SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-105707; File No. 4-518]

Joint Industry Plan; Notice of Filing and Immediate Effectiveness of Amendment to the Plan Establishing Procedures Under Rule 605 of Regulation NMS To Add Texas Stock Exchange LLC as a Participant

DATES: June 16, 2026.

Pursuant to Section 11A(a)(3) of the Securities Exchange Act of 1934 (“Act”)¹ and Rule 608 thereunder,² notice is hereby given that on June 11, 2026, Texas Stock Exchange LLC (“TXSE” or “Exchange”) filed with the Securities and Exchange Commission (“Commission”)³ an amendment to the national market system plan establishing procedures under Rule 605 of Regulation NMS (“Plan”).⁴ The amendment adds TXSE as a Participant⁵ to the Plan. The Commission is publishing this notice to solicit comments on the amendment from interested persons.

¹ 15 U.S.C 78k-1(a)(3).

² 17 CFR 242.608.

³ See letter from Jeff Brown, General Counsel, TXSE, dated June 11, 2026.

⁴ 17 CFR 242.605. On April 12, 2001, the Commission approved a national market system plan for the purpose of establishing procedures for market centers to follow in making their monthly reports available to the public under Rule 11Ac1-5 under the Act (n/k/a Rule 605 of Regulation NMS). See Securities Exchange Act Release No. 44177 (April 12, 2001), 66 FR 19814 (April 17, 2001).

⁵ The term “Participant” is defined as a party to the Plan. See Section I(c) of the Plan.

I. Description and Purpose of the Plan Amendment

As noted above, the sole proposed amendment to the Plan is to add the Exchange as a Participant. On September 30, 2025, the Commission issued an order granting TXSE’s application for registration as a national securities exchange.⁶ A condition of the Commission’s approval was the requirement for TXSE to join the Plan.⁷

Under Section II(c) of the Plan, any entity registered as a national securities exchange or national securities association under the Act may become a Participant by: (i) executing a copy of the Plan, as then in effect; (ii) providing each then-current Participant with a copy of such executed Plan; and (iii) effecting an amendment to the Plan as specified in Section III(b) of the Plan. Section III(b) of the Plan sets forth the process for a prospective new Participant to effect an amendment of the Plan. Specifically, the Plan provides that such an amendment to the Plan may be effected by the new national securities exchange or national securities association by executing a copy of the Plan, as then in effect (with the only changes being the addition of the new Participant’s name in Section II(a) of the Plan and the new Participant’s code in Exhibit A of the Plan) and submitting such executed Plan to the Commission. The Plan then provides that the amendment will be effective when it is approved by the Commission or otherwise becomes effective pursuant to Section 11A of the Act and Rule 608 of Regulation NMS thereunder.

TXSE has executed a copy of the Plan currently in effect, with the only changes being the addition of its name in Section II(a) of the Plan and adding its single-digit code in Exhibit A of the Plan, and has provided a copy of the Plan executed by TXSE to each of the other Participants. TXSE has also submitted the executed Plan to the Commission. Accordingly, all of the Plan requirements for effecting an amendment to the Plan to add TXSE as a Participant have been satisfied.

II. Effectiveness of the Proposed Plan Amendment

The foregoing Plan amendment has become effective pursuant to Rule 608(b)(3)(iii) of the Act⁸ because it involves solely technical or ministerial matters. At any time within sixty days

of the filing of this amendment, the Commission may summarily abrogate the amendment and require that it be refiled pursuant to paragraph (a)(1) of Rule 608,⁹ if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or the maintenance of fair and orderly markets, to remove impediments to, and perfect the mechanisms of, a national market system or otherwise in furtherance of the purposes of the Act.

III. Solicitation of Comments

Interested persons are invited to submit written data, views and arguments concerning the foregoing, including whether the amendment is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission’s internet comment form (<http://www.sec.gov/rules/sro.shtml>); or
- Send an email to rule-comments@sec.gov. Please include file number 4-518 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE, Washington, DC 20549-1090.

All submissions should refer to file number 4-518. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission’s internet website (<http://www.sec.gov/rules/sro.shtml>). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed plan amendment that are filed with the Commission, and all written communications relating to the amendment between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for website viewing and printing in the Commission’s Public Reference Room, 100 F Street, NE, Washington, DC 20549, on official business days between the hours of 10 a.m. and 3 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–105705; File No. SR–NYSETEX–2026–22]

Self-Regulatory Organizations; NYSE Texas, Inc.; Notice of Filing of Proposed Rule Change To Add a New Partial Cabinet Solution Bundle

June 16, 2026.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b–4 thereunder,² notice is hereby given that on June 2, 2026, NYSE Texas, Inc. (“NYSE Texas” or the “Exchange”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I, II, and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to add a new Partial Cabinet Solution bundle as part of its co-location services. The description of the Partial Cabinet Solution bundles and related fees in the Connectivity Fee Schedule (“Fee Schedule”) would be updated accordingly. The proposed rule change is available on the Exchange’s website at www.nyse.com and at the principal office of the Exchange.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to add a new Partial Cabinet Solution (“PCS”) bundle as part of its co-location services. Specifically, the Exchange proposes to add a 4 kW PCS bundle. The description of the PCS bundles and related fees in the Fee Schedule would be updated accordingly.

The Exchange expects that the proposed rule change would become operative no later than October 31, 2026. The Exchange will announce the date through a customer notice.

Background

Currently, Users³ may select a PCS bundle which includes a 2 kW partial cabinet; access to the Liquidity Center Network (“LCN”) and internet protocol (“IP”) network, the local area networks available in the data center; two NMS network⁴ connections, two fiber cross connections; and connectivity to one of two time feeds.⁵ In addition to other requirements, a User and its Affiliates⁶ must have an Aggregate Cabinet Footprint⁷ of 2 kW or less to qualify for the PCS bundle.

The PCS bundles were designed to attract smaller Users, including those with minimal power or cabinet space demands or those for which the costs attendant with having a dedicated

cabinet or greater network connection bandwidth are too burdensome.⁸ That has not changed. But as hardware and other infrastructure has evolved, even those with minimal demands need more power to meet the requirements of their hardware, such that even smaller Users may find the existing 2 kW PCS bundle inadequate to meet their needs.

Proposed Changes

To respond to Users’ increased power needs, the Exchange proposes to add a new 4 kW PCS bundle. To differentiate it from the existing 2 kW PCS bundle, the Exchange proposes to label them as Options A and B. Like its predecessor, Option B would be sized to meet the needs of smaller Users and their current power needs.

To implement the changes, the Exchange would amend Note 1, in relevant part, as follows (proposed additions *italicized*):

1. To qualify for a Partial Cabinet Solution bundle, a User must meet the following conditions: (1) it must purchase only one Partial Cabinet Solution bundle; (2) the User and its Affiliates must not currently have a Partial Cabinet Solution bundle; and (3) after the purchase of the Partial Cabinet Solution bundle, the User, together with its Affiliates, will have an Aggregate Cabinet Footprint of no more than 2 kW *for Option A and 4 kW for Option B.*

- A User requesting a Partial Cabinet Solution bundle will be required to certify to the Exchange (a) whether any other Users or Hosted Customers are Affiliates of the certifying User, and (b) that after the purchase of the Partial Cabinet Solution bundle, the User, together with its Affiliates, would have an Aggregate Cabinet Footprint of no more than 2 kW *for Option A and 4 kW for Option B.*

The Exchange would also amend the Fee Schedule to label the 2 kW PCS bundle as Option A and add the new proposed Option B. The amended Fee Schedule would read as follows (proposed deletions bracketed; proposed additions *italicized*):

¹⁰ 17 CFR 200.30–3(a)(85).

¹ 15 U.S.C. 78s(b)(1).

² 17 CFR 240.19b–4.

³ For purposes of the Exchange’s colocation services, a “User” means any market participant that requests to receive colocation services directly from the Exchange. See Securities Exchange Act Release No. 87408 (October 28, 2019), 84 FR 58778 at n.6 (November 1, 2019) (SR–NYSECHX–2019–12). As specified in the Fee Schedule, a User that incurs colocation fees for a particular colocation service pursuant thereto would not be subject to colocation fees for the same colocation service

charged by the New York Stock Exchange LLC, NYSE American LLC, NYSE Arca, Inc., and NYSE National, Inc. (together, the “Affiliate SROs”). Each Affiliate SRO has submitted substantially the same proposed rule change to propose the change described herein.

⁴ The NMS Network is an alternate dedicated network connection that Users use to access the NMS feeds for which the Securities Industry Automation Corporation is engaged as the securities information processor. See Securities Exchange Act Release No. 88972 (May 29, 2020), 85 FR 34472 (June 4, 2020) (SR–NYSECHX–2020–18).

⁵ See Securities Exchange Act Release No. 97751 (June 16, 2023), 88 FR 41178 (June 23, 2023) (SR–NYSECHX–2023–12).

⁶ An “Affiliate” of a User is any other User or Hosted Customer that is under 50% or greater common ownership or control of the first User. See Schedule, p. 1.

⁷ The “Aggregate Cabinet Footprint” of a User is the total kW of the User’s cabinets, including both partial and dedicated cabinets. Fee Schedule, p. 1.

⁸ See Securities Exchange Act No. 87853 (December 23, 2019), 84 FR 72392 (December 31, 2019) (SR–NYSECHX–2019–27).
