Increasing Market and Planning Efficiency Through Improved Software; Notice Requesting Post-Conference Comment

On July 7 and 8, 2026, Federal Energy Regulatory Commission convened a Staff-led technical conference to discuss grid-enhancing technologies, load forecasting, and opportunities for increasing market and planning efficiency through improved software.

All interested persons are invited to file post-conference comments to address issues raised during the panels on grid-enhancing technologies and load forecasting that may benefit from further discussion. Parties are also invited to provide comments on the

questions presented in the conference agenda.¹ Commenters need not respond to all topics or questions asked.

Commenters may reference material previously filed in this docket but are encouraged to avoid repetition or replication of previous material. To facilitate the processing of comments, we urge commenters to organize their comments by panel topic and question presented at the conference, and to be brief. In addition, commenters are encouraged to provide examples in support of their answers. However, we also remind commenters to avoid submission of *ex parte* communications discussing the merits of any contested proceeding.² Comments must be submitted on or before Wednesday, August 19, 2026.

Comments may be filed electronically via the internet.³ Instructions are available on the Commission's website <http://www.ferc.gov/docs-filing/efiling.asp>. For assistance, please contact FERC Online Support at ferconlinesupport@ferc.gov or toll free at 1–866–208–3676, or for TTY, (202) 502–8659. Although the Commission strongly encourages electronic filing, documents may also be paper-filed. To paper-file, submissions sent via the U.S. Postal Service must be addressed to: Federal Energy Regulatory Commission, Office of the Secretary, 888 First Street NE, Washington, DC 20426. Submissions sent via any other carrier must be addressed to: Federal Energy Regulatory Commission, Office of the Secretary, 12225 Wilkins Avenue, Rockville, MD 20852.

To stay apprised of issuances in this docket, there is an “eSubscription” link on the Commission's website that enables subscribers to receive email notification when a document is added to a subscribed docket(s). Federal Energy Regulatory Commission

[Docket No. CP26–20–000]

Columbia Gas Transmission, LLC; Notice of Availability of the Environmental Assessment for the Proposed Southeast Virginia Energy Storage Project

The staff of the Federal Energy Regulatory Commission (FERC or Commission) has prepared an environmental assessment (EA) for the Southeast Virginia Energy Storage Project, proposed by Columbia Gas Transmission, LLC (Columbia) in the above-referenced docket.¹ Columbia requests authorization to construct, own, and operate a new liquefied natural gas (LNG) storage facility and approximately one mile of 12-inch-diameter natural gas transmission pipeline connecting this facility to Columbia's existing pipeline system in Sussex County, Virginia.

Any person wishing to comment on the EA may do so. To ensure consideration of your comments on the proposal prior to making a decision on the project, it is important that the Commission receive your comments on or before 5:00 p.m. Eastern Time on August 17, 2026. Instructions for filing comments are provided on page 3.

FERC is the lead federal agency for authorizing interstate natural gas transmission and storage facilities under the Natural Gas Act of 1938 (NGA) and the lead federal agency for preparation of the EA. The EA assesses the potential environmental effects of the Southeast Virginia Energy Storage Project in accordance with the requirements of the National Environmental Policy Act (NEPA)² and the Commission's implementing regulations.³ The principal purposes of the EA are to: identify and assess the potential effects
