

Abstract of Information Available

A total of 18 lots of cultural items have been requested for repatriation. The 18 lots of unassociated funerary objects include historic items, textiles and botanical samples.

These items were removed during a 1938 Works Progress Administration project conducted at 40PK1, Ocoee, in Polk County, Tennessee. These items were present in documented burials located in unit 2PK1. The cultural items, site unit, burial, and site features were specifically identified as Historic Cherokee.

It is unknown if the items were treated with hazardous substances.

Determinations

UTK has determined that:

- The 18 lots of unassociated funerary objects described in this notice are reasonably believed to have been placed intentionally with or near human remains, and are connected, either at the time of death or later as part of the death rite or ceremony of a Native American culture according to the Native American traditional knowledge of a lineal descendant, Indian Tribe, or Native Hawaiian organization. The unassociated funerary objects have been identified by a preponderance of the evidence as related to human remains, specific individuals, or families, or removed from a specific burial site or burial area of an individual or individuals with cultural affiliation to an Indian Tribe or Native Hawaiian organization.

- There is a connection between the cultural items described in this notice and the Cherokee Nation; Eastern Band of Cherokee Indians; and the United Keetoowah Band of Cherokee Indians in Oklahoma.

Requests for Repatriation

Additional, written requests for repatriation of the cultural items in this notice must be sent to the authorized representative identified in this notice under **ADDRESSES**. Requests for repatriation may be submitted by any lineal descendant, Indian Tribe, or Native Hawaiian organization not identified in this notice who shows, by a preponderance of the evidence, that the requestor is a lineal descendant or a culturally affiliated Indian Tribe or Native Hawaiian organization.

Repatriation of the cultural items in this notice to a requestor may occur on or after August 21, 2026. If competing requests for repatriation are received, UTK must determine the most appropriate requestor prior to repatriation. Requests for joint

repatriation of the cultural items are considered a single request and not competing requests. UTK is responsible for sending a copy of this notice to the Indian Tribes and Native Hawaiian organizations identified in this notice and to any other consulting parties.
