlog of documents that were electronically filed

² See Memorandum, "Deadlines Affected by the Shutdown of the Federal Government," dated November 14, 2025.

via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS) during the Federal Government shutdown, on November 24, 2025, Commerce tolled all deadlines in administrative proceedings by an additional 21 days.³ Between March 24 and May 28, 2026, Commerce extended the time period for issuing these final results by 60 days.⁴ Accordingly, the deadline for these final results is now June 8, 2026.⁵

For a complete description of the events that occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.⁶ The Issues and Decision Memorandum is a public document and is on file electronically via ACCESS. ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/frnotices>.

Scope of the Order ⁷

The product covered by the *Order* is glycine from India. For a complete description of the scope of the *Order*, see the Issues and Decision Memorandum.⁸

Analysis of Comments Received

All issues raised by interested parties in briefs are addressed in the Issues and Decision Memorandum. A list of topics discussed in the Issues and Decision Memorandum is included as appendix to this notice.

Changes Since the Preliminary Results

Based on the comments received from interested parties and record information, we made certain changes from the *Preliminary Results* regarding

the subsidy calculations for Kumar Industries, India (Kumar). For a discussion of these changes, see the Issues and Decision Memorandum.

Methodology

Commerce conducted this administrative review in accordance with section 751(a)(1)(A) of the Tariff Act of 1930, as amended (the Act). For each of the subsidy programs found to be countervailable, Commerce finds that there is a subsidy, *i.e.*, a government-provided financial contribution that gives rise to a benefit to the recipient, and that the subsidy is specific.⁹ For a full description of the methodology underlying all of Commerce's conclusions, including any determination that relied upon the use of adverse facts available, pursuant to sections 776(a) and (b) of the Act, see the Issues and Decision Memorandum.

Rate for Non-Individually Examined Companies

The Act and Commerce's regulations do not directly address the establishment of a rate to be applied to companies not selected for individual examination when Commerce limits its examination in an administrative review pursuant to section 777A(e)(2) of the Act. Generally, Commerce looks to section 705(c)(5) of the Act, which provides instructions for calculating the all-others rate in a CVD investigation. Section 777A(e)(2) of the Act provides that "the individual countervailable subsidy rates determined under subparagraph (A) shall be used to determine the all-others rate under section 705(c)(5) {of the Act}."

Under section 705(c)(5)(A)(i) of the Act, the all-others rate is normally an amount equal to the weighted average countervailable subsidy rates established for each of the companies individually investigated, excluding any rates that are zero, *de minimis* (*i.e.*, less than 0.5 percent), or determined entirely on the basis of facts available. Where the countervailable subsidy rates for each of the individually examined companies is zero, *de minimis*, or based entirely on facts available, section 705(c)(5)(A)(ii) of the Act provides that Commerce may use "any reasonable method to establish an all-others rate for exporters and producers not individually investigated, including averaging the weighted average countervailable subsidy rates

determined for the exporters and producers individually investigated."¹⁰

In this administrative review, Commerce calculated an individual estimated countervailable subsidy rate for Kumar, the sole individually examined respondent in this review. Because this individually calculated subsidy rate is not zero, *de minimis*, or based entirely on facts otherwise available, we are assigning the subsidy rate calculated for Kumar to the company under review that was not selected for individual examination (*i.e.*, Bajaj Healthcare Limited (Bajaj Healthcare)), pursuant to section 705(c)(5)(A)(i) of the Act.¹¹

Final Results of Review

As a result of this review, we determine the following net countervailable subsidy rates exist for the POR, January 1, 2023, through December 31, 2023:¹²

Company	Subsidy rate (percent <i>ad valorem</i>)
Kumar Industries, India	45.33
Bajaj Healthcare Limited	45.33

Disclosure

Commerce intends to disclose its calculations and analysis performed to interested parties for these final results within five days of any public announcement or, if there is no public announcement, within five days of the date of publication of this notice in accordance with 19 CFR 351.224(b).

Assessment

Consistent with section 751(a)(2)(C) of the Act and 19 CFR 351.212(b)(2), Commerce has determined, and U.S. Customs and Border Protection (CBP) shall assess, countervailing duties on all appropriate entries of subject merchandise in accordance with the final results of this review.

Commerce intends to issue assessment instructions to CBP regarding Kumar and Bajaj Healthcare

⁵ Commerce's practice dictates that, where a deadline falls on a weekend or federal holiday, the appropriate deadline is the next business day. See *Notice of Clarification: Application of "Next Business Day" Rule for Administrative Determination Deadlines Pursuant to the Tariff Act of 1930, As Amended*, 70 FR 24533 (May 10, 2005). We note that the calculated deadline would be June 6, 2026; however, because that date is a Saturday, the current deadline is June 8, 2026.

¹¹ Bajaj Healthcare is the only company that was not selected for individual examination. See *Preliminary Results PDM* at 4.

¹² Commerce continues to determine that Advance Chemical Corporation, Rexistize Rasayan Industries, Reliance Corporation, and Rudraa International are cross-owned with Kumar. See *Preliminary Results PDM* at 16–17; see also *Glycine from India: Final Results of the Countervailing Duty Administrative Review; 2022*, 89 FR 95180 (December 2, 2024); and *Glycine from India: Preliminary Results of Countervailing Duty Administrative Review; 2018–2019*, 86 FR 37738 (July 16, 2021).

no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

Pursuant to section 751(a)(1) of the Act and 19 CFR 351.107(e), Commerce intends to instruct CBP to collect cash deposits of estimated countervailing duties with regard to shipments of subject merchandise entered, or withdrawn from warehouse, for consumption on or after the date of publication of the final results of this administrative review, as follows: (1) the cash deposit rate for the companies listed above will be equal to the company-specific estimated individual countervailable subsidy rates determined in the final results of this review, except if the rate is less than 0.50 percent and, therefore, *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) if both the producer and exporter of the subject merchandise have company-specific estimated subsidy rates assigned, and their rates differ, then the applicable cash deposit rate will be the higher of these two rates; (3) if either the producer or the exporter, but not both, of the subject merchandise has a company-specific estimated subsidy rate assigned, the applicable cash deposit rate will be that company's company-specific rate; and (4) the cash deposit rate for all other producers and exporters will be continue to be 5.01 percent, the all-others subsidy rate established in the investigation.¹³ These cash deposit instructions, when imposed, shall remain in effect until further notice.

Administrative Protective Order (APO)

This notice also serves as a final reminder to parties subject to an APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is sanctionable violation.

¹³ See *Order*.

Notification to Interested Parties

Commerce is issuing the final results and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5).

Dated: June 8, 2026.

Monosodium Glutamate From the People's Republic China: Final Results of Antidumping Duty Administrative Review; 2023–2024

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Applicable June 16, 2026.

SUMMARY: On February 11, 2026, the U.S. Department of Commerce (Commerce) published the preliminary results of the 2023–2024 administrative review of the antidumping duty (AD) order on monosodium glutamate (MSG)

from the People's Republic of China (China) covering the period of review (POR) November 1, 2023, through October 31, 2024. We find that Ajinoriki MSG (Malaysia) Sdn Bhd (Ajinoriki) is not eligible to receive a separate rate and is, therefore, considered part of the China-wide entity.

SUPPLEMENTARY INFORMATION:

Background

On February 11, 2026, Commerce published in the **Federal Register** the *Preliminary Results* and invited interested parties to comment.¹

Scope of the Order

The scope of the *Order* covers MSG, whether or not blended or in solution with other products.² For a complete description of the scope of the *Order*, see the appendix to this notice.

Analysis of Comments Received

On March 3, 2026, we received comments from the Ajinomoto Health & Nutrition North America, Inc (petitioner) regarding the *Preliminary Results*.³ The petitioner identified an error regarding the rate for the China-wide entity listed in the *Preliminary Results*, which mistakenly indicated the China-wide rate to be 40.41 percent.⁴ The correct rate applicable to the China-wide entity, however, is 56.54 percent, pursuant to Commerce's findings in the *2017–2018 Administrative Review*.⁵ Because the petitioner was the sole party to comment on the *Preliminary Results*, which we have summarized and addressed in this notice, no decision memoranda accompany this notice.
