

Cash Deposit Requirements

The following deposit requirements will be effective for all shipments of the subject merchandise entered, or withdrawn from warehouse, for consumption on or after the publication date of the final results of this administrative review, as provided by section 751(a)(2)(C) of the Act: (1) the cash deposit rate for the company listed above will be that established in the final results of this review, except if the rate is less than 0.50 percent and, therefore, *de minimis* within the meaning of 19 CFR 351.106(c)(1), in which case the cash deposit rate will be zero; (2) for previously investigated or reviewed companies not covered by this review, the cash deposit rate will continue to be the company-specific cash deposit rate published for the most recently completed segment of this proceeding in which the company participated; (3) if the exporter is not a firm covered in this review, or the LTFV investigation, but the manufacturer is, then the cash deposit rate will be the rate established for the most recent segment for the manufacturer of the merchandise; and (4) the cash deposit rate for all other manufacturers or exporters will continue to be 6.15 percent, the all-others rate established in the LTFV investigation.¹⁶ These cash deposit requirements, when imposed, shall remain in effect until further notice.

Final Results of Review

Unless otherwise extended, Commerce intends to issue the final results of this administrative review, including the results of its analysis of the issues raised in any written briefs, not later than 120 days after the date of publication of this notice, pursuant to section 751(a)(3)(A) of the Act and 19 CFR 351.213(h)(1).

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in Commerce's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

We are issuing and publishing these preliminary results of review in

accordance with sections 751(a)(1) and 777(i)(1) of the Act, and 19 CFR 351.221(b)(4).

Dated: July 15, 2026.

Christopher Abbott,

Deputy Assistant Secretary for Policy and Negotiations, performing the non-exclusive functions and duties of the Assistant Secretary for Enforcement and Compliance.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

[RTID 0648-XF844]

Pacific Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of public meeting.

SUMMARY: The Pacific Fishery Management Council's (Pacific Council) Ad-hoc Sacramento River Fall Chinook (SRFC) Workgroup will hold an online meeting in August 2026.

DATES: The online meeting will be held on Thursday, August 6, 2026, from 2 p.m. until 4 p.m. Pacific Time or until business for the day concludes.

ADDRESSES: This meeting will be held online. Specific meeting information, including directions on how to join the meeting and system requirements will be provided in the meeting announcement on the Pacific Council's website (see www.pcouncil.org). You may send an email to Mr. Hayden York (hayden.york@pcouncil.org) or contact him at (503) 820-2424 for technical assistance.

Council address: Pacific Fishery Management Council, 7700 NE Ambassador Place, Suite 101, Portland, OR 97220-1384.

FOR FURTHER INFORMATION CONTACT: Angela Forristall, Staff Officer, Pacific Council; telephone: (503) 820-2419.

SUPPLEMENTARY INFORMATION: The primary purpose of the meeting is to prepare for the August 19 and 20, 2026 peer review meeting on methods to

evaluate a revised spawner abundance at maximum sustainable yield (S_{MSY}) for Sacramento River fall Chinook. The SRWG will be preparing responses to questions submitted by peer review panelists and may discuss other items related to planning and coordination for the peer review meeting. Additional discussions may include, but are not limited to, future meetings, workload planning, and upcoming Pacific Council agenda items.

Although non-emergency issues not contained in the meeting agenda may be discussed, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically listed in this document and any issues arising after publication of this document that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

Requests for sign language interpretation or other auxiliary aids should be directed to Mr. Hayden York (hayden.york@pcouncil.org; (503) 820-2424) at least 10 days prior to the meeting date.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: July 17, 2026.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

Agency Information Collection Activities; Submission to the Office of Management and Budget (OMB) for Review and Approval; Comment Request; Basic Requirements for Special Exception Permits and Authorizations To Take, Import, and Export Marine Mammals, Threatened and Endangered Species, and for Maintaining a Captive Marine Mammal Inventory Under Section 104 of the Marine Mammal Protection Act, the Fur Seal Act, and/or Section 10(a)(1)(A) of the Endangered Species Act

The Department of Commerce will submit the following information collection request to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of

¹⁶ See *Order*.

1995, on or after the date of publication of this notice. We invite the general public and other Federal agencies to comment on proposed, and continuing information collections, which helps us assess the impact of our information collection requirements and minimize the public's reporting burden. Public comments were previously requested via the **Federal Register** on March 9, 2026, during a 60-day comment period. This notice allows for an additional 30 days for public comments.

Agency: National Oceanic & Atmospheric Administration (NOAA), Commerce.

Title: Basic Requirements for Special Exception Permits and Authorizations to Take, Import, and Export Marine Mammals, Threatened and Endangered Species, and for Maintaining a Captive Marine Mammal Inventory Under Section 104 of the Marine Mammal Protection Act, the Fur Seal Act, and/or Section 10(a)(1)(A) of the Endangered Species Act.

OMB Control Number: 0648–0084.

Form Number(s): NOAA FORMs 89–880, 89–881, and 89–882.

Type of Request: Regular submission (revision and extension of a current information collection).

Number of Respondents: 656.

Average Hours Per Response: The estimated average amount of time it takes to complete each information collection instrument is as follows. Scientific research and enhancement permit applications, 50 hours; public display permit applications, 50 hours; protected species parts applications, 20 hours; photography permit applications, 16 hours; General Authorization Letters of Intent, 10 hours; major permit modification requests, 35 hours; minor permit modification requests, 3 hours; scientific research and enhancement permit reports, 12 hours; protected species parts only permit reports, 8 hours; General Authorization reports, 8 hours; public display permit reports, 2 hours; photography permit reports, 2 hours; public display inventory reporting, 2 hours; and general record keeping, 2 hours per each type.

Total Annual Burden Hours: 6,923. The total annual burden hours were calculated by multiplying the anticipated number of responses for each information collection instrument by the estimated time per response listed above. The number of anticipated responses was determined from reviewing the number of applications received from 2023–2026 and the number of active permit holders and marine mammal facilities as of May 18, 2026.

Needs and Uses: The NMFS, Office of Protected Resources, Permits and Conservation Division is proposing a revision and extension of the currently approved information collection OMB Control Number 0648–0084. The information collection request (IRC) is under the authority of the Marine Mammal Protection Act (MMPA), the Fur Seal Act (FSA), and the Endangered Species Act (ESA). This information collection applies to certain protected species for which NMFS is responsible: cetaceans (whales, dolphins and porpoises) and pinnipeds (seals and sea lions); and, for ESA scientific research and enhancement permits: smalltooth sawfish, sea turtles (in water), sturgeon (Atlantic and shortnose), pillar corals, and certain foreign ESA-listed species. This information collection may be used for future ESA-listed species.

The MMPA, FSA, and ESA prohibit “take” (e.g., to harass or kill), import, and export of marine mammals and endangered and threatened species, with limited exceptions. Pursuant to Section 104 of the MMPA and Section 10(a)(1)(A) of the ESA, individuals, business or other for-profit organizations, not-for-profit institutions, and government agencies may obtain special exception permits to take, import, or export marine mammals or endangered or threatened species for scientific research or enhancement purposes. Section 104 of the MMPA also provides for Letters of Confirmation under a General Authorization for scientific research; permits for commercial and educational photography of marine mammals; and permits for capture and/or import of marine mammals for public display.

Persons or institutions seeking to take, import, or export protected species must apply for a permit or authorization and demonstrate the statutory and regulatory requirements are met. The regulations pertaining to permits and associated reporting under the MMPA and FSA are at 50 CFR part 216; the regulations for permit requirements under the ESA are at 50 CFR part 222. The required information in this collection is used by NMFS to make the determinations required by the MMPA, FSA, ESA, and their implementing regulations prior to issuing a permit or authorization; to establish appropriate conditions; to evaluate the impacts on protected species; and, to ensure compliance with the Acts.

Information required includes the name, affiliation, contact information and qualifications of the applicant and others listed on the application; the purpose of the request; the species, age, sex, and number of animals; the

proposed methods and mitigation to minimize impacts to the species; location; a description of the impacts to the species and environment; and the requested time frame of the permit. Permit and authorization holders must submit reports on the activities they carry out.

The MMPA requires NMFS to maintain an inventory of marine mammals in public display facilities and for those facilities to report certain information to NMFS (via the National Inventory of Marine Mammals [NIMM]). The NIMM forms include an institutional contact form, a marine mammal data sheet (MMDS), and a transfer/transport notification form. Inventory information required by the MMPA includes the animal's name or other identification; sex; birth date; date animal enters and leaves a collection; source of the animal (e.g., stranding); where an animal is transferred or transported; and date and cause of death (when determined). Exporting facilities must provide documentation to NMFS that the recipient facility meets standards comparable to those required in the United States. The NIMM forms facilitate compliance with MMPA reporting requirements and allow NMFS to keep NIMM up to date. We are not proposing any changes to the MMDS or the other NIMM forms at this time.

Affected Public: Individuals; Business or other for-profit organizations; Not-for-profit institutions; State, Local, or Tribal government; Federal government.

Frequency: Permit applications, typically once every five or ten years; permit reports, annually or more frequently if incidents occur; amendments and modifications to permits, as frequently as requested by permit holders; public display inventory reporting, 15 days prior to transporting or transferring marine mammals and 30 days after the date of birth or death of a marine mammal.

Respondent's Obligation: Public display forms are mandatory; permit applications are required to receive a permit.

Legal Authority: MMPA (16 U.S.C. 1361 *et seq.*), FSA (16 U.S.C. 1151 *et seq.*), and ESA (16 U.S.C. 1531 *et seq.*).

This information collection request may be viewed at www.reginfo.gov. Follow the instructions to view the Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be submitted within 30 days of the publication of this notice on the following website www.reginfo.gov/public/do/PRAMain. Find this

particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function and entering either the title of the collection or the OMB Control Number 0648–0084.
