Incorporation by Reference

Class E airspace designations are published in paragraph 6005 of FAA Order JO 7400.11, Airspace Designations and Reporting Points, which is incorporated by reference in 14 CFR 71.1 on an annual basis. This document proposes to amend the current version of that order, FAA Order JO 7400.11K, dated August 4, 2025, and effective September 15, 2025. These updates would be published in the next update to FAA Order JO 7400.11. FAA Order JO 7400.11K, which lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points, is publicly available as listed in the **ADDRESSES** section of this document.

The Proposal

This action proposes to amend 14 CFR part 71 by modifying Class E airspace over Staunton, VA. New special instrument approach procedures have been developed for Bridgewater Air Park, Bridgewater, VA. These new procedures include a new RNAV (GPS) approach to runway 15 at Bridgewater Air Park. A modification to the portion of the Staunton, VA Class E5 airspace serving Bridgewater Air Park is necessary to appropriately contain IFR operations at Bridgewater Air Park. This modification would expand that portion of the Staunton, VA Class E5 airspace extending to the northwest of Bridgewater Air Park from ''within 1.5 miles either side of the 338° bearing from the airport extending from the 8.3-mile radius to 10 miles northwest of the airport'' to ''within 3.2 miles each side of the 329° bearing from the airport extending from the 8.3-mile radius to 15.2 miles northwest of the airport.'' This modification would expand the Class E airspace to encompass IFR operations for both the new RNAV runway 15 approach and the existing RNAV runway 15 approach, which will remain in service. This action also proposes to update the geographic coordinates in the Staunton, VA Class E5 airspace legal description for Bridgewater Air Park from (Lat. 38°22′00″ N, long. 78°57′37″ W) to (Lat. 38°21′55″ N, long. 78°57′32″ W), which is five seconds of latitude and five seconds of longitude.

Regulatory Notices and Analyses

The FAA has determined that this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. It, therefore, (1) is not a ''significant regulatory action'' under Executive Order 12866; (2) is not a ''significant rule'' under DOT Order 2100.6B, ''Rulemaking and Guidance Procedure'' (March 10, 2025); and (3) is expected to result in, at most, de minimis costs from compliance with applicable operating requirements or minor flight rerouting for operators choosing to navigate around the controlled airspace. Since these proposed amendments are routine and the expected impact to operators is de minimis, the FAA certifies that this proposed rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1G, ''FAA National Environmental Policy Act Implementing Procedures'' prior to any FAA final regulatory action.

31 CFR Part 1

Proposed Rule for Privacy Act Exemptions

AGENCY: Departmental Offices, Department of the Treasury.

ACTION: Proposed rule.

SUMMARY: In accordance with the Privacy Act of 1974, as amended (Privacy Act), the Department of the Treasury (Treasury) gives notice of a proposed exemption for a new system of records entitled ''Department of the Treasury, Treasury .032—Federal Program Waste, Fraud, and Abuse Tip Intake and Referral Records'' from certain provisions of the Privacy Act. This system of records is being established to support the receipt, maintenance, review, triage, and referral of tips, complaints, allegations, leads, supporting information, and related correspondence concerning suspected waste, fraud, abuse, improper payments, misuse of Federal funds, or other misconduct affecting Federal programs. The exemption is intended to protect investigatory material compiled for law enforcement purposes.

DATES: Written comments must be received by July 17, 2026.

ADDRESSES: Comments may be submitted by any of the following methods:

SUPPLEMENTARY INFORMATION:

Background

Treasury is establishing the ''Department of the Treasury, Treasury .032—Federal Program Waste, Fraud, and Abuse Tip Intake and Referral Records'' system of records to support the receipt and appropriate referral of information from the public via *www.fraud.gov* regarding suspected waste, fraud, abuse, improper payments, misuse of Federal funds, or other misconduct affecting Federal programs.

Executive Order 14249, ''Protecting America's Bank Account Against Fraud, Waste, and Abuse,'' states that it is the policy of the United States to defend against financial fraud and improper payments and directs Treasury-related activity to support fraud prevention and payment integrity. Executive Order 14395, ''Establishing the Task Force To Eliminate Fraud,'' directs a comprehensive national strategy to stop fraud, waste, and abuse in Federal benefit programs and includes Treasury, the Department of Justice, inspectors general, and other agencies in coordinated anti-fraud work.

Treasury intends to receive and maintain tips, complaints, allegations, referrals, supporting information, and related correspondence submitted by members of the public, Federal agencies, law enforcement entities, contractors, and grant recipients concerning suspected fraud, waste, abuse, improper payments, misuse of Federal funds, and related misconduct affecting Federal programs. Treasury will review, assess, validate, categorize, de-duplicate, triage, and refer such information to appropriate Federal agencies, Offices of Inspector General, law enforcement agencies, or other authorized entities in support of fraud detection, investigative, enforcement, and recovery activities. Treasury's review and referral activities are intended to facilitate the coordination and referral of matters that may warrant further review, investigation, enforcement action, or recovery efforts by authorized governmental entities.

To the extent that records maintained within this system constitute investigatory material compiled for law-enforcement purposes, including information supporting investigative, enforcement, and fraud-detection activities conducted by authorized agencies, such records may be exempt from certain provisions of the Privacy Act pursuant to 5 U.S.C. 552a(k)(2).

In a notice published elsewhere in the **Federal Register**, Treasury is proposing to establish a system of records for information collected and maintained in connection with Federal Program Waste, Fraud, and Abuse Tip Intake and Referral Records.

Privacy Act

Treasury is hereby giving notice of a proposed rule to exempt the Federal Program Waste, Fraud, and Abuse Tip Intake and Referral Records system from certain provisions of the Privacy Act pursuant to 5 U.S.C. 552a(k)(2) and the authority vested in the Secretary of the Treasury by 31 CFR 1.23(c).

Under 5 U.S.C. 552a(k)(2), the head of a Federal agency may promulgate rules to exempt a system of records from certain provisions of 5 U.S.C. 552a if the system of records contains investigatory material compiled for law enforcement purposes that are not within the scope of subsection (j)(2) of the Privacy Act (which applies to agencies and components thereof that perform as their principal function any activity pertaining to the enforcement of criminal laws).

To the extent that this system of records contains investigatory materials compiled for law enforcement purposes protected by 5 U.S.C. 552a(k)(2), Treasury proposes to exempt the following system of records from various provisions of the Privacy Act:

Treasury .032—Federal Program Waste, Fraud, and Abuse Tip Intake and Referral Records.

Under 5 U.S.C. 552a(k)(2), Treasury proposes that certain records in the above-referenced system of records be exempt from 5 U.S.C. 552a(c)(3), (d), (e)(1), (e)(4)(G), (H), and (I), and (f) of the Privacy Act. See 31 CFR 1.36.

The following are the reasons why investigatory materials contained in the above-referenced system of records may be exempted from various provisions of the Privacy Act pursuant to 5 U.S.C. 552a(k)(2).

(1) 5 U.S.C. 552a(c)(3) requires an agency to make any accounting of disclosures of records required by 5 U.S.C. 552a(c)(1) available to the individual named in the record upon his or her request. Exemption from this requirement is appropriate because release of the accounting of disclosures could alert individuals that they are the subject of a tip, complaint, allegation, referral, inquiry, or law enforcement-related review or analysis. Disclosure of the accounting could reveal the existence, scope, nature, or status of an inquiry or referral and could impede law enforcement or program-integrity efforts by allowing individuals to evade detection, influence witnesses, alter conduct, destroy evidence, fabricate information, or otherwise interfere with lawful investigative, enforcement, or recovery activities.

(2) 5 U.S.C. 552a(d) grants individuals access to records containing information about them and permits them to request amendment of records pertaining to them. Exemption from these requirements is appropriate because access to or amendment of records contained in this system could reveal the existence, nature, scope, or status of investigatory or law enforcement-related materials and could interfere with ongoing or prospective investigations, activities, recovery efforts, or other law enforcement purposes. Providing access or permitting amendment could enable subjects of tips or investigations to avoid detection, intimidate or influence witnesses, destroy evidence, conceal assets, coordinate testimony, or otherwise impede lawful activities. In addition, investigatory material may include information obtained from third parties or other agencies, the disclosure of which could compromise confidentiality, investigative techniques, or sensitive law enforcement information.

(3) 5 U.S.C. 552a(e)(1) requires an agency to maintain only such information about an individual as is relevant and necessary to accomplish a purpose required by statute or executive order. Exemption from this requirement is appropriate because, during the receipt, assessment, triage, referral, and review of tips and allegations, Treasury may obtain information whose relevance or accuracy is not immediately apparent. In the interests of

effective fraud prevention, payment integrity, law enforcement coordination and program-integrity activities, it is appropriate to retain information that may aid in identifying patterns, relationships, schemes, trends, or other indicators relevant to suspected waste, fraud, abuse, improper payments, or related misconduct.

(4) 5 U.S.C. 552a(e)(4)(G), (H), and (I) and 5 U.S.C. 552a(f) require an agency to publish procedures whereby individuals can determine whether a system contains records pertaining to them, gain access to such records, contest their contents, and identify categories of sources of records in the system. Exemption from these requirements is appropriate because this system is exempt from the access and amendment provisions of subsection (d). Publication of such procedures could undermine the purpose of the exemption by revealing investigatory interests, law enforcement-sensitive information, or the existence of ongoing referral or investigatory activities.

Any records from another Treasury system of records or another Executive Branch agency's system of records for which an exemption is claimed under 5 U.S.C. 552a(j) or (k) that may also be included in this system of records retain the same exempt status as such records have in the system for which the exemption is claimed.

Regulatory Analysis

This proposed rule is not a ''significant regulatory action'' under Executive Order 12866.

Pursuant to the requirements of the Regulatory Flexibility Act (RFA), 5 U.S.C. 601 *et seq.,* it is hereby certified that this proposed rule will not have a significant economic impact on a substantial number of small entities. This proposed rule, issued pursuant to 5 U.S.C. 552a(k)(2), is to exempt certain information maintained by Treasury in the above-referenced system of records from certain provisions of the Privacy Act. Small entities, as defined in the RFA, are not provided rights under the Privacy Act and are outside the scope of this regulation.
