Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Tramroads and Logging Roads

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of information collection; request for comment.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (PRA), the Bureau of Land Management (BLM) proposes extending an information collection.

DATES: Interested persons are invited to submit comments on or before August 21, 2026.

ADDRESSES: Written comments and recommendations for this information collection request (ICR) should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

FOR FURTHER INFORMATION CONTACT: To request additional information about this ICR, contact Jessica LeRoy by email at jrleroy@blm.gov, or by telephone at (971) 439-5054. Individuals in the United States who are deaf, deafblind, hard of hearing, or have a speech disability may dial 711 (TTY, TDD, or TeleBraille) to access telecommunications relay services. Individuals outside the United States

should use the relay services offered within their country to make international calls to the point-of-contact in the United States. You may also view the ICR at <http://www.reginfo.gov/public/do/PRAMain>.

SUPPLEMENTARY INFORMATION: In accordance with the PRA (44 U.S.C. 3501 *et seq.*) and 5 CFR 1320.8(d)(1), we invite the public and other Federal agencies to comment on new, proposed, revised and continuing collections of information. This helps the BLM assess impacts of its information collection requirements and minimize the public's reporting burden. It also helps the public understand BLM information collection requirements and ensure requested data are provided in the desired format.

A **Federal Register** notice with a 60-day public comment period soliciting comments on this collection of information was published on March 19, 2026 (91 FR 13322). No comments were received in response to that notice.

As part of our continuing effort to reduce paperwork and respondent burdens, we are again inviting the public and other Federal agencies to comment on the proposed ICR described below. The BLM is especially interested in public comment addressing the following:

(1) Whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility.

(2) The accuracy of our estimate of the burden for this collection of information, including the validity of the methodology and assumptions used.

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) How the agency could minimize the burden of the collection of information on those who are to respond, including the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.*, permitting electronic submission of response.

Comments submitted in response to this notice are a matter of public record. Before including your address, phone number, email address, or other personally identifiable information (PII) in your comment, you should be aware that your entire comment—including your PII—may be made publicly available at any time. While you can ask us in your comment to withhold your PII from public review, we cannot guarantee that we will be able to do so.

Abstract: The BLM Oregon State Office has authority under the Oregon

and California Revested Lands Sustained Yield Management Act of 1937 (43 U.S.C. 2601 and 2602) and subchapter V of the Federal Land Policy and Management Act (43 U.S.C. 1761–1771) to grant rights-of-way to private landowners to transport their timber over roads controlled by the BLM. This information collection enables the BLM to calculate and collect appropriate fees for this use of public lands. This OMB Control Number is currently scheduled to expire on October 31, 2026. The BLM request that OMB renew this OMB Control Number for an additional three (3) years.

Title of Collection: Tramroads and Logging Roads (43 CFR part 2810).

OMB Control Number: 1004–0168.

Form Numbers: OR–2812–6.

Type of Review: Extension of a currently approved collection.

Respondents/Affected Public: Private landowners who hold rights-of-way for the use of BLM-controlled roads in western Oregon.

Total Estimated Number of Annual Respondents: 1,088.

Total Estimated Number of Annual Responses: 1,088.

Estimated Completion Time per Response: 8 hours.

Total Estimated Number of Annual Burden Hours: 8,704.

Respondent's Obligation: Required to obtain or retain a benefit.

Frequency of Collection: Annually, biannually, quarterly, or monthly, depending on the terms of the pertinent right-of-way.

Total Estimated Annual Non-hour Burden Cost: None.

An agency may not conduct or sponsor, and a person is not required to respond to a collection of information unless it displays a currently valid OMB control number.

The authority for this action is the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Darrin King,

Information Collection Clearance Officer.

Notice of Intended Repatriation: Sonoma State University, Rohnert Park, CA

AGENCY: National Park Service, Interior.

ACTION: Notice.

SUMMARY: In accordance with the Native American Graves Protection and Repatriation Act (NAGPRA), Sonoma State University intends to repatriate certain cultural items that meet the definition of unassociated funerary objects and that have a cultural affiliation with the Indian Tribes or Native Hawaiian organizations in this notice.

DATES: Repatriation of the cultural items in this notice may occur on or after August 21, 2026.

ADDRESSES: Send additional, written requests for repatriation of the cultural items in this notice to Kirsten Twork, Sonoma State University, 1801 E Cotati Avenue, Rohnert Park, CA 94928, email tworkk@sonoma.edu.

SUPPLEMENTARY INFORMATION: This notice is published as part of the National Park Service's administrative responsibilities under NAGPRA. The determinations in this notice are the sole responsibility of Sonoma State University, and additional information on the determinations in this notice, including the results of consultation, can be found in the summary or related records. The National Park Service is not responsible for the determinations in this notice.

Abstract of Information Available

A total of 70,589 lots of unassociated funerary objects have been requested for repatriation.

A total of 866 lots of unassociated funerary objects were removed from CA–SON–1343 in Santa Rosa, California in Sonoma county. The items include groundstone, modified stone, debitage, soil, firecracked rock, and gravel. The material was removed during an archaeological site investigation due the construction of a parking lot over the site area. The investigation provides suggestions on how to move forward with the construction of the parking lot while still protecting the site. The cultural material has been at the university since at least 1981.

A total of 33 lots of unassociated funerary objects were removed from CA–SON–466 in Santa Rosa, California in Sonoma county. The items include groundstone, modified stone, shell beads, and debitage. The material was removed during a cultural resource evaluation to investigate the impact areas that would be disturbed during the Santa Rosa Effluent Disposal System. The cultural items have been at Sonoma State University since 1983.

A total of 3,316 lots of unassociated funerary objects were removed from

CA–SON–1042 in Santa Rosa, California in Sonoma county. The items include modified stone, soil, historic, petrified wood, unmodified stone, and debitage. One portion of the cultural material came to the university in 1979, resulting from an archaeological investigation of the site impact area due the development of the Bennett Valley Golf Course. The second portion came in 1980 associated with an archaeological investigation of the impacted area due to the development of housing. The cultural items have been at Sonoma State University since their removal.

A total of 14,927 lots of unassociated funerary objects were removed from CA–SON–1250 and CA–SON–1251 in Santa Rosa, California in Sonoma county. The items include modified stone, debitage, shell beads, faunal bone, modified faunal bone, soil, unmodified stone, historic, organics, unmodified shell, coal, petrified wood, baked clay, and groundstone. The cultural material came to the university during three different time periods, in 1982, 1985, and 1995. The first portion of cultural material was removed from the site during an archaeological test excavation to determine the significance of the site and offer management recommendations. The second portion of cultural material was removed related to the construction of a bridge and realign a portion of Bennett Valley Road. The last is related to an archaeological project in 1995. The cultural items have been at Sonoma State University since coming to the university.

A total of 135 lots of unassociated funerary objects were removed from P–49–003870 in Santa Rosa, California in Sonoma county. The items include modified stone tools, shell, faunal bone, and historic. The material was removed from a site during a cultural resource study for the Santa Rosa Multi-Use Project proposed by the City of Santa Rosa Public Works Department. The cultural items have been at Sonoma State University since 2015.

A total of seven lots of unassociated funerary objects were removed from CA–SON–19 in Santa Rosa, California in Sonoma county. The items include modified stone and debitage. The cultural material was removed during an archaeological survey of the area. The cultural items have been at Sonoma State University since 1973.

A total of 14 lots of unassociated funerary objects were removed from CA–SON–720 in Santa Rosa, California in Sonoma county. The items include groundstone, unmodified stone, modified faunal bone, and modified stone. The cultural material was
