BILLING CODE 4140-01-P

DEPARTMENT OF HOMELAND SECURITY

Agency Information Collection

Activities: Generic Clearance for the Collection of Qualitative Feedback on Agency Service Delivery, 1601-0014

AGENCY: Department of Homeland Security (DHS).

ACTION: 30-Day notice and request for comments; Extension without change of a currently approved collection, 1600-0014.

SUMMARY: The Department of Homeland Security, DHS will submit the following information collection request (ICR) to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995. DHS previously published this information collection request (ICR) in the **Federal Register** on December 11, 2025, for a 60-day public comment period. No comments were received by DHS. The purpose of this notice is to allow additional 30-days for public comments.

DATES: Comments are encouraged and will be accepted until August 21, 2026. This process is conducted in accordance with 5 CFR 1320.10.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open

for Public Comments” or by using the search function.

The Office of Management and Budget is particularly interested in comments which:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
3. Enhance the quality, utility, and clarity of the information to be collected; and
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submissions of responses.

SUPPLEMENTARY INFORMATION: Executive Order 12862 directs Federal agencies to provide service to the public that matches or exceeds the best service available in the private sector. In order to work continuously to ensure that our programs are effective and meet our customers’ needs, Department of Homeland Security (hereafter “the Agency”) seeks to obtain OMB approval of a generic clearance to collect qualitative feedback on our service delivery. By qualitative feedback we mean information that provides useful insights on perceptions and opinions, but are not statistical surveys that yield quantitative results that can be generalized to the population of study.

This collection of information is necessary to enable the Agency to garner customer and stakeholder feedback in an efficient, timely manner, in accordance with our commitment to improving service delivery. The information collected from our customers and stakeholders will help ensure that users have an effective, efficient, and satisfying experience with the Agency’s programs. This feedback will provide insights into customer or stakeholder perceptions, experiences and expectations, provide an early warning of issues with service, or focus attention on areas where communication, training or changes in operations might improve delivery of products or services. These collections will allow for ongoing, collaborative and actionable communications between the Agency and its customers and

stakeholders. It will also allow feedback to contribute directly to the improvement of program management.

Improving agency programs requires ongoing assessment of service delivery, by which we mean systematic review of the operation of a program compared to a set of explicit or implicit standards, as a means of contributing to the continuous improvement of the program. The Agency will collect, analyze, and interpret information gathered through this generic clearance to identify strengths and weaknesses of current services and make improvements in service delivery based on feedback. The solicitation of feedback will target areas such as: timeliness, appropriateness, accuracy of information, courtesy, efficiency of service delivery, and resolution of issues with service delivery. Responses will be assessed to plan and inform efforts to improve or maintain the quality of service offered to the public. If this information is not collected, vital feedback from customers and stakeholders on the Agency’s services will be unavailable.

The Agency will only submit a collection for approval under this generic clearance if it meets the following conditions:

- Information gathered will be used only internally for general service improvement and program management purposes and is not intended for release outside of the agency (if released, procedures outlined in Question 16 will be followed);
- Information gathered will not be used for the purpose of substantially informing influential policy decisions;
- Information gathered will yield qualitative information; the collections will not be designed or expected to yield statistically reliable results or used as though the results are generalizable to the population of study;
- The collections are voluntary.
- The collections are low-burden for respondents (based on considerations of total burden hours, total number of respondents, or burden-hours per respondent) and are low-cost for both the respondents and the Federal Government.
- The collections are non-controversial and do not raise issues of concern to other Federal agencies;
- Any collection is targeted to the solicitation of opinions from respondents who have experience with the program or may have experience with the program in the near future; and
- With the exception of information needed to provide remuneration for participants of focus groups and cognitive laboratory studies, personally

identifiable information (PII) is collected only to the extent necessary and is not retained.

If these conditions are not met, the Agency will submit an information collection request to OMB for approval through the normal PRA process.

To obtain approval for a collection that meets the conditions of this generic clearance, a standardized form will be submitted to OMB along with supporting documentation (*e.g.*, a copy of the comment card). The submission will have automatic approval, unless OMB identifies issues within 5 business days.

The types of collections that this generic clearance covers include, but are not limited to:

- Customer comment cards/complaint forms
- Small discussion groups
- Focus Groups of customers, potential customers, delivery partners, or other stakeholders
- Cognitive laboratory studies, such as those used to refine questions or assess usability of a website;
- Qualitative customer satisfaction surveys (*e.g.*, post-transaction surveys; opt-out web surveys)
- In-person observation testing (*e.g.*, website or software usability tests)

The Agency has established a manager/managing entity to serve for this generic clearance and will conduct an independent review of each information collection to ensure compliance with the terms of this clearance prior to submitting each collection to OMB.

If appropriate, agencies will collect information electronically and/or use online collaboration tools to reduce burden.

Small business or other small entities may be involved in these efforts but the Agency will minimize the burden on them of information collections approved under this clearance by sampling, asking for readily available information, and using short, easy-to-complete information collection instruments.

Without these types of feedback, the Agency will not have timely information to adjust its services to meet customer needs.

If a confidentiality pledge is deemed useful and feasible, the Agency will only include a pledge of confidentiality that is supported by authority established in statute or regulation, that is supported by disclosure and data security policies that are consistent with the pledge, and that does not unnecessarily impede sharing of data with other agencies for compatible

confidential use. If the agency includes a pledge of confidentiality, it will include a citation for the statute or regulation supporting the pledge.

There is no change in the information being collected.

The Office of Management and Budget is particularly interested in comments which:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
3. Enhance the quality, utility, and clarity of the information to be collected; and
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

DEPARTMENT OF HOMELAND SECURITY

[Docket Number DHS-DHS-2026-0298]

Agency Information Collection Activities: DHS Civil Rights and Civil Liberties Complaint and Privacy Waiver Form, 1601-0035

AGENCY: Department of Homeland Security (DHS).

ACTION: 60-Day notice and request for comments; reinstatement without change of a currently approved collection, 1601-0035.

SUMMARY: The Department of Homeland Security, will submit the following Information Collection Request (ICR) to the Office of Management and Budget (OMB) for review and clearance in accordance with the Paperwork Reduction Act of 1995.

DATES: Comments are encouraged and will be accepted until September 21, 2026. This process is conducted in accordance with 5 CFR 1320.1.

ADDRESSES: You may submit comments, identified by docket number Docket # DHS- DHS-2026-0298, at:

○ *Federal eRulemaking Portal:* <http://www.regulations.gov>. Please follow the instructions for submitting comments.

Instructions: All submissions received must include the agency name and docket number Docket # DHS-DHS-2026-0298. All comments received will be posted without change to <http://www.regulations.gov>, including any personal information provided.

Docket: For access to the docket to read background documents or comments received, go to <http://www.regulations.gov>.

SUPPLEMENTARY INFORMATION: The U.S. Department of Homeland Security (DHS), Office for Civil Rights and Civil Liberties (CRCL) reviews and investigates civil rights and civil liberties complaints filed by the public regarding U.S. Department of Homeland Security (DHS) policies and activities. Under 6 U.S.C. 345 and 42 U.S.C. 2000ee-1, CRCL reviews and assesses allegations involving a range of alleged civil rights and civil liberties abuses, such as:

- Discrimination based on race, ethnicity, national origin, religion, sex, sexual orientation, sex, or disability;
- Violation of rights while in immigration detention or as subject of immigration enforcement;
- Discrimination or inappropriate questioning related to entry into the United States;
- Violation of due process rights, such as the right to timely notice of charges or access to lawyer;
- Violation of confidentiality provisions of the Violence Against Women Act;
- Physical abuse or any other type of abuse;
- Denial of meaningful access to DHS or DHS-supported programs, activities, or services due to limited English proficiency and
- Any other civil rights, civil liberties, or human rights violation related to a Department program or activity, including allegations of discrimination by an organization or program that receives financial assistance from DHS.

The information collected on this form will allow CRCL to review and investigate civil rights and civil liberties complaints filed by the public regarding DHS programs and activities. CRCL submits copies of all external allegations of civil rights and civil liberties violations within its jurisdiction that it receives to the DHS Office of Inspector General (OIG) for review because OIG has the right of first refusal to investigate any allegations. If the OIG declines to investigate the allegations, CRCL may investigate. CRCL coordinates with DHS Components and the OIG regarding matters that CRCL opens as complaint investigations as well as some it decides not to investigate. In general, CRCL shares the incoming information with the Components involved and coordinates with the Components throughout a CRCL investigation. CRCL typically has a designated liaison office or person for each component and directs requests to them, which they route or share according to their internal procedures and obligations to obtain and share information with CRCL pursuant to statute, delegation, and other Department policies and directives. CRCL staff receive privacy training and adhere to DHS required policies and procedures regarding the protection of PII. At the conclusion of its complaint investigations, CRCL issues recommendations to DHS Components to address issues of concern and to enhance the agency's civil rights and civil liberties protections. CRCL also engages with Components on the implementation of such recommendations. In addition, the information provided is entered into a CRCL complaint management system (CMS) and may be used by CRCL to track allegations and identify trends and systemic issues that are within CRCL's jurisdiction regardless of whether CRCL investigates an individual allegation. CRCL has used information from these database records to notify DHS Components of issue areas and locations that may warrant closer attention. Information must be submitted to CRCL via the web form <https://www.dhs.gov/make-civil-rights-complaint> and may be initiated by members of the public, federal agencies, or agency personnel, non-governmental organizations, media reports or other sources. The use of the complaint form is optional and all fields do not have to be completed to submit a complaint. Furthermore, the complaints may be submitted anonymously. The form in an electronic form and it is available online for submission at <https://www.dhs.gov/>
