

General Description of Collection: The Summary of Deposits (SOD) is the annual survey of branch office deposits as of June 30 for all FDIC-insured institutions, including insured U.S. branches of foreign banks. All FDIC-insured institutions that operate a main office and one or more branch locations (including limited service drive-thru locations) as of June 30 each year are required to file the SOD Survey. Insured branches of foreign banks are also required to file. All data collected on the SOD submission are available to the public. The survey data provides a basis for measuring the competitive impact of bank mergers and has additional use in research on banking. There is no change in the substance or methodology of this information collection. The change in burden is due solely to a decrease of 657 in the estimated number of respondents, from 11,610 annual respondents in the currently approved information collection to the current estimate of 10,953.

Request for Comment

Comments are invited on: (a) whether the collections of information are necessary for the proper performance of the FDIC's functions, including whether the information has practical utility; (b) the accuracy of the estimates of the burden of the information collections, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collections of information on respondents, including through the use of automated collection techniques or other forms of information technology. All comments will become a matter of public record.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Administration for Children and Families

[Office of Management and Budget: 0970–0558]

Submission for Office of Management and Budget Review; Generic for Administration for Children and Families Program Monitoring Activities

AGENCY: Administration for Children and Families, U.S. Department of Health and Human Services.

ACTION: Request for public comments.

SUMMARY: The Administration for Children and Families (ACF) intends to request from the Office of Management and Budget (OMB) an extension of approval for an umbrella generic clearance for information collections related to ACF program office monitoring activities. ACF programs promote the economic and social well-being of families, children, individuals, and communities. The Generic for ACF

Program Monitoring Activities allows ACF program offices to collect standardized information from recipients that receive federal funds to ensure oversight, evaluation, support purposes, and stewardship of federal funds. There are no changes proposed to the terms of the generic. Burden estimates have been updated.

DATES: *Comments due* August 21, 2026.

ADDRESSES: The public may view and comment on this information collection request at: https://www.reginfo.gov/public/do/PRAViewICR?ref_nbr=202607-0970-010. You can also obtain copies of the proposed collection of information by emailing infocollection@acf.hhs.gov. Identify all emailed requests by the title of the information collection.

SUPPLEMENTARY INFORMATION:

Description: Program monitoring is a post-award process through which ACF assesses a recipient's programmatic performance and business management performance. Monitoring activities are necessary to ensure timely action by ACF to support grantees and protect federal interests. Program offices use information collected under this generic clearance to monitor funding recipient activities and to provide support or take appropriate action, as needed. The information gathered is or will be used primarily for internal purposes, but aggregate data may be included in public materials such as reports to Congress or program office documents. Following standard OMB requirements, ACF will submit a request for each individual data collection activity under this generic clearance. Each request will include the individual form(s) or instrument(s), a justification specific to the individual information collection, and any supplementary documents.

Respondents: ACF funding recipients.

Annual Burden Estimates

The following burden estimates include burden associated with currently approved individual requests that ACF intends to include with this extension request and an estimate of burden for potential new requests under this generic. Note that new individual requests may be approved between this publication and submission of the full extension request.

All currently approved individual requests are available here: https://www.reginfo.gov/public/do/PRAViewICR?ref_nbr=202604-0970-004.
