The finished and unfinished chassis subject to these investigations are typically classified in the Harmonized Tariff Schedule of the United States (HTSUS) at subheadings: 8716.39.0090 and 8716.90.5060. Imports of finished and unfinished chassis may also enter under HTSUS subheading 8716.90.5010. While the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise under investigation is dispositive.

SUPPLEMENTARY INFORMATION:

I. Abstract

On October 17, 2025, the President issued Proclamation 10984 (Adjusting Imports of Medium- and Heavy-Duty Vehicles, Medium- and Heavy-Duty Vehicle Parts, and Buses Into the United States) (90 FR 48451), finding that imports of medium- and heavy-duty vehicles (MHDVs), medium- and heavy-duty vehicle parts (MHDVPs), and buses threaten to impair the national security of the United States, and determining that it is necessary and appropriate to impose specified tariffs to adjust imports of MHDVs, MHDVPs, and buses so that such imports will not threaten to impair national security pursuant to section 232 of the Trade Expansion Act of 1962, as amended (19 U.S.C. 1862). In addition, Proclamation 10984 acknowledged the close connections and overlap between part suppliers for the automobile industry and for the MHDV industry, and determined that it is necessary and appropriate to conform certain aspects of the tariff system imposed in Proclamation 10908 of March 26, 2025 (Adjusting Imports of Automobiles and Automobile Parts Into the United States) (90 FR 14705), as amended, with the tariff system imposed in Proclamation 10984 for MHDVs, certain MHDVPs, and buses. Finally, the President found it necessary and appropriate to allow modification of tariffs imposed under Proclamation 9704 of March 8, 2018 (Adjusting Imports of Aluminum Into the United States) (83 FR 11619), as amended, and Proclamation 9705 of March 8, 2018 (Adjusting Imports of Steel Into the United States) (83 FR 11625), as amended, based on commitments to increase production of steel or aluminum products that support U.S. production capacity of key products, including U.S. automobiles and MHDVs.

To enhance the supply chain security and domestic production of U.S. MHDVs and automobiles, Proclamation 10984 authorized the Secretary to reduce tariffs owed under Proclamations 9704 and 9705 by up to half the otherwise applicable rate for aluminum or steel producers that operate production facilities in Canada or Mexico and supply U.S. automobile or

MHDV manufacturers. Such adjustments are to be limited to quantities of aluminum or steel equal to newly committed U.S. production capacity, as determined by the Secretary.

Proclamation 10984 provides that the adjusted tariff rate under Proclamations 9704 and 9705 may be no less than 25 percent, and that the adjusted tariff rate is only available for imports of aluminum and steel that qualify for preferential tariff treatment under the U.S.-Mexico-Canada Agreement (USMCA) and that were respectively smelted and cast or melted and poured in Canada or Mexico.

Proclamation 10984 directed the Secretary to administer this program in a manner consistent with the need to address the national security threats the President found in Proclamation 9704, Proclamation 9705, and Proclamation 9888 of May 17, 2019 (Adjusting Imports of Automobiles and Automobile Parts Into the United States) (84 FR 23433). The Secretary has determined that it is necessary to establish a process for firms that operate production facilities in Canada and Mexico to apply for the adjusted tariffs, as authorized in Proclamation 10984, based on the quantities of aluminum or steel equal to newly committed U.S. production capacity.¹ The Secretary has determined that only increased commitments to produce primary steel and primary aluminum should be eligible because these commitments address key bottlenecks and will increase the supply of U.S. steel and aluminum for downstream producers of automobiles and MHDVs. For purposes of these procedures, “primary steel” refers to steel articles that are produced in a basic oxygen furnace, electric arc furnace, or any other steel making furnace in the United States and “primary aluminum” means aluminum articles that are produced in a smelter in the United States.

The Secretary has also determined that, for purposes of these procedures, commitments to increase production capacity of primary steel and primary aluminum that supports U.S. production capacity of key products is limited to commitments to increase capacity of primary steel and primary aluminum that supports U.S. production capacity for automobiles, MHDVs, automobile parts, and MHDV parts (MHDVPs). Proclamation 10984 identifies automobiles and MHDVs as

examples of key products. As automobile parts and MHDVPs are critical inputs to MHDVs and automobiles, and as much of the steel and aluminum contained in automobiles and MHDVs is first incorporated into automobile parts and MHDVPs, the Secretary determined that automobile parts and MHDVPs are also “key products” under these procedures, consistent with the purpose of Proclamation 10984.

II. Method of Collection

A Federal Register Notice was published on April 23, 2026, announcing the opportunity for Qualified Companies making Qualifying Commitments to submit documentation, on a project-by-project basis, outlining their proposed investment plan, including the proposed location, production details, proposed capacity, and milestone commitments.

Raw Honey from India: Final Results of Antidumping Duty Administrative Review; 2023–2024

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The U.S. Department of Commerce (Commerce) determines that sales of raw honey from India were made at less than normal value (NV) during the period of review (POR) June 1, 2023, through May 31, 2024.

DATES: Applicable June 18, 2026.

FOR FURTHER INFORMATION CONTACT: Brittany Bauer or Javier Barrientos, AD/CVD Operations, Office V, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–3860 or (202) 482–2243, respectively.

SUPPLEMENTARY INFORMATION:

Background

On November 18, 2025, Commerce published the *Preliminary Results* and invited interested parties to comment.¹ Due to a backlog of documents that were electronically filed via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS) during the Federal Government shutdown, on November 24, 2025, Commerce tolled all deadlines in administrative proceedings by 21 days.²

¹ See *Raw Honey from India: Preliminary Results and Rescission, in Part, of Antidumping Duty Administrative Review; 2023–2024*, 90 FR 51645 (November 18, 2025) (*Preliminary Results*), and accompanying Preliminary Decision Memorandum.

² See Memorandum, “Tolling of all Case Deadlines,” dated November 24, 2025.

On March 12, 2026, we extended the deadline for these final results until May 29, 2026.³ On April 1, 2026, we issued a Post-Preliminary Analysis wherein we applied an adjustment to reflect an affirmative particular market situation (PMS) determination related to labor in India; we invited interested parties to comment on the Post-Preliminary Analysis.⁴ On May 28, 2026, Commerce extended the deadline for the final results by an additional nine days, to June 8, 2026.⁵

For a complete description of the events that occurred since the *Preliminary Results*, see the Issues and Decision Memorandum.⁶ The Issues and Decision Memorandum is a public document and is on file electronically via ACCESS. ACCESS is available to registered users at <https://access.trade.gov>. In addition, a complete version of the Issues and Decision Memorandum can be accessed directly at <https://access.trade.gov/frnotices>.

Scope of the Order⁷

The product covered by this *Order* is raw honey from India. For a full description of the scope, see the Issues and Decision Memorandum.

Analysis of Comments Received

We addressed the issues raised in the case and rebuttal briefs in the Issues and Decision Memorandum. A list of the issues addressed in the Issues and Decision Memorandum is included in Appendix I to this notice.

Changes Since the Preliminary Results and Post-Preliminary Analysis

Based on our review of the record, including comments received from

³ See Memorandum, “Extension of Deadline for Final Results of Antidumping Duty Administrative Review,” dated March 12, 2026.

⁴ See Memorandum, “Post-Preliminary Analysis in the 2023–2024 Administrative Review of the Antidumping Duty Order on Raw Honey from India,” dated April 1, 2026 (Post-Preliminary Analysis).

⁵ See Memorandum, “Second Extension of Deadline for Final Results of Antidumping Duty Administrative Review,” dated May 28, 2026. Nine days after May 29, 2026, is Sunday, June 7, 2026. Commerce's practice dictates that, where a deadline falls on a weekend or federal holiday, the appropriate deadline is the next business day, which, in this case, is Monday, June 8, 2026. See *Notice of Clarification: Application of “Next Business Day” Rule for Administrative Determination Deadlines Pursuant to the Tariff Act of 1930, As Amended*, 70 FR 24533 (May 10, 2005).
