SUPPLEMENTARY INFORMATION:

I. Abstract

The National Aeronautics and Space Administration (NASA) Office of Equal Opportunity and the Office of Procurement, in accordance with Title VI of the Civil Rights Act of 1964, Title IX of the Education Amendments of 1972, Section 504 of the Rehabilitation Act of 1973, and the Age Discrimination Act of 1975, requires grant awardees to submit an assurance of non-discrimination (NASA Form 1206) as part of their initial grant application package.

The requirement for assurance of nondiscrimination compliance associated with federally assisted programs is long standing, derives from civil rights implementing regulations, and extends to the grant recipient's sub-grantees, contractors, successors, transferees, and assignees. Grant selectees are required to submit compliance information triennially when their award period exceeds 36 consecutive months. This information collection will also be used to enable NASA to conduct post-award civil rights compliance reviews.

NASA is committed to effectively performing the Agency's communication function in accordance with Section 203(a)(3) of the National Aeronautics and Space Act of 1958 (as amended) dictates that NASA "provide for the widest practicable and appropriate dissemination of information concerning its activities and the results thereof", and to enhance public understanding of, and participation in, the nation's aeronautical and space program.
