

TABLE B—2026–2027 AWARD YEAR DEADLINE DATES BY WHICH AN INSTITUTION MUST SUBMIT DISBURSEMENT INFORMATION FOR THE PELL GRANT, DIRECT LOAN AND TEACH GRANT PROGRAMS ¹—Continued

Which program?	What is submitted?	Under what circumstances is it submitted?	Where is it submitted?	What are the deadlines for disbursement and for submission of records and information?
TEACH Grant and Direct Loan Programs.	An upward (increase) adjustment or a new origination or disbursement record.			No later than the earlier of: (a) 15 calendar days after the institution becomes aware of the need to make an adjustment to previously reported data; or (b) When the institution is fully reconciled and is ready to submit all additional data for the program and the award year.
Pell Grant Program	An origination or disbursement record.	It is after the deadline submission date and the institution has received approval of its request for an extension to the deadline submission date based on a natural disaster, other unusual circumstances, or an administrative error made by the Department.	Via the COD website at: https://cod.ed.gov .	The earlier of: (a) A date designated by the Secretary after consultation with the institution; or (b) February 1, 2028.
Pell Grant Program	An origination or disbursement record.	It is after the deadline submission date and the institution has received approval of its request for administrative relief to extend the deadline submission date based on a student's reentry to the institution within 180 days after initially withdrawing. ³	Via the COD website at: https://cod.ed.gov .	The earlier of: (a) 15 days after the student re-enrolls; or (b) May 3, 2028.

¹ A COD Processing Year is a period of time in which institutions are permitted to submit Direct Loan records to the COD System that are related to a given award year. For a Direct Loan, the period of time includes loans that have a loan period covering any day in the 2026–2027 award year.

² Transmissions must be completed and accepted before the designated processing time on the deadline submission date. The designated processing time is published annually via an electronic announcement posted to the Knowledge Center via FSA's Partner Connect website at: <https://fsapartners.ed.gov/knowledge-center>. If transmissions are started at the designated time, but are not completed until after the designated time, those transmissions will not meet the deadline. In addition, any transmission submitted on or just prior to the deadline date that is rejected may not be reprocessed because the deadline will have passed by the time the user gets the information notifying him or her of the rejection.

³ Applies only to students enrolled in clock-hour and nonterm credit-hour educational programs.

Note: The COD System must accept origination data for a student from an institution before it accepts disbursement information from the institution for that student. Institutions may submit origination and disbursement data for a student in the same transmission. However, if the origination data is rejected, the disbursement data is rejected.
