

the public and affected agencies concerning the proposed collection of information are encouraged. Your comments should address one or more of the following four points:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and/or
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of responses.

Written comments and recommendations for this information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function and entering either the title of the information collection or the OMB Control 1103–0119. This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view Department of Justice, information collections currently under review by OMB.

DOJ seeks PRA authorization for this information collection for three (3) years. OMB authorization for an ICR cannot be for more than three (3) years without renewal. The DOJ notes that information collection requirements submitted to the OMB for existing ICRs receive a month-to-month extension while they undergo review.

Overview of this information collection:

1. *Type of Information Collection:* Revision of a previously approved collection.
2. *Title of the Form/Collection:* US DOJ Self Reportable Activities.
3. *Agency form number, if any, and the applicable component of the DOJ sponsoring the collection:* OMB 1103–0119.
4. *Affected public who will be asked or required to respond, as well as a brief*

abstract: Affected Public: Federal Government. Individuals who are contractors for the DOJ or who are processed for access to classified information by the DOJ.

Abstract: Self-reporting requirements set forth in the Department of Justice (DOJ) Policy Statement 1700.04, Department Personnel Security Reporting Requirements, issued April 18, 2018, apply to non-federal employee personnel affiliated with the DOJ. The policy contains reporting requirements that are applicable to the entire DOJ workforce as well as reporting requirements that apply only to personnel occupying a national security position or who have access to classified information. The requirements relating to national security are mandated by the Director of National Intelligence as the Security Executive Agent. The majority of the reports relate to the submitter's personal conduct and activities. There is one form for personnel to submit information on other personnel, consistent with government-wide reporting requirements. This collection request seeks approval for contractors and other non-federal employees who are processed for access to classified information to utilize the Department's automated reporting system called iReport, or, for the small population with no access to the IT system, to utilize PDF fillable forms to report the required information. The Security and Emergency Planning Staff, and other Department Security Offices, will use the reported information to determine the submitter's continued fitness for employment at the DOJ or continued eligibility for access to national security information. The Department security offices for each agency component will review, evaluate, and adjudicate the information received.

5. *Obligation to Respond:* Department-wide population covered by the requirement to self-report information in the forms listed in Sections 2a and 2b is estimated at 57,744. It is estimated that only three percent (1,732) will actually need to self-report. Department-wide population covered by the requirement to report information in the forms listed in Sections 2c through 2l is estimated to be 604. Amount of time estimated for an average reported is less than ten minutes.

6. *Total Estimated Number of Respondents:* 35,000.

7. *Estimated Time per Respondent:* 10 minutes.

8. *Frequency:* On occasion.

9. *Total Estimated Annual Time Burden:* Burden Hours: 389.

10. *Total Estimated Annual Other Costs Burden:* \$0.

If additional information is required, contact: Darwin Arceo, Department Clearance Officer, Enterprise Portfolio Management, Justice Management Division, United States Department of Justice, Two Constitution Square, 145 N Street NE, 4W–218 Washington, DC 20530.

Dated: June 15, 2026.

Darwin Arceo,

Department Clearance Officer for PRA, U.S. Department of Justice.

BILLING CODE 4410–14–P

NATIONAL SCIENCE FOUNDATION

Agency Information Collection Activities: Comment Request; Survey of Graduate Students and Postdoctorates in Science and Engineering

AGENCY: National Science Foundation.

ACTION: submission for OMB review; comment request.

SUMMARY: The National Science Foundation (NSF) has submitted the following request for revision of the approved collection of research and development data in accordance with the Paperwork Reduction Act of 1995. This is the second notice for public comment; the first was published in the **Federal Register** and no comments were received. NSF is forwarding the proposed renewal submission to the Office of Management and Budget (OMB) for clearance simultaneously with the publication of this second notice.

DATES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

FOR FURTHER INFORMATION CONTACT: Suzanne H. Plimpton, Reports Clearance Officer, National Science Foundation, Randolph Building, 401 Dulany Street, Alexandria, VA 22314; or send email to splimpto@nsf.gov. Individuals who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877–8339, which is accessible 24 hours a day, 7 days a week, 365 days a year (including federal holidays).

SUPPLEMENTARY INFORMATION: NSF may not conduct or sponsor a collection of information unless the collection of

information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Title of Collection: Survey of Graduate Students and Postdoctorates in Science and Engineering.

OMB Control Number: 3145–0062.

Type of Request: Intent to seek approval to extend an information collection for three years.

Summary of Collection: The Survey of Graduate Students and Postdoctorates in Science and Engineering (GSS), sponsored by the NCSES within the U.S. NSF and the National Institutes of Health, is designed to comply with legislative mandates by providing information on the characteristics of academic graduate enrollments in science, engineering and health fields. This request to extend the information collection for three years is to cover the

2026, 2027, and 2028 GSS survey cycles. The information collected by the GSS is solicited under the authority of the National Science Foundation Act of 1950, as amended and the America COMPETES Reauthorization Act of 2010. Data collection starts each fall in October and data are obtained primarily through a Web survey. Data are disseminated annually. All information will be used for statistical purposes only. Participation in the survey is voluntary.

To improve coverage of postdocs, the GSS periodically collects information on postdocs employed in Federally Funded Research and Development Centers (FFRDCs). This survey of postdocs at FFRDCs will be conducted as part of the 2027 GSS survey cycle.

Additional details regarding this survey are provided in an earlier **Federal Register** Notice, at 91 FR 11340.

Use of the Information: The GSS data are routinely provided to Congress, other parts of NSF, other Federal agencies, the GSS institutions

themselves, and several professional societies. In addition, the National Institutes of Health (NIH) publish GSS data annually in the NIH Data Book <https://report.nih.gov/nihdatabook/>.

Expected Respondents: The GSS is an annual census of all eligible academic institutions in the U.S. with graduate programs in science, engineering, and health fields. The response rate is calculated based on the number of reporting units (departments, programs, research centers, and health care facilities) that respond to the survey. For reference, in 2024, the GSS population was 23,121 units reported from 635 academic institutions. Based on recent cycles NCSES expects the annual response rate to be around 98 percent.

Estimate of Burden: The total estimated respondent burden of the GSS, including 2,000 hours for potential methodological studies to improve the survey procedures, will be 52,855 hours over the three-cycle survey clearance period.

TABLE 1—GSS ESTIMATED RESPONSE BURDEN

Category	Respondents (# of school coordinators)	Total burden (hours)
Total burden for 2026	793	16,886
Total burden for 2027	839	17,009
<i>GSS institutions</i>	798	16,923
<i>FFRDCs</i>	41	86
Total burden for 2028	803	16,960
Potential future methodological studies (across all 3 survey cycles)		2,000
Total estimated burden	2,435	52,855
Estimated average annual burden	812	17,618

Comments: As required by 5 CFR 1320.8(d), comments on the information collection activities as part of this study were solicited through publication of a 60-Day Notice in the **Federal Register** on March 9, 2026, at 91 FR 11340. NCSES received no comments.

Dated: June 15, 2026.

Suzanne H. Plimpton,
Reports Clearance Officer, National Science Foundation.

BILLING CODE 7555–01–P

**NATIONAL TRANSPORTATION
SAFETY BOARD**

[Docket No.: NTSB–2026–0001–0002]

**Office of the Managing Director: Chief
Data Officer; Fiscal Year 2026–2030
Strategic Plan; Correction**

AGENCY: National Transportation Safety Board.

ACTION: Notice; correction.

SUMMARY: The NTSB published a document in the **Federal Register** of June 10, 2026, concerning request for comments on the draft FY 2026–2030 Strategic Plan. The document contained an incorrect URL to the draft plan.

FOR FURTHER INFORMATION CONTACT:
Warren Randolph, Chief Data Officer,
strategicplan@ntsb.gov.

SUPPLEMENTARY INFORMATION:

Correction

In the **Federal Register** of June 10, 2026, in FR Doc.2026–11627 on page 35275 in the third column in the Summary section, correct the URL to the draft plan. The draft strategic plan is available at the following corrected URL: <https://www.nts.gov/about/reports/Documents/DRAFT-FY%202026-2030-Strategic-Plan.pdf>.

DATES: Comments must be received within 14 days from the posting of this notice.

ADDRESSES: Written comments may be submitted electronically or via U.S. mail. Respondents are encouraged to submit comments electronically to ensure timely receipt. Please include your name, title, organization, postal address, telephone number, and email address.

Electronic Submission: <http://regulations.gov>.

Email: strategicplan@ntsb.gov.
