

468A of the Internal Revenue Code—following the transfer of funds from Constellation South Texas to CPS Energy described in the Application. The Applicants stated that they are diligently working with the IRS to obtain a closing agreement that will clarify the tax treatment and allow the transaction to close. Additionally, the Applicants stated that the extension request does not change the scope of the initial Application, and there have been no material changes in the conditions upon which the NRC relied in issuing the Transfer Order and accompanying safety evaluation.

Based on the above, the NRC staff has determined that the Applicants have shown good cause for extending the effectiveness of the Transfer Order from June 11, 2026 to December 11, 2026.

#### IV.

Accordingly, pursuant to Sections 161b, 161i, 161o, and 184 of the Atomic Energy Act of 1954, as amended, 42 U.S.C. 2201(b), 2201(i), 2201(o), and 2234; and 10 CFR 50.80 and 10 CFR 72.50, it is hereby ordered that the effectiveness of the Transfer Order dated December 11, 2025, is extended until December 11, 2026.

*It is ordered* that after receipt of all required regulatory approvals of the proposed transaction, the Applicants shall inform the Director of the Office of Nuclear Reactor Regulation in writing of such receipt no later than 5 business days prior to the planned closing of the proposed transaction. Should the proposed transaction not be completed by December 11, 2026, this order shall become null and void, provided, however, that upon written application to the Director of the Office of Nuclear Reactor Regulation and for good cause shown, such date may be extended by order. The condition of this order may be amended upon application by the Applicants and approval by the NRC.

This Order is effective upon issuance.

For further details with respect to this Order, see the application dated July 31, 2024, and the associated NRC safety evaluation dated December 11, 2024 (ML24319A034).
