Abstract of Information Available

Human remains representing, at least, one individual has been identified. No associated funerary objects are present. The remains consist of a single, well-preserved cranium and mandible that were given to USM by a local community member in 2015 who in turn had been given the ancestor by a retired doctor. The only provenience information provided was that the ancestor was recovered at a mound near Millry in Washington County, AL. Although no burial sites have been reported in the area, the community is near a historic Choctaw treaty line.

Cultural Affiliation

Based on the information available and the results of consultation, cultural affiliation is reasonably identified by the geographical location or acquisition history of the human remains.

Determinations

USM has determined that:

- The human remains described in this notice represent the physical remains of one individual of Native American ancestry.
- There is a connection between the human remains described in this notice and the Alabama-Quassarte Tribal Town; Coushatta Tribe of Louisiana; Mississippi Band of Choctaw Indians; Seminole Tribe of Florida; and The Choctaw Nation of Oklahoma.

Written requests for repatriation of the human remains in this notice must be sent to the authorized representative identified in this notice under

2. Any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or an Indian Tribe or Native Hawaiian organization with cultural affiliation.

Repatriation of the human remains described in this notice to a requestor may occur on or after July 22, 2026. If competing requests for repatriation are received, USM must determine the most appropriate requestor prior to repatriation.
