SUPPLEMENTARY INFORMATION:**Background**

On August 24, 2017, Commerce published in the *Federal Register* the antidumping duty (AD) order on finished carbon steel flanges from India.¹ On February 12, 2026, Commerce published the *Preliminary Results* of the 2023–2024 administrative review and invited interested parties to comment.² On March 4, 2026, Norma Group³ submitted a case brief.⁴ No other party submitted case or rebuttal briefs. The deadline for these final results is June 12, 2026.

Scope of the Order

The merchandise covered by the Order is finished carbon steel flanges.

¹ See *Finished Carbon Steel Flanges from India and Italy: Antidumping Duty Orders*, 82 FR 40136 (August 24, 2017) (Order).

² See *Finished Carbon Steel Flanges from India: Preliminary Results of Antidumping Duty Administrative Review; 2023–2024*, 91 FR 6615 (March 12, 2026).

³ In prior segments of this proceeding, we determined that Norma (India) Limited, USK Exports Private Limited, Uma Shanker Khandelwal & Co., and Bansidhar Chiranjilal were affiliated and should be treated as a single entity (Norma Group). See, e.g., *Finished Carbon Steel Flanges from India: Preliminary Determination of Sales at Less Than Fair Value and Postponement of Final Determination*, 82 FR 9719 (February 8, 2017), and accompanying Preliminary Decision Memorandum (PDM) at 4–5, unchanged in *Finished Carbon Steel Flanges from India: Final Determination of Sales at Less Than Fair Value*, 82 FR 29483 (June 29, 2017); see also *Finished Carbon Steel Flanges from India: Preliminary Results of Antidumping Duty Administrative Review, and Rescission, in Part; 2022–2023*, 89 FR 74884 (September 13, 2024), unchanged in *Finished Carbon Steel Flanges From India: Final Results of Antidumping Duty Administrative Review; 2022–2023*, 90 FR 74 (January 2, 2025). In this administrative review, Norma (India) Limited and its affiliated entities have affirmed that the factual basis on which Commerce made its prior determinations has not changed. See Norma Group's Letter, "1st Supplemental Response Section A, C and D of Antidumping duty Questionnaire," dated August 11, 2025, at 6. Therefore, Commerce continues to treat these four companies as a single entity.

⁴ See Norma Group's Letter, "Case brief of Norma India Limited, USK Exports Private Limited, Uma Shanker Khandelwal & Co and Bansidhar Chiranjilal, together constituting Norma group," dated March 4, 2026.

Methodology

Commerce is conducting this review in accordance with sections 751(a)(1)(B) and (2) of the Tariff Act of 1930, as amended (the Act). Export price is calculated in accordance with section 772 of the Act. Normal value is calculated in accordance with section 773 of the Act. For a full description of the methodology underlying these final results, see the Issues and Decision Memorandum.

Analysis of Comments Received

All issues raised by parties in their case brief are addressed in the Issues and Decision Memorandum. A list of the issues which parties raised, and to which we responded in the Issues and Decision Memorandum, is provided in Appendix I to this notice. The Issues and Decision Memorandum is a public document and is on file electronically via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at <https://access.trade.gov>. In addition, the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/fnnotices>.

Changes Since the Preliminary Results

Based on our analysis of the comments received, and for the reasons explained in the Issues and Decision Memorandum, Commerce made certain changes to the preliminary weighted-average dumping margin for Norma Group. As a result of these changes, we have also revised the rate applicable to companies not selected for individual examination.

Successor-in-Interest Determination

In the past, Commerce has used changed circumstance reviews (CCRs), under section 751(b)(1) of the Act and 19 CFR 351.216, to consider the applicability of cash deposit rates after there have been changes in the name or the structure of a respondent, such as a merger or spinoff (successor-in-interest, or successorship, determinations). While successor-in-interest determinations are often made in the context of distinct CCRs, Commerce has
