

Persons who comment on the environmental review of this project will be placed on the Commission's environmental mailing list, and will receive notification when the environmental documents (EA or EIS) are issued for this project and will be notified of meetings associated with the Commission's environmental review process.

The Commission considers all comments received about the project in determining the appropriate action to be taken. However, the filing of a comment alone will not serve to make the filer a party to the proceeding. To become a party, you must intervene in the proceeding. For instructions on how to intervene, see below.

Interventions

Any person, which includes individuals, organizations, businesses, municipalities, and other entities,⁶ has the option to file a motion to intervene in this proceeding. Only intervenors have the right to request rehearing of Commission orders issued in this proceeding and to subsequently challenge the Commission's orders in the U.S. Circuit Courts of Appeal.

To intervene, you must submit a motion to intervene to the Commission in accordance with Rule 214 of the Commission's Rules of Practice and Procedure⁷ and the regulations under the NGA⁸ by the intervention deadline for the project, which is 5:00 p.m. Eastern Time on July 8, 2026. As described further in Rule 214, your motion to intervene must state, to the extent known, your position regarding the proceeding, as well as your interest in the proceeding. For an individual, this could include your status as a landowner, ratepayer, resident of an impacted community, or recreationist. You do not need to have property directly impacted by the project in order to intervene. For more information about motions to intervene, refer to the FERC website at <https://www.ferc.gov/resources/guides/how-to/intervene.asp>.

There are two ways to submit your motion to intervene. In both instances, please reference the Project docket number CP26–539–000 in your submission.

(1) You may file your motion to intervene by using the Commission's eFiling feature, which is located on the Commission's website (www.ferc.gov) under the link to Documents and Filings. New eFiling users must first create an account by clicking on

"eRegister." You will be asked to select the type of filing you are making; first select "General" and then select "Intervention." The eFiling feature includes a document-less intervention option; for more information, visit <https://www.ferc.gov/docs-filing/efiling/document-less-intervention.pdf>; or

(2) You can file a paper copy of your motion to intervene, along with three copies, by mailing the documents to the address below. Your motion to intervene must reference the Project docket number CP26–539–000.

To file via USPS: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 888 First Street NE, Washington, DC 20426.

To file via any other courier: Debbie-Anne A. Reese, Secretary, Federal Energy Regulatory Commission, 12225 Wilkins Avenue, Rockville, Maryland 20852.

The Commission encourages electronic filing of motions to intervene (option 1 above) and has eFiling staff available to assist you at (202) 502–8258 or FercOnlineSupport@ferc.gov.

Protests and motions to intervene must be served on the applicants either by mail at: Pamela J. Anderson, Perkins Coie LLP, 10885 NE 4th Street, Suite 700, Bellevue, Washington 98033 and at: Jack Grant, Law Offices of Jack H. Grant, 114 W Magnolia Street, 4th Floor #36, Bellingham, Washington, 98225, or by email (with a link to the document) at PJAnderson@perkinscoie.com and jgrant@jackgrantlaw.com. Any subsequent submissions by an intervenor must be served on the applicant and all other parties to the proceeding. Contact information for parties can be downloaded from the service list at the eService link on FERC Online. Service can be via email with a link to the document.

All timely, unopposed⁹ motions to intervene are automatically granted by operation of Rule 214(c)(1).¹⁰ Motions to intervene that are filed after the intervention deadline are untimely, and may be denied. Any late-filed motion to intervene must show good cause for being late and must explain why the time limitation should be waived and provide justification by reference to factors set forth in Rule 214(d) of the Commission's Rules and Regulations.¹¹ A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies (paper or electronic)

⁹ The applicant has 15 days from the submittal of a motion to intervene to file a written objection to the intervention.

¹⁰ 18 CFR 385.214(c)(1).

¹¹ 18 CFR 385.214(b)(3) and (d).

of all documents filed by the applicant and by all other parties.

Tracking the Proceeding

Throughout the proceeding, additional information about the project will be available from OPP at (202) 502–6595 or on the FERC website at www.ferc.gov using the "eLibrary" link as described above. The eLibrary link also provides access to the texts of all formal documents issued by the Commission, such as orders, notices, and rulemakings.

In addition, the Commission offers a free service called eSubscription which allows you to keep track of all formal issuances and submittals in specific dockets. This can reduce the amount of time you spend researching proceedings by automatically providing you with notification of these filings, document summaries, and direct links to the documents. For more information and to register, go to www.ferc.gov/docs-filing/esubscription.asp.

Intervention Deadline: 5:00 p.m. Eastern Time on July 8, 2026.

[Project No. 2538–106]

Erie Boulevard Hydropower L.P.; Notice of Intent To Prepare an Environmental Assessment

On June 2, 2025, Erie Boulevard Hydropower L.P. filed an application to replace the remaining conventional wooden flashboards with a pneumatic flashboard system for the Beebee Island Project No. 2538. The project is located on the Black River in the town of Watertown, in Jefferson County, New York. The project does not occupy federal lands.

The licensee proposes to remove the remaining 3-foot-high wooden flashboard system located atop approximately two-thirds of the dam crest and replace it with a pneumatic flashboard system. The existing conventional wooden flashboards fail annually from high flows in the river, often multiple times each year. The proposed pneumatic system consists of steel plates supported by inflatable air bladders that can be raised or lowered

⁶ 18 CFR 385.102(d).

⁷ 18 CFR 385.214.

⁸ 18 CFR 157.10.

in response to operational needs or flood events. As part of the pneumatic flashboard system, the licensee proposes to provide the required veiling flows, pursuant to license Article 414 and ordering paragraph (A) of the Order Approving Plan For Veiling Flows, by installing a sump pump behind the trashracks and pipe with appropriately sized holes to achieve the 0.5 inch flow along the top of the dam, positioned behind the plate of the pneumatic flashboard system from May 1 to October 31. The proposed pneumatic system would enhance operational control of the spillway and improve the dam safety program at the Beebe Island Project. The system would improve operational efficiency, and would provide more stable environmental conditions by reducing reservoir elevation fluctuations.

The licensee proposes a drawdown of approximately 1.0 foot below the crest of the dam for a duration of approximately six weeks to install the pneumatic flashboard system. Reservoir elevation would be returned to normal following construction activities. No new ground disturbance is expected. On March 30, 2026, Commission staff noticed the application for a 30-day comment period. On April 28, 2026, the U.S. Department of the Interior and New York State Department of Environmental Conservation filed motions to intervene. On April 29, 2026, New York Rivers United filed a motion to intervene.

This notice identifies Commission staff's intention to prepare an environmental assessment (EA) under the National Environmental Policy Act (42 U.S.C. 4321 *et seq.*) for the project.¹ Commission staff plans to issue an EA by November 2, 2026. Revisions to the schedule may be made as appropriate. The EA will be issued for a 30-day comment period. All comments filed on the EA will be reviewed by staff and considered in the Commission's final decision on the proceeding.

For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, contact the Office of Public Participation at (202) 502-6595 or OPP@ferc.gov.

Any questions regarding this notice may be directed to Mark Mattozzi at 202-502-8087 or Mark.Mattozzi@ferc.gov.

Combined Notice of Filings

Take notice that the Commission has received the following Natural Gas Pipeline Rate and Refund Report filings:

Filings Instituting Proceedings

Docket No. PR26-62-000.

Applicants: Atmos Energy Corporation, Kentucky/Mid-States Division (Tennessee).

Description: 284.123(g) Rate Filing; 2026 Rate Update to be effective 6/1/2026.

Filed Date: 6/16/26.

Accession Number: 20260616-5028.

Comment Date: 5 p.m. ET 7/7/26.

284.123(g) Protest: 5 p.m. ET 8/17/26.

Any person desiring to intervene, to protest, or to answer a complaint in any of the above proceedings must file in accordance with Rules 211, 214, or 206 of the Commission's Regulations (18 CFR 385.211, 385.214, or 385.206) on or before 5:00 p.m. Eastern time on the specified comment date. Protests may be considered, but intervention is necessary to become a party to the proceeding.

Filings in Existing Proceedings

Docket Numbers: RP26-257-000.

Applicants: Alliance Pipeline L.P.

Description: Report Filing; 45-Day Test Period Updates—RP26-257 to be effective N/A.

Filed Date: 6/15/26.

Accession Number: 20260615-5154.

Comment Date: 5 p.m. ET 6/29/26.

Docket Numbers: RP26-257-000.

Applicants: Alliance Pipeline L.P.

Description: Report Filing; 45-Day Test Period Updates—RP26-257—Errata to be effective N/A.

Filed Date: 6/16/26.

Accession Number: 20260616-5035.

Comment Date: 5 p.m. ET 6/29/26.

Any person desiring to protest in any of the above proceedings must file in accordance with Rule 211 of the Commission's Regulations (18 CFR 385.211) on or before 5:00 p.m. Eastern time on the specified comment date.

The filings are accessible in the Commission's eLibrary system (<https://elibrary.ferc.gov/idmws/search/fercensearch.asp>) by querying the docket number.

eFiling is encouraged. More detailed information relating to filing requirements, interventions, protests, service, and qualifying facilities filings can be found at: <http://www.ferc.gov/docs-filing/efiling/filing-req.pdf>. For other information, call (866) 208-3676 (toll free). For TTY, call (202) 502-8659.

For public inquiries and assistance with making filings such as interventions, comments, or requests for rehearing, contact the Office of Public Participation at (202) 502-6595 or OPP@ferc.gov.

Dated: June 18, 2026.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. EL26-72-000]

ISO New England Inc.; Central Maine Power Company; The Connecticut Light and Power Company; Fitchburg Gas and Electric Light Company; Green Mountain Power Corporation; Maine Electric Power Company; The Narragansett Electric Company; New England Power Company; New Hampshire Transmission, LLC; NSTAR Electric Company; Public Service Company of New Hampshire; The United Illuminating Company; Unitil Energy Systems, Inc.; Vermont Electric Cooperative, Inc.; Vermont Electric Power Company, Inc.; Vermont Transco LLC; Versant Power; Notice of Institution of Section 206 Proceeding and Refund Effective Date

On June 18, 2026, the Commission issued an order in Docket No. EL26-72-000 pursuant to section 206 of the Federal Power Act (FPA), 16 U.S.C. 824e, instituting an investigation to determine whether ISO New England Inc.'s Transmission, Markets and Services Tariff is unjust, unreasonable, unduly discriminatory or preferential, or otherwise unlawful. *ISO New Eng. Inc.*, 195 FERC ¶ 61,215 (2026).

The refund effective date in Docket No. EL26-72-000, established pursuant to section 206(b) of the FPA, will be the date of publication of this notice in the **Federal Register**.

Any interested person desiring to be heard in Docket No. EL26-72-000 must file a notice of intervention or motion to intervene, as appropriate, with the Federal Energy Regulatory Commission, in accordance with Rule 214 of the
