

authority for this information collection 47 U.S.C. 154, 254 and 303(r).

Total Annual Burden: 15 hours.

Total Annual Cost: No cost.

Needs and Uses: The Commission uses the information collected on FCC Form 680 to determine whether a winning bidder is qualified to receive Mobility Fund Phase I and Tribal Mobility Fund Phase I support. On November 18, 2011, the Commission released an order comprehensively reforming and modernizing the universal service and intercarrier compensation systems to ensure that robust, affordable voice and broadband service, both fixed and mobile, are available to Americans throughout the nation. *Connect America Fund et al.*, Order and Further Notice of Proposed Rulemaking, FCC 11–161 (*USF/ICC Transformation Order*). In the *USF/ICC Transformation Order*, the Commission, among other things, created the Mobility Fund to ensure the availability of mobile broadband networks in areas where a private-sector business case is lacking. Phase I of the Mobility Fund provided one-time universal service support for the deployment of networks for mobile voice and broadband service, and a separate, complementary Tribal Mobility Fund Phase I provided one-time universal service support to accelerate the availability of mobile voice and broadband service on Tribal lands.

The Commission adopted rules to implement the reforms it adopted in the *USF/ICC Transformation Order*, including the rules in sections 1.21004(a), 54.1004, 54.1005, 54.1006, 54.1007, and 54.1008 which contain information collection requirements used to determine whether a winning bidder of Mobility Fund Phase I support and Tribal Mobility Fund Phase I support is qualified to receive such support.

Section 1.21004(a) of the Commission's rules requires each winning bidder in an auction for universal service support to apply for the support it won by the applicable deadline. Sections 54.1005(b) and 54.1006 require a winning bidder to submit, using FCC Form 680, ownership information, proof of its status as an Eligible Telecommunications Carrier, a detailed project description, any guarantee of performance that the Commission may require, and various certifications. Sections 54.1004(d)(3) and 54.1008(d) require a winning bidder to certify in its application that it has substantively engaged appropriate Tribal officials. In addition, sections 54.1007(a) and (b) require a winning

bidder to obtain and submit to the Commission an irrevocable standby letter of credit, which the winning bidder must maintain until at least 120 days after the winning bidder receives its final distribution of support.

The information collection requirements ensure that a winning bidder submits an application for the universal service support it won, and the Commission uses the information submitted in the application to determine whether the applicant is legally, technically, and financially qualified to receive such support. The requirement that a winning bidder obtain, submit, and maintain a letter of credit will secure a return of universal service funds from a winning bidder that defaults on its obligations and will protect the integrity of the universal service programs. Without such information, the Commission could not determine whether to disburse universal service support to a winning bidder or protect the government's interest in the funds allocated for Mobility Fund Phase I and Tribal Mobility Fund Phase I.
