BILLING CODE 4410-09-P

DEPARTMENT OF LABOR

Agency Information Collection Activities; Submission for OMB Review; Comment Request; Application for Prevailing Wage Determination

ACTION: Notice of availability; request for comments.

SUMMARY: The Department of Labor (DOL) is submitting this Employment and Training Administration (ETA)-sponsored information collection request (ICR) to the Office of Management and Budget (OMB) for review and approval in accordance with the Paperwork Reduction Act of 1995 (PRA). Public comments on the ICR are invited.

DATES: The OMB will consider all written comments that the agency receives on or before August 24, 2026.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. Find this particular information collection by selecting "Currently under 30-day Review—Open for Public Comments" or by using the search function.

FOR FURTHER INFORMATION CONTACT: Michael Howell by telephone at 202-693-6782, or by email at DOL_PRA_PUBLIC@dol.gov.

SUPPLEMENTARY INFORMATION: The information contained in the Form ETA-9141 is the basis for the Secretary's determination of the wage employers must pay in order protect against adverse effect on U.S. workers' wages by the employment of a foreign worker. Prior to submitting requests for most labor certifications or a labor condition applications to the Secretary of Labor, employers must obtain a prevailing wage for the job opportunity based on the place of employment in order to ensure that wages are not being adversely affected by paying foreign workers less than a prevailing wage. Form ETA-9141, Application for Prevailing Wage Determination, is used to collect the necessary information from employers to enable the Department of Labor (Department) to issue a prevailing wage for the occupation and location of the job offer. The Form ETA-9141 is used in the H-2B, H-1B, H-1B1, E-3, and PERM programs administered by the Department.

In order to meet its statutory responsibilities under the INA, the Department must request information from employers seeking to hire and import foreign labor. The Department uses the information collected to determine the appropriate wages that must be paid by an employer to foreign workers in most programs. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on March 24, 2026 (91 FR 14042).

Comments are invited on: (1) whether the collection of information is necessary for the proper performance of the functions of the Department, including whether the information will have practical utility; (2) the accuracy of the agency's estimates of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of

automated collection techniques or other forms of information technology.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless the OMB approves it and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6.

DOL seeks PRA authorization for this information collection for three (3) years. OMB authorization for an ICR cannot be for more than three (3) years without renewal. The DOL notes that information collection requirements submitted to the OMB for existing ICRs receive a month-to-month extension while they undergo review.
