

and 19 CFR 351.218 and 19 CFR 351.221(c)(5)(ii).

Dated: July 13, 2026.

Scot Fullerton,

Acting Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Appendix

List of Topics Discussed in the Issues and Decision Memorandum

- I. Summary
- II. Background
- III. Scope of the *Order*
- IV. History of the *Order*
- V. Legal Framework
- VI. Discussion of the Issues
 1. Likelihood of Continuation or Recurrence of Dumping
 2. Magnitude of the Margins of Dumping Likely to Prevail
- VII. Final Results of Sunset Review
- VIII. Recommendation

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Marine Recreational Information Program, Access-Point Angler Intercept Survey (APAIS)

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on 1/22/2026 during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Oceanic and Atmospheric Administration (NOAA), Commerce.

Title: Marine Recreational Information Program, Access-Point Angler Intercept Survey (APAIS).

OMB Control Number: 0648–0659.

Form Number(s): None.

Type of Request: Regular submission (extension of a current information collection).

Number of Respondents: 100,000.
Average Hours per Response: 0.083 (5 minutes).

Total Annual Burden Hours: 8,333.

Needs and Uses: This request is for extension of a currently approved information collection.

Marine recreational anglers are surveyed to collect catch and effort data, fish biology data, and angler socioeconomic characteristics. These data are required to carry out provisions of the Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801 *et seq.*), as amended, regarding conservation and management of fishery resources.

Marine recreational fishing catch and effort data are collected through a combination of mail surveys, telephone surveys and on-site intercept surveys with recreational anglers. Amendments to the Magnuson-Stevens Fishery Conservation and Management Act (MSA) require the development of an improved data collection program for recreational fisheries. To partially meet these requirements, NOAA Fisheries designed and implemented a new Access-Point Angler Intercept Survey (APAIS) in 2013 to ensure better coverage and representation of recreational fishing activity.

The APAIS intercepts marine recreational fishers at public-access sites in coastal counties from Maine to Alabama, Hawaii, and Puerto Rico to obtain information about the just-completed day's fishing activity. Respondents are asked about the time and type of fishing, the angler's avidity and residence location, and details of any catch of finfish. Species identification, number, and size are collected for any available landed catch. Data collected from the APAIS are used to estimate the catch per angler of recreational saltwater fishers. These APAIS estimates are combined with estimates derived from independent but complementary surveys of fishing effort, the Fishing Effort Survey and the For-Hire Survey, to estimate total, state-level fishing catch, by species, and participation. These estimates are used in the development, implementation, and monitoring of fishery management programs by the NMFS, regional fishery management councils, interstate marine fisheries commissions, and state fishery agencies.

Affected Public: Individuals or Households.

Frequency: One-time, in-person interview.

Respondent's Obligation: Voluntary.

Legal Authority: Magnuson-Stevens Fishery Conservation and Management Act (16 U.S.C. 1801 *et seq.*).

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function and entering either the title of the collection or the OMB Control Number 0648–0659.

Sheleen Dumas,

Departmental PRA Compliance Officer, Office of the Under Secretary for Economic Affairs, Commerce Department.

BILLING CODE 3510–22–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Evaluation of Mission-Aransas National Estuarine Research Reserve; Notice of Public Meeting; Request for Comments

AGENCY: Office for Coastal Management, National Ocean Service, National Oceanic and Atmospheric Administration, Department of Commerce.

ACTION: Notice of public meeting; opportunity to comment.

SUMMARY: The National Oceanic and Atmospheric Administration's (NOAA) Office for Coastal Management (OCM) will hold a hybrid-format public meeting to solicit input on the performance evaluation of the Mission-Aransas National Estuarine Research Reserve (MANERR). NOAA also invites the public to submit written comments.

DATES: NOAA will hold a hybrid-format public meeting from 6 p.m. to 7 p.m. Central Time (CT) on Wednesday, September 2, 2026 at Bay Education Center, 121 Seabreeze Drive, Rockport, Texas 78382. NOAA may close the meeting 10 minutes after the conclusion of public testimony and after responding to any clarifying questions from meeting participants. NOAA will consider all relevant written comments received by Monday, September 14, 2026.

ADDRESSES: Comments may be submitted by one of the following methods:

• **Hybrid-Format Public Meeting:** Provide oral comments in-person or virtually during the hybrid-format public meeting on Wednesday, September 2, 2026 at Bay Education Center, 121 Seabreeze Drive, Rockport, Texas 78382 by registering as a speaker at <https://forms.gle/aCjHznAA7JTaHved7>. Please register by Tuesday, September 1, 2026, at 6 p.m. (CT). Registration is requested but not mandatory, and you may change your mode of participation after registering. Virtual meeting registrants may remain anonymous by typing "Anonymous" in the "First Name" and "Last Name" fields on the registration form. The speaker lineup is based on the date and time of registration. If time allows, non-registered participants will be able to provide comments after registered speakers. At least one hour prior to the start of the September 2, 2026 hybrid-format meeting, NOAA will send an email to all registrants with instructions for attending the public meeting virtually and a reminder of the physical location: Bay Education Center, 121 Seabreeze Drive, Rockport, Texas. The virtual meeting link will be posted at least an hour prior to the public meeting. NOAA may close the meeting 10 minutes after the conclusion of public testimony and after responding to any clarifying questions from meeting participants.

• **Email:** Send written comments to Carrie Hall, Evaluator, NOAA Office for Coastal Management, at czma.evaluations@noaa.gov by Friday, September 11, 2026. Include "MANERR Comments on Performance Evaluation" in the subject line of the message. NOAA will accept anonymous comments; however, all comments NOAA receives are considered part of the public record, and the entirety of the comment, including the name of the commenter, email address, attachments, and other supporting materials, will be publicly accessible. Do not submit confidential business information or otherwise sensitive or personally identifiable information, such as account numbers and Social Security numbers. Comments that are not related to the performance evaluation of MANERR or that contain profanity, vulgarity, threats, or other inappropriate language will not be considered.

FOR FURTHER INFORMATION CONTACT: Carrie Hall, Evaluator, NOAA Office for Coastal Management, by email at Carrie.Hall@noaa.gov or by phone at (240) 410-3422. Copies of the previous evaluation findings may be viewed and downloaded at <https://coast.noaa.gov/czm/evaluations/>. A copy of the

evaluation notification letter, reserve management plan, reserve site profile, and most recent progress report may be obtained upon request by contacting Carrie Hall.

SUPPLEMENTARY INFORMATION: Section 315(f) of the Coastal Zone Management Act (CZMA) requires NOAA to conduct periodic evaluations of federally approved National Estuarine Research Reserves. The evaluation process includes holding one or more public meetings, considering public comments, and consulting with interested Federal, State, and local agencies and members of the public. During the evaluation, NOAA will consider the extent to which the University of Texas at Austin has met the national objectives and adhered to the management plan approved by the Secretary of Commerce, the requirements of Section 315 of the CZMA, and the terms of financial assistance under the CZMA. When the evaluation is complete, OCM will place a notice in the **Federal Register** announcing the availability of the final evaluation findings.

Authority: 16 U.S.C. 1451 *et seq.*

Keelin S. Kuipers,

Acting Director, Office for Coastal Management, National Ocean Service, National Oceanic and Atmospheric Administration.

[RTID 0648-XF869]

Mid-Atlantic Fishery Management Council (MAFMC); Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The Mid-Atlantic Fishery Management Council's Spiny Dogfish Advisory Panel will hold a public meeting.

DATES: The meeting will be held on Tuesday, August 4, 2026, from 4 p.m. until 6 p.m. EDT. For agenda details, see **SUPPLEMENTARY INFORMATION.**

ADDRESSES: The meeting will be held via webinar. Connection information will be posted to the Council's calendar prior to the meeting at <https://www.mafmc.org>.

Council address: Mid-Atlantic Fishery Management Council, 800 N State

Street, Suite 201, Dover, DE 19901; telephone: (302) 674-2331; <https://www.mafmc.org>.

FOR FURTHER INFORMATION CONTACT:

Christopher M. Moore, Ph.D., Executive Director, Mid-Atlantic Fishery Management Council, telephone: (302) 526-5255.

SUPPLEMENTARY INFORMATION: The Mid-Atlantic Fishery Management Council's Spiny Dogfish Advisory Panel will meet via webinar on Tuesday, August 4, 2026, from 4 p.m. until 6 p.m. The main purpose of the meeting is for the Advisory Panel to develop a fishery performance report. The Council primarily uses the fishery performance report to inform the specifications process. The Council will be reviewing previously adopted 2027 specifications for spiny dogfish, which would maintain the 2026 specifications into the 2027 fishing year.

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Shelley Spedden, (302) 526-5251 at least 5 days prior to the meeting date.

(Authority: 16 U.S.C. 1801 *et seq.*)

Dated: July 15, 2026.

Rey Israel Marquez,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

Final Evaluation Findings of Five State Coastal Management Programs and Seven National Estuarine Research Reserves

AGENCY: Office for Coastal Management, National Ocean Service, National Oceanic and Atmospheric Administration (NOAA), Department of Commerce.

ACTION: Notice of availability.

SUMMARY: Notice is hereby given of the availability of final evaluation findings for five State and Territory coastal management programs (Minnesota, New Jersey, Puerto Rico, Rhode Island, and Wisconsin) and seven National Estuarine Research Reserves (Jacques Cousteau, Jobos Bay, North Inlet-Winyah Bay, Old Woman Creek, Padilla Bay, Rookery Bay, and Wells), which were prepared pursuant to Sections 312 and 315 of the Coastal Zone Management Act (CZMA).
