SUPPLEMENTARY INFORMATION:

Title: *Associated Form; and OMB Number:* Shipbuilding Industrial Base Demographics Survey; OMB Control Number 0703–0086.

Type of Request: Extension.

Number of Respondents: 1,263.

Responses per Respondent: 1.

Annual Responses: 1,263.

Average Burden per Response: 4.81 hours.

Annual Burden Hours: 6,075.

Needs and Uses: The Department of the Navy must collect information to analyze the demographics, training requirements, and occupational experience of the shipbuilding defense industrial base. This collection is necessary to comply with Section 1026 of the William M. (Mac) Thornberry National Defense Authorization Act for Fiscal Year 2021, which mandates a biennial report to Congress on this topic.

The collected data will be used to draft the biennial congressional report and to inform the Navy's strategy for funding workforce development initiatives. The analysis will identify current trends, projected experience gaps, and other key demographic factors to help strengthen the shipbuilding workforce. The information is collected via a Microsoft Excel survey, which is emailed directly to suppliers by the Naval Sea Systems Command Maritime Industrial Base Program.

The respondents for this survey are private companies and industry organizations that function as suppliers in the shipbuilding industrial base. Without this information, the Navy would be unable to provide a complete report to Congress or develop effective, data-driven strategies to ensure the health and readiness of the nation's shipbuilding workforce.

Affected Public: Business or other for-profit.

Frequency: Biennially.

Respondent's Obligation: Voluntary.

Needs and Uses: The Department of War (DoW) is required by law to provide comprehensive relocation and housing assistance to service members and their families. This information collection is necessary to operate the enterprise Military Housing System (eMH) suite of tools, which enables the DoW to meet its legal obligations to provide home-finding services and manage military housing programs effectively.

The information collected is used to support service members and their families through several web-based applications:

- *HOMES.mil Rental Listing Service:* Property owners voluntarily provide information to list rental properties, creating a centralized inventory for service members seeking community housing. Service members can view listings and request assistance from military housing offices. The data also supports the calculation of housing allowances.

- *Housing Early Assistance Tool (HEAT):* Service members and their families use this tool to submit requests for information and housing services directly to their destination installation's military housing office.

- *DoD Housing Feedback System (DHFS):* This platform allows active-duty service members and their dependents to submit feedback, comments, or concerns about their experiences in privatized military housing, promoting transparency and accountability with housing providers.

This information collection is authorized by 10 U.S.C. 1056, 10 U.S.C. 2831, and DoD Instruction 4165.63.
