

comment preceding submission of the collection to OMB.

DATES: To ensure consideration, comments regarding this proposed information collection must be received on or before August 17, 2026.

ADDRESSES: Interested persons are invited to submit written comments to Adrienne Thomas, NOAA PRA Officer, at NOAA.PRA@noaa.gov. Please reference OMB Control Number 0648–0119 in the subject line of your comments. All comments received are part of the public record and will generally be posted on <https://www.regulations.gov> without change. Do not submit confidential business information or otherwise sensitive or protected information.

FOR FURTHER INFORMATION CONTACT: Requests for additional information or specific questions related to collection activities should be directed to Elizabeth Mountz, Stewardship Division Operations Manager, NOAA's Office for Coastal Management, 1305 East-West Highway, Silver Spring, MD 20910, 202–596–6581, and Elizabeth.Mountz@noaa.gov.

SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for revision and extension of a currently approved information collection. In response to intense pressure on U.S. coastal resources, and because of the importance of U.S. coastal areas, Congress passed the Coastal Zone Management Act of 1972 (CZMA), 16 U.S.C. 1451 *et seq.* The CZMA authorized a Federal program to encourage coastal states and territories to develop comprehensive coastal management programs. The CZMA has been reauthorized on several occasions, most recently with the enactment of the Coastal Zone Protection Act of 1996. (CZMA as amended). The program is administered by the Secretary of Commerce, who in turn has delegated this responsibility to the National Oceanic and Atmospheric Administration's (NOAA) National Ocean Services (NOS).

The coastal zone management grants provide funds to states and territories to: implement federally-approved coastal management programs; complete information for the Coastal Zone Management Program (CZMP) Performance Management System; develop multi-year program assessments and strategies to enhance their programs within priority areas under section 309 of the CZMA; submit documentation as described in CZMA section 306A for specific construction, acquisition, and

educational projects; submit requests to update their federally-approved programs through amendments or program changes; and develop and submit state coastal nonpoint pollution control programs (CNP) as required under section 6217 of the Coastal Zone Act Reauthorization Amendments.

Revisions:

1. The CZM progress report guidance has undergone minor updates that ensure consistency with NOAA/NOS grant requirements as well as CZMA strategic priorities. The revised CZM progress report guidance provides clarification for reporting on competitive and multi-year awards, as well as additional guidance on financial reporting requirements.

2. Section 309 Strategy & Assessment Program Guidance has undergone minor updates to the timeline for current submittals to ensure consistency with current NOAA/NOS priorities, and the CZM Program Strategic Plan.

3. The CZMA Performance Management System Guidance has undergone minor updates to clarify requirements and add references to the current CZM Performance Measure System database.

4. The CZM section 306A guidance has undergone minor updates to remove references to rescinded executive orders.

II. Method of Collection

Program documents, assessment and strategy documents, and other required materials are submitted electronically. Grant applications are submitted electronically via [Grants.gov](https://www.grants.gov) and performance reports are submitted electronically through the electronic Records Administration (eRA) site. Performance measurement data is submitted through an online database. Methods of submittal for other program documents and required materials include submittal via email or mail.

SUPPLEMENTARY INFORMATION:

Title: Part 162—Protection of Consumer Information under the Fair Credit Reporting Act (OMB Control No. 3038–0067). This is a request for reinstatement without change of a previously approved information collection.

Abstract: On July 21, 2010, President Obama signed into law the Dodd-Frank Wall Street Reform and Consumer Protection Act (“Dodd-Frank Act”).¹ Title X of the Dodd-Frank Act, which is titled the Consumer Financial Protection Act of 2010 (“CFP Act”), amends a number of federal consumer protection laws enacted prior to the Dodd-Frank Act including, in relevant part, the Fair Credit Reporting Act (“FCRA”).² and the Fair and Accurate Credit Transactions Act of 2003 (“FACT Act”).³ Specifically, Section 1088 of the CFP Act sets out certain amendments to the FCRA and the FACT Act directing the Commission to promulgate regulations that are intended to provide privacy protections to certain consumer information held by an entity that is subject to the jurisdiction of the Commission.

Section 1088 amends section 214(b) of the FACT Act—which added section 624 to the FCRA in 2003—and directs the Commission to implement the provisions of section 624 of the FCRA with respect to persons that are subject to the Commission’s enforcement jurisdiction. Section 624 of the FCRA gives a consumer the right to block affiliates of an entity subject to the Commission’s jurisdiction from using certain information obtained from such entity to make solicitations to that consumer (hereinafter referred to as the “affiliate marketing rules”).⁴ Under the affiliate marketing rules, the entities covered by the regulations are expected to prepare and provide clear, conspicuous and concise opt-out notices to any consumers with whom such entities have a pre-existing business relationship. A covered entity only has to provide an opt-out notice to the extent that an affiliate of the covered entity plans to make a solicitation to any of the covered entity’s consumers. The

¹ Public Law 111–203, 124 Stat. 1376 (2010).

² 15 U.S.C. 1681–1681x.

³ Public Law 108–159, 117 Stat. 1952, 1980 (2003).

⁴ The affiliate marketing rules are found in Part 162, Subpart A (Business Affiliate Marketing Rules) of the CFTC’s regulations. 17 CFR part 162, subpart A.

purpose of the opt-out notice is to provide consumers with the ability to prohibit marketing solicitations from affiliate businesses that do not have a pre-existing business relationship with the consumers, but that do have access to such consumers' nonpublic, personal information. A covered entity is required to send opt-out notices at the maximum of once every five years.

Section 1088 of the CFP Act also amends section 628 of the FCRA and mandates that the Commission implement regulations requiring persons subject to the Commission's jurisdiction who possess or maintain consumer report information in connection with their business activities to properly dispose of that information (hereinafter referred to as the "disposal rules").⁵ Under the disposal rules, the entities covered by the regulations are expected to develop and implement a written disposal plan with respect to any consumer information within such entities' possession. The regulations provide that a covered entity develop a written disposal plan that is tailored to the size and complexity of such entity's business. The purpose of the written disposal plan is to establish a formal plan for the disposal of nonpublic, consumer information, which otherwise could be illegally confiscated and used by unauthorized third parties. Under the rules, a covered entity is required to develop a written disposal plan only once, but may subsequently amend such plan from time to time.

In addition, Section 1088 of the CFP Act amended the FCRA by adding the CFTC and the Securities and Exchange Commission ("SEC," together with the CFTC, the "Commissions") to the list of federal agencies required to jointly prescribe and enforce identity theft red flags rules and guidelines and card issuer rules. Thus, the Dodd-Frank Act provides for the transfer of rulemaking responsibility and enforcement authority to the CFTC and SEC with respect to the entities under their respective jurisdiction. Accordingly, the Commissions have issued final rules and guidelines (hereinafter referred to as the "identity theft rules")⁶ to implement new statutory provisions enacted by the CFP Act that amend section 615(e) of the FCRA and direct the Commissions to prescribe rules requiring entities that are subject to the Commissions' jurisdiction to address identity theft. Under the identity theft

rules, entities covered by the regulation are required to develop and implement reasonable policies and procedures to identify, detect, and respond to relevant red flags for identity theft that are appropriate to the size and complexity of such entity's business and, in the case of entities that issue credit or debit cards, to assess the validity of, and communicate with cardholders regarding, address changes.⁷ They are also required to provide for the continued administration of identity theft policies and procedures.

An agency may not conduct or sponsor, and a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number. On June 10, 2025, the Commission published in the **Federal Register** notice of the proposed extension of this information collection and provided 60 days for public comment on the proposed extension, 90 FR 24387 ("60-Day Notice"). The Commission did not receive any relevant comments on the 60-Day Notice.

Burden Statement: The Commission is revising its burden estimate for this collection to reflect its estimate of the current number of CFTC registrants subject to the requirements of Part 162 regulations. The respondent burden for this collection is estimated to be as follows:

Estimated Number of Respondents: 3,510.

Estimated Total Number of Responses: 361,947.

Estimated Total Annual Burden Hours: 46,603.

Frequency of Collection: As applicable.

There are no capital costs or operating and maintenance costs associated with this collection.

(Authority: 44 U.S.C. 3501 *et seq.*)

Dated: June 12, 2026.

Robert Sidman,

Deputy Secretary of the Commission.

⁷ The CFTC understands that CFTC-regulated entities generally do not issue credit or debit cards, but instead may partner with other entities, such as banks, that issue cards on their behalf. These other entities, which are not regulated by the CFTC, are already subject to substantially similar change of address obligations pursuant to other federal regulators' identity theft red flags rules. Therefore, the CFTC does not expect that any CFTC-regulated entities will be subject to the related information collection requirements under the CFTC's identity theft rules.
