abstract: Affected Public: Federal Government. Individuals who are contractors for the DOJ or who are processed for access to classified information by the DOJ.

Abstract: Self-reporting requirements set forth in the Department of Justice (DOJ) Policy Statement 1700.04, Department Personnel Security Reporting Requirements, issued April 18, 2018, apply to non-federal employee personnel affiliated with the DOJ. The policy contains reporting requirements that are applicable to the entire DOJ workforce as well as reporting requirements that apply only to personnel occupying a national security position or who have access to classified information. The requirements relating to national security are mandated by the Director of National Intelligence as the Security Executive Agent. The majority of the reports relate to the submitter's personal conduct and activities. There is one form for personnel to submit information on other personnel, consistent with government-wide reporting requirements. This collection request seeks approval for contractors and other non-federal employees who are processed for access to classified information to utilize the Department's automated reporting system called iReport, or, for the small population with no access to the IT system, to utilize PDF fillable forms to report the required information. The Security and Emergency Planning Staff, and other Department Security Offices, will use the reported information to determine the submitter's continued fitness for employment at the DOJ or continued eligibility for access to national security information. The Department security offices for each agency component will review, evaluate, and adjudicate the information received.

5. *Obligation to Respond:* Department-wide population covered by the requirement to self-report information in the forms listed in Sections 2a and 2b is estimated at 57,744. It is estimated that only three percent (1,732) will actually need to self-report. Department-wide population covered by the requirement to report information in the forms listed in Sections 2c through 2l is estimated to be 604. Amount of time estimated for an average reported is less than ten minutes.

6. *Total Estimated Number of Respondents:* 35,000.

7. *Estimated Time per Respondent:* 10 minutes.

8. *Frequency:* On occasion.

9. *Total Estimated Annual Time Burden:* Burden Hours: 389.

10. *Total Estimated Annual Other Costs Burden:* \$0.
