DELAWARE RIVER BASIN COMMISSION

Notice of Public Hearing and Business Meeting August 5, 2026 and September 2, 2026

Notice is hereby given that the Delaware River Basin Commission (Commission) will hold a public hearing on Wednesday, August 5, 2026. A business meeting will be held the following month on Wednesday, September 2, 2026. Both the hearing and the business meeting are open to the public. The public hearing will be conducted virtually, and the business meeting will be held in person.

Public Hearing. The Commission will conduct the public hearing virtually on August 5, 2026, commencing at 1:30 p.m. Hearing items will include draft dockets for withdrawals, discharges, and other projects that could have a substantial effect on the basin's water resources, as well as a resolution to reauthorize the Water Quality Advisory Committee. A list of the projects scheduled for hearing, including project descriptions, along with links to draft docket approvals, draft resolutions, and resolution attachments will be posted on the Commission's website, www.drbc.gov, in a long form of this notice at least ten days before the hearing date.

Written comments on matters scheduled for hearing on August 5, 2026 will be accepted through 5:00 p.m. on Monday, August 10, 2026.

The public is advised to check the Commission's website periodically during the ten days prior to the hearing date, as items scheduled for hearing may be postponed if additional time is needed to complete the Commission's review. Items also may be added up to ten days prior to the hearing date. In reviewing docket descriptions, the public is asked to be aware that the details of projects may change during the Commission's review, which is ongoing.

Business Meeting. The business meeting on September 2, 2026 will be held in person at the Washington Crossing Historic Park Visitor's Center, 1112 River Road, Washington Crossing, Pennsylvania, 18977, beginning no earlier than 11:00 a.m. and will include: adoption of the Minutes of the Commission's June 11, 2026 business meeting; announcements of upcoming meetings and events; a report on hydrologic conditions; reports by the Executive Director and the Commission's General Counsel; and consideration of any items for which a hearing has been completed or is not

required. The agenda is expected to include consideration of the resolution and draft dockets for withdrawals, discharges, and other projects that are subjects of the public hearing on August 5, 2026. The public is advised to consult the Commission's website for the most current information concerning the start time of the business meeting.

After all scheduled business has been completed and as time allows, the business meeting will be followed by up to one hour of Open Public Comment, an opportunity to address the Commission off the record on any topic concerning management of the Basin's water resources outside the context of a duly noticed, on-the-record public hearing.

There will be no opportunity for additional public comment for the record at the September 2, 2026 business meeting on items for which a hearing was completed on August 5, 2026 or a previous date. Commission consideration on September 2, 2026 of items for which the public hearing is closed may result in approval of the item as proposed, approval with changes, denial, or deferral. When the Commissioners defer an action, they may announce an additional period for written comment on the item, with or without an additional hearing date, or they may take additional time to consider the input they have already received without requesting further public input. Deferred items will be considered for action at a public meeting of the Commission on a future date.

Advance Registration and Sign-Up for Oral Comment. Registration links for those who wish to attend and speak during the virtual public hearing and the in-person Open Public Comment session immediately following the business meeting will be posted at www.drbc.gov at least ten days before each meeting date. Registrants who wish to comment on the record during the public hearing on August 5, 2026 or to address the Commissioners informally during the Open Public Comment session following the meeting on September 2, 2026 as time allows, will be asked to so indicate when registering.
