DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR-6616-N-01]

Request for Information Regarding Products and Categories of Products Used in Housing Programs Pursuant to the Build America, Buy America Act

AGENCY: Office of the Assistant Secretary for Policy Development and Research, U.S. Department of Housing and Urban Development (HUD).

ACTION: Request for Information.

SUMMARY: This Request for Information (RFI) seeks public input, in support of HUD's implementation of the Build America, Buy America Act (BABA or the Act), on the availability of domestically manufactured items necessary for the construction, alteration, maintenance and repair of housing and certain other infrastructure projects in the United States funded through HUD's Federal Financial Assistance (FFA). The purpose of this RFI is to ensure HUD has comprehensive and up to date information on the domestic market, including the availability of BABA-compliant products and product categories used in HUD-assisted housing programs and other infrastructure projects involving buildings and real property. HUD is especially interested in comments from product manufacturers, suppliers, distributors, and other stakeholders regarding the availability of the products used in the construction, alteration, maintenance

and repair of housing and certain other infrastructure projects.

DATES: Comments to this RFI are due on or before July 20, 2026. Late-filed comments will be considered to the extent practicable.

ADDRESSES: Interested persons are invited to submit comments responsive to this RFI. Copies of comments submitted are available for inspection and downloading at www.regulations.gov. To receive consideration as public comments, comments must be submitted through one of the two methods specified below. All submissions must refer to the above docket number and title. Commenters are encouraged to identify the number of the specific question or questions to which they are responding. Responses should include the name(s) of the person(s) or organization(s) filing the comment; however, because responses received by HUD will be publicly available, responses should not include any other personally identifiable information nor any confidential commercial information.

1. *Electronic Submission of Comments.* Interested persons may submit comments electronically through the Federal eRulemaking Portal at www.regulations.gov. HUD strongly encourages commenters to submit comments electronically. Electronic submission of comments allows the commenter maximum time to prepare and submit a comment, ensures timely receipt by HUD, and enables HUD to make them immediately available to the public. Comments submitted electronically through the www.regulations.gov website can be viewed by other commenters and interested members of the public. Commenters should follow the instructions provided on that site to submit comments electronically.

2. *Submission of Comments by Mail.* Comments may be submitted by mail to the Regulations Division, Office of General Counsel, Department of Housing and Urban Development, 451 7th Street SW, Room 10276, Washington, DC 20410-0500.

SUPPLEMENTARY INFORMATION:

I. Responding to This Request for Information

HUD encourages product manufacturers, suppliers, distributors, and other stakeholders to identify products and categories of products that currently are domestically produced, compliant with BABA requirements, and have sufficient domestic availability to support HUD-assisted infrastructure projects, to assist contractors and project sponsors in incorporating compliant products in their projects and to help HUD focus its activities to benefit domestic manufacturers. To assist in gathering this information, HUD seeks input from the public, including domestic manufacturers, labor unions, transportation and trade associations, and other interested parties. HUD seeks information in several categories related to the domestic availability of products commonly used in housing infrastructure projects that are compliant with BABA's Buy America Preference (BAP) requirements.

Please indicate in your written comments the product or category of product you are commenting on and provide specific examples or information to illustrate your comments where possible. You do not need to address all products or categories of products and should focus on those where you have relevant expertise or experience. In all cases, to the extent possible, please cite any public data related to or that support your responses. If data is available, but non-public, describe such data to the extent permissible.

II. Build America, Buy America

The Build America, Buy America Act was enacted on November 15, 2021, as part of the Infrastructure Investment and Jobs Act ("IIJA").¹ The Act establishes a domestic content procurement preference, the BAP, for Federal infrastructure programs. Section 70914(a) of the Act establishes that no later than 180 days after the date of enactment, HUD must ensure that none of the funds made available for infrastructure projects may be obligated by the Department unless it has taken steps to ensure that the iron, steel, manufactured products, and construction materials used in a project are produced in the United States.
