SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for revision and extension of a currently approved information collection. In response to intense pressure on U.S. coastal resources, and because of the importance of U.S. coastal areas, Congress passed the Coastal Zone Management Act of 1972 (CZMA), 16 U.S.C. 1451 *et seq.* The CZMA authorized a Federal program to encourage coastal states and territories to develop comprehensive coastal management programs. The CZMA has been reauthorized on several occasions, most recently with the enactment of the Coastal Zone Protection Act of 1996. (CZMA as amended). The program is administered by the Secretary of Commerce, who in turn has delegated this responsibility to the National Oceanic and Atmospheric Administration's (NOAA) National Ocean Services (NOS).

The coastal zone management grants provide funds to states and territories to: implement federally-approved coastal management programs; complete information for the Coastal Zone Management Program (CZMP) Performance Management System; develop multi-year program assessments and strategies to enhance their programs within priority areas under section 309 of the CZMA; submit documentation as described in CZMA section 306A for specific construction, acquisition, and

educational projects; submit requests to update their federally-approved programs through amendments or program changes; and develop and submit state coastal nonpoint pollution control programs (CNP) as required under section 6217 of the Coastal Zone Act Reauthorization Amendments.

Revisions:

1. The CZM progress report guidance has undergone minor updates that ensure consistency with NOAA/NOS grant requirements as well as CZMA strategic priorities. The revised CZM progress report guidance provides clarification for reporting on competitive and multi-year awards, as well as additional guidance on financial reporting requirements.

2. Section 309 Strategy & Assessment Program Guidance has undergone minor updates to the timeline for current submittals to ensure consistency with current NOAA/NOS priorities, and the CZM Program Strategic Plan.

3. The CZMA Performance Management System Guidance has undergone minor updates to clarify requirements and add references to the current CZM Performance Measure System database.

4. The CZM section 306A guidance has undergone minor updates to remove references to rescinded executive orders.

II. Method of Collection

Program documents, assessment and strategy documents, and other required materials are submitted electronically. Grant applications are submitted electronically via [Grants.gov](https://www.grants.gov) and performance reports are submitted electronically through the electronic Records Administration (eRA) site.
