Sunshine Act Meeting; Open Commission Meeting Wednesday, July 22, 2026

July 15, 2026.

The Federal Communications Commission will hold an Open Meeting on the subjects listed below on Wednesday, July 22, 2026 which is scheduled to commence at 10:30 a.m. in the Commission Meeting Room of the Federal Communications Commission, 45 L Street NE, Washington, DC.

While attendance at the Open Meeting is available to the public, the FCC headquarters building is not open access, and all guests must check in with and be screened by FCC security at the main entrance on L Street. Attendees at the Open Meeting will not be required to have an appointment but must otherwise comply with protocols outlined at: *www.fcc.gov/visit.* Open Meetings are streamed live at: *www.fcc.gov/live* and on the FCC's YouTube channel.

Item No.	Bureau	Subject
1	WIRELESS TELECOMMUNICATIONS	*TITLE:* Upper C-band (3.98–4.2 GHz) (GN Docket No. 25–59); Expanding Flexible Use of the 3.7 to 4.2 GHz Band (GN Docket No. 18–122). *SUMMARY:* To maintain U.S. spectrum leadership, create a robust spectrum pipeline, and fulfill Congress' direction in the One Big Beautiful Bill Act, the Commission will consider a Report and Order, Order of Proposed Modification, and Order on Reconsideration that makes 160 megahertz of the Upper C-band available in the contiguous United States for flexible-use, next-generation terrestrial wireless services via a system of competitive bidding. The introduction of new wireless services may begin in December 2030, following the first tranche of adjacent band radio altimeter retrofits to be required by FAA. Among other steps, the item also adopts measures designed to ensure successful co-existence with adjacent band radio altimeters, creates a transition process to fairly and expeditiously relocate incumbent satellite operations, establishes rebates to support the FAA's radio altimeter retrofit requirements, and resolves various pending petitions for reconsideration related to the 2020 Report and Order and Order of Proposed Modification reconfiguring the Lower C-band.
2	SPACE	*TITLE:* Space Modernization for the 21st Century (SB Docket No. 25–306). *SUMMARY:* The Commission will consider a Report and Order and Further Notice of Proposed Rulemaking that would overhaul the Commission's rules for licensing space and earth stations to increase speed, predictability, and flexibility in order to support the American space economy. The Order would replace part 25 with a new rule part—part 100—that would create a "licensing assembly line" to process applications. The FNPRM would seek comment on and propose additional changes which build upon the new part 100.
3	CONSUMER & GOVERNMENTAL AFFAIRS.	*TITLE:* Empowering Broadband Consumers Through Transparency (CG Docket No. 22–2); Delete, Delete, Delete (GN Docket No. 25–133). *SUMMARY:* The Commission will consider a Report and Order that would modify the broadband label rules to make labels easier to read and understand and more useful for consumers, while reducing compliance burdens on providers.
4	WIRELINE COMPETITION	*TITLE:* Improving the Effectiveness of the Robocall Mitigation Database (WC Docket No. 24–213); Call Authentication Trust Anchor (WC Docket No. 17–97); Advanced Methods to Target and Eliminate Unlawful Robocalls (CG Docket No. 17–59). *SUMMARY:* The Commission will consider a Further Notice of Proposed Rulemaking that aims to materially strengthen the integrity of the United States voice ecosystem and further deter illegal calls by proposing measures to ensure that only legitimate, transparent, and accountable providers gain or maintain access to the Robocall Mitigation Database.
5	OFFICE OF ENGINEERING & TECHNOLOGY.	*TITLE:* Strengthening Rules Governing Dangerous Gear (ET Docket No. 21–232). *SUMMARY:* The Commission will consider a Third Report and Order and Third Further Notice of Proposed Rulemaking aimed at further strengthening national security in the equipment authorization program by closing component-level and supply-chain loopholes in the Commission's Covered List rules. The item would close the "component part loophole" by prohibiting authorization of devices that incorporate logic-bearing hardware components produced by Covered List entities; clarify that the marketing rules reach online marketplaces that list, distribute, or offer unauthorized equipment and require those marketplaces to display the FCC ID at the online point of sale; require full certification for any modification or permissive change made by a Covered List entity; and adopt a narrowed, statutorily-grounded definition of "critical infrastructure" in response to the D.C. Circuit's partial remand. The accompanying Further Notice would seek comment on bifurcating the Covered List into producer/provider-based and production location-based categories, enhancing supply-chain transparency through hardware and software bills of materials, and strengthening enforcement.

FEDERAL MARITIME COMMISSION

[Docket No. 25–29]

MAC Industries Inc. dba MAC Container Line, Complainant v. COSCO Shipping Lines Co., Ltd., COSCO Shipping Lines (North America) Inc., and COSCO Shipping Lines (India) Private, Respondents; Notice of Filing of Amended Complaint

Notice is given that an amended complaint has been filed with the Federal Maritime Commission (the ''Commission'') by MAC Industries Inc. dba MAC Container Line (the ''Complainant'') against COSCO Shipping Lines Co., Ltd. (COSCO), COSCO Shipping Lines (North America) Inc., and COSCO Shipping Lines (India) Private (the ''Respondents''). Complainant states that the Commission has jurisdiction over the complaint pursuant to the Shipping Act of 1984, as amended, 46 U.S.C. 40101 *et seq.,* and over Respondent COSCO as a ''common carrier'' and a vessel operating ''ocean common carrier'' and over COSCO Shipping Lines (North America) Inc. and COSCO Shipping Lines (India) Private as general agents of COSCO.

Complainant is a non-vessel-operating common carrier headquartered in San Clemente, California.

Complainant identifies Respondent COSCO as a global ocean carrier with its corporate office in Shanghai, China, conducting business in the United States through its general agent, Respondent COSCO Shipping Lines (North America) Inc., a company existing under the laws of Delaware with its principal place of business in Secaucus, New Jersey, and conducting business in India through Respondent COSCO Shipping Lines (India) Private, with a principal corporate office in Mumbai, India.

Complainant alleges that Respondents violated 46 U.S.C. 41102(b)(2), 41102(c), 41102(d), and 41104(a)(2)(A), (a)(3), (a)(4)(C), (a)(4)(E), (a)(8), (a)(9), (a)(10), (a)(14) and (a)(15). Complainant alleges these violations arose from Respondents' unreasonable assessment of detention charges even after Respondents had taken control of the equipment in dispute, retaliatory actions against Complainant by way of refusing to accept future bookings, threatening to cancel and then canceling service contracts, and other acts or omissions by Respondents.

An answer to the amended complaint must be filed with the Commission within 25 days after the date of service.

The full text of the amended complaint can be found in the Commission's electronic Reading Room at *https://www2.fmc.gov/readingroom/proceeding/25-29/.* This proceeding has been assigned to the Office of Administrative Law Judges. The initial decision of the presiding judge shall be issued by December 22, 2026, and the final decision of the Commission shall be issued by July 6, 2027.

(Authority: 46 U.S.C. 41301; 46 CFR 502.61(c))
