

if there is no rate for the intermediate company(ies) involved in the transaction.

Commerce intends to issue assessment instructions to CBP no earlier than 35 days after the date of publication of the final results of this review in the **Federal Register**. If a timely summons is filed at the U.S. Court of International Trade, the assessment instructions will direct CBP not to liquidate relevant entries until the time for parties to file a request for a statutory injunction has expired (*i.e.*, within 90 days of publication).

Cash Deposit Requirements

The following cash deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rates for the companies identified above in the “Final Results of Review” section will be equal to the company-specific weighted-average dumping margin established in the final results of this administrative review; (2) for merchandise exported by a company not covered in this administrative review but covered in a completed prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment of this proceeding; (3) if the exporter is not a firm covered in this review or completed prior segment of this proceeding but the producer is, the cash deposit rate will be the company-specific rate established for the most recently-completed segment of this proceeding for the producer of the subject merchandise; and (4) the cash deposit rate for all other producers or exporters will continue to be 3.91 percent, the rate established in the investigation of this proceeding.⁸ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping and/or countervailing duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in Commerce’s presumption that reimbursement of antidumping and/or countervailing duties has occurred and

the subsequent assessment of double antidumping duties, and/or an increase in the amount of antidumping duties by the amount of the countervailing duties.

Administrative Protective Order

This notice also serves as a final reminder to parties subject to an administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3), which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

Notification to Interested Parties

We are issuing and publishing this notice in accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(5) and 19 CFR 351.213(h)(1).

Polypropylene Corrugated Boxes From the Socialist Republic of Vietnam: Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: Based on affirmative final determinations by the U.S. Department of Commerce (Commerce) and the U.S. International Trade Commission (ITC), Commerce is issuing the antidumping duty (AD) order on polypropylene corrugated boxes from the Socialist Republic of Vietnam (Vietnam).

DATES: Applicable July 17, 2026.

FOR FURTHER INFORMATION CONTACT: Alex Cipolla, AD/CVD Operations, Office III Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW, Washington, DC 20230; telephone: (202) 482–4956.

SUPPLEMENTARY INFORMATION:

Background

On May 20, 2026, Commerce published its affirmative *Final Determination* in the less-than-fair-value (LTFV) investigation of polypropylene corrugated boxes from Vietnam in accordance with sections 735(d) and 777(i) of the Tariff Act of 1930, as amended (the Act).¹ On July 6, 2026, the ITC notified Commerce of its final affirmative determination that an industry in the United States is materially injured by reason of dumped imports of polypropylene corrugated boxes from Vietnam, within the meaning of section 735(b)(1)(A)(i) of the Act.²

Scope of the Order

The products covered by this order are polypropylene corrugated boxes from Vietnam. For a complete description of the scope of the order, see the appendix to this notice.

AD Order

Based on the above-referenced affirmative final determination by the ITC, in accordance with sections 735(c)(2) and 736 of the Act, Commerce is issuing this AD order. Because the

² See ITC’s Letter, “Notification of Final Determination,” dated July 6, 2026.

⁸ See *Order*, 71 FR at 56952.

ITC determined that an industry in the United States is materially injured by reason of imports of polypropylene corrugated boxes from Vietnam, unliquidated entries of such merchandise from Vietnam, entered or withdrawn from warehouse for consumption, are subject to the assessment of antidumping duties.

Therefore, in accordance with section 736(a)(1) of the Act, Commerce will direct U.S. Customs and Border Protection (CBP) to assess, upon further instruction by Commerce, antidumping duties equal to the amount by which the normal value of the merchandise exceeds the export price (or constructed export price) of the merchandise on all relevant entries of polypropylene corrugated boxes from Vietnam. Antidumping duties will be assessed on unliquidated entries of polypropylene corrugated boxes from Vietnam entered, or withdrawn from warehouse, for consumption on or after December 31, 2025, the date of publication of the *Preliminary Determination*,³ but will not include entries occurring after the expiration of the provisional measures period and before publication of the ITC's final injury determination, as further described below.

Critical Circumstances

In addition, the ITC found that critical circumstances do not exist with respect to imports of polypropylene corrugated boxes from Vietnam. As a result, we intend to instruct CBP to lift the suspension of liquidation and to refund all cash deposits for estimated antidumping duties with respect to entries of subject merchandise entered, or withdrawn from warehouse, for consumption on or after October 2, 2025 (i.e., 90 days prior to the date of publication of the affirmative *Preliminary Determination*), but before December 31, 2025 (i.e., the date of publication of the *Preliminary Determination*).⁴

Suspension of Liquidation and Cash Deposits

In accordance with section 736 of the Act, Commerce intends to instruct CBP to reinstitute the suspension of liquidation of polypropylene corrugated boxes from Vietnam, effective on the date of publication of the ITC's final

affirmative injury determination in the **Federal Register**. Commerce also intends to instruct CBP to require cash deposits equal to the estimated weighted-average dumping margins indicated in the tables below. Accordingly, effective on the date of publication in the **Federal Register** of the notice of the ITC's final affirmative injury determination, CBP will require, at the same time as importers would normally deposit estimated customs duties on subject merchandise, a cash deposit equal to the rates listed in the tables below. These instructions suspending liquidation and cash deposit requirements will remain in effect until further notice.

ESTIMATED WEIGHTED-AVERAGE DUMPING MARGINS	
Producer or exporter	Weighted-average dumping margin (percent)
Vietnam-Wide Entity	* 130.58

* Rate based on facts available with adverse inferences.

Provisional Measures

Section 733(d) of the Act states that suspension of liquidation pursuant to an affirmative preliminary determination may not remain in effect for more than four months, except where exporters representing a significant proportion of exports of the subject merchandise request that Commerce extend the four-month period to no more than six months. In the underlying investigation, Commerce published the LTFV *Preliminary Determination* on December 31, 2025. Therefore, the six-month period beginning on the date of publication ended on June 28, 2026. Pursuant to section 737(b) of the Act, the collection of cash deposits will begin on the date of publication of the ITC's final injury determinations.

Therefore, in accordance with section 733(d) of the Act, Commerce will instruct CBP to terminate the suspension of liquidation and to liquidate, without regard to antidumping duties, unliquidated entries of polypropylene corrugated boxes from Vietnam entered, or withdrawn from warehouse, for consumption on or after June 29, 2026, the first day provisional measures were no longer in effect, until and through the day preceding the date of publication of the ITC's final injury determination in the **Federal Register**. Suspension of liquidation and the collection of cash deposits will resume

on the date of publication of the ITC's final determination in the **Federal Register**.

Establishment of the Annual Inquiry Service Lists

Commerce published the *Final Rule* and the *Procedural Guidance* in the **Federal Register** on September 20, 2021, and September 27, 2021, respectively.⁵ The *Final Rule* and *Procedural Guidance* provide that Commerce will maintain an annual inquiry service list for each order or suspended investigation, and any interested party submitting a scope ruling application or request for circumvention inquiry shall serve a copy of the application or request on the persons on the annual inquiry service list for that order, as well as any companion order covering the same merchandise from the same country of origin.⁶

In accordance with the *Procedural Guidance*, for orders published in the **Federal Register** after November 4, 2021, Commerce will create an annual inquiry service list segment in Commerce's online e-filing and document management system, Antidumping and Countervailing Duty Electronic Service System (ACCESS), available at <https://access.trade.gov/>, within five business days of publication of the notice of the order. Each annual inquiry service list will be saved in ACCESS, under each case number, and under a specific segment type called "AISL-Annual Inquiry Service List."⁷

Interested parties who wish to be added to the annual inquiry service list for an order must submit an entry of appearance to the annual inquiry service list segment for the order in ACCESS within 30 days after the date of publication of the order. For ease of administration, Commerce requests that law firms with more than one attorney representing interested parties in an order designate a lead attorney to be included on the annual inquiry service

⁵ See *Regulations to Improve Administration and Enforcement on Antidumping and Countervailing Duty Laws*, 86 FR 52300 (September 20, 2021) (*Final Rule*); and *Scope Ruling Application; Annual Inquiry Service List; and Informational Sessions*, 86 FR 53205 (September 27, 2021) (*Procedural Guidance*).

⁶ *Id.*

⁷ This segment will be combined with the ACCESS Segment Specific Information (SSI) field which will display the month in which the notice of the order or suspended investigation was published in the **Federal Register**, also known as the anniversary month. For example, for an order under case number A-000-000 that was published in the **Federal Register** in January, the relevant segment and SSI combination will appear in ACCESS as "AISL-January Anniversary." Note that there will be only one annual inquiry service list per case number, and the anniversary month will be pre-populated in ACCESS.

list. Commerce will finalize the annual inquiry service list within five business days thereafter. As mentioned in the *Procedural Guidance*,⁸ the new annual inquiry service list will be in place until the following year, when the Opportunity Notice for the anniversary month of the order is published.

Commerce may update an annual service list at any time as needed based on interested parties' amendments to their entries of appearance to remove or otherwise modify their list of members and representatives, or to update contact information. Any changes or announcements pertaining to these procedures will be posted to the ACCESS website.

Special Instructions for Petitioner and Foreign Governments

In the *Final Rule*, Commerce stated that, "after an initial request and placement on the annual inquiry service list, both petitioners and foreign governments will automatically be placed on the annual inquiry service list in the years that follow."⁹ Accordingly, as stated above, the petitioner and foreign governments should submit their initial entries of appearance after publication of this notice in order to appear in the first annual inquiry service lists for this order for which they qualify as interested parties. Pursuant to 19 CFR 351.225(n)(3), the petitioner and foreign governments will not need to resubmit their entries of appearance each year to continue to be included on the annual inquiry service list. However, the petitioner and the foreign governments are responsible for making amendments to their entries of appearance during the annual update to the annual inquiry service list in accordance with the procedures described above.

Notification to Interested Parties

This notice constitutes the AD order with respect to polypropylene corrugated boxes from Vietnam, pursuant to section 736(a) of the Act. Interested parties can find a list of AD and countervailing duty orders currently in effect at <https://www.trade.gov/data-visualization/adcvd-proceedings>.

This AD order is published in accordance with section 736(a) of the Act and 19 CFR 351.211(b).

Dated: July 8, 2026.

Christopher Abbott,

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

Appendix

Scope of the Order

The merchandise subject to this order is polypropylene corrugated boxes. Polypropylene corrugated boxes are boxes, bins, totes, or other load-bearing containers made for holding goods, that are made of corrugated polypropylene sheets, also known as polypropylene hollow core sheets, polypropylene fluted sheets, polypropylene twin wall sheets, or multi wall sheets. Such polypropylene sheets are "corrugated," "fluted," or "hollow core," meaning the inside of the sheet contains channels or pockets of air which make the sheets lightweight, while retaining strength and durability. Polypropylene corrugated boxes are typically produced from a plastic resin consisting of 50 percent or more polypropylene. Polypropylene corrugated boxes are covered by the scope irrespective of the particular mix of polypropylene homopolymer, polypropylene co-polymer, recycled or virgin polypropylene, or ancillary chemicals such as electrostatic agents or flame retardants. Polypropylene corrugated boxes are formed by corrugated polypropylene sheets cut to length, die-cut into specific box shapes, and may be cut or scored to allow each side of the box to be folded into shape. Polypropylene corrugated boxes may include a tab or attached portion of polypropylene corrugated sheet (commonly referred to as a "manufacturer's joint") that has been cut, slotted, or scored to facilitate the formation of the box by stapling, gluing, welding, or taping the sides together to form a tight seal. One-piece polypropylene corrugated boxes are die-cut or otherwise formed so that the top, bottom, and sides form a single, contiguous unit. Two-piece polypropylene corrugated boxes are those with a folded bottom and a folded top as separate pieces. Multi-piece polypropylene corrugated boxes are those with separate bottoms and tops that are fitted to a single folded piece comprising the sides of the box. Polypropylene corrugated boxes may be printed with ink or digital designs.

The subject merchandise includes polypropylene corrugated boxes with or without handles, with or without lids or tops, with or without reinforcing wire, whether in a one-piece, two-piece, or multi-piece configuration, and whether folded into shape or in an unfolded form. The subject merchandise includes all polypropylene corrugated boxes regardless of size, shape, or dimension. The subject merchandise also includes polypropylene corrugated box lids or tops when imported separately from polypropylene corrugated boxes.

The products subject to this order are currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) under statistical reporting number 3923.10.9000. Although the HTSUS statistical reporting number is provided for convenience and

customs purposes, the written description of the merchandise is dispositive.

SUPPLEMENTARY INFORMATION:

Background

On September 25, 2025, based on a timely request for review, in accordance with 19 CFR 351.221(c)(1)(i), we initiated an administrative review of the antidumping duty order on hydrofluorocarbon (HFC) blends from the People's Republic of China (China).¹ Due to the lapse in appropriations and Federal Government shutdown, on November 14, 2025, Commerce tolled all deadlines in administrative proceedings by 47 days.² Additionally, due to a backlog of documents that were electronically filed via Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS)
