

Frequency of response: Once per request.

Average minutes per response: 10–30.
Burden hours: 13,500.

Abstract: This information collection activity provides a means to gather qualitative customer and stakeholder feedback in an efficient, timely manner, in accordance with NARA's commitment to improving service delivery. By qualitative feedback, we mean information that provides useful insights into customers' or stakeholders' perceptions and opinions, but not statistical surveys that yield quantitative results that can be generalized to the population of study. Qualitative feedback provides insights into perceptions, experiences, and expectations, provides an early warning of issues with service, or focuses attention on areas where communication, training, or changes in operations might improve delivery of products or services. Collecting this information allows for ongoing, collaborative, and actionable communications between NARA and its customers and stakeholders. It also allows us to contribute feedback directly to improving program management.

NARA collects feedback in areas of service delivery such as timeliness, appropriateness, accuracy of information, plain language, courtesy, efficiency, and resolution of issues with service delivery. We use customer feedback to plan efforts to improve or maintain the quality of service offered to the public. If this information is not collected, vital feedback from customers and stakeholders on NARA's services will be unavailable.

NARA will only submit a collection for approval under this generic clearance if it meets the following conditions:

- The collection is voluntary;
- The collection is low-burden for respondents (based on considerations of total burden hours, total number of respondents, or burden-hours per respondent) and is low-cost for both the respondents and the Federal Government.
- The collection is non-controversial and does not raise issues of concern to other Federal agencies;
- It is targeted to solicit opinions from respondents who have experience with the program or may have experience with the program in the near future;
- Personally identifiable information (PII) is collected only to the extent necessary and is not retained;
- Information gathered will be used only internally for general service improvement and program management

purposes and is not intended for release outside of the agency;

- Information gathered will not be used for the purpose of substantially informing influential policy decisions; and
- Information gathered will yield qualitative information; the collections will not be designed or expected to yield statistically reliable results or used as though the results are generalizable to the population of study.

Feedback collected under this generic clearance provides useful information, but it does not yield data that can be generalized to the overall population. This type of generic clearance for qualitative information will not be used for quantitative information collections that are designed to yield reliably actionable results, such as monitoring trends over time or documenting program performance. Such data uses require more rigorous designs that address: the target population to which generalizations will be made, the sampling frame, the sample design (including stratification and clustering), the precision requirements or power calculations that justify the proposed sample size, the expected response rate, methods for assessing potential non-response bias, the protocols for data collection, and any testing procedures that were or will be undertaken prior to fielding the study. Depending on the degree of influence the results are likely to have, such collections may still be eligible for submission for other generic mechanisms that are designed to yield quantitative results, but do not fall under the current generic collection.

As a general matter, information collections under this generic collection request will not result in any new system of records containing privacy information and will not ask questions of a sensitive nature, such as sexual behavior and attitudes, religious beliefs, and other matters that are commonly considered private.

Current Actions: NPRC Survey of Customer Satisfaction, National Archives Catalog Feedback, Revolutionary War Pension File Transcription, National Outreach Program Initiative (NOPI), and Event Evaluations.

Gulam Shakir,

Executive for Information Services/CIO.

BILLING CODE 7515–01–P

NUCLEAR REGULATORY COMMISSION

[NRC–2025–0052]

Information Collection: NRC Form 313, Application for Materials License and NRC Forms 313A (Radiation Safety Officer (RSO)), 313A (AMP), 313A (Authorized Nuclear Pharmacist (ANP)), 313A (Authorized User Training, Experience and Preceptor Attestation (AUD)), 313A (Authorized User Training, Experience, and Preceptor Attestation (AUT)), and 313A (Authorized User Training, Experience and Preceptor Attestation (AUS))

AGENCY: Nuclear Regulatory Commission.

ACTION: Notice of submission to the Office of Management and Budget; request for comment.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) has recently submitted a request for renewal of an existing collection of information to the Office of Management and Budget (OMB) for review. The information collection is entitled, “NRC Form 313, Application for Materials License and NRC Forms 313A (Radiation Safety Officer (RSO)), 313A (AMP), 313A (Authorized Nuclear Pharmacist (ANP)), 313A (Authorized User Training, Experience and Preceptor Attestation (AUD)), 313A (Authorized User Training, Experience, and Preceptor Attestation (AUT)), and 313A (Authorized User Training, Experience and Preceptor Attestation (AUS)).”

DATES: Submit comments by August 24, 2026. Comments received after this date will be considered if it is practical to do so, but the Commission is able to ensure consideration only for comments received on or before this date.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to <https://www.reginfo.gov/public/do/PRAMain>. Find this particular information collection by selecting “Currently under Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT: Kristen Benney, Office of the Chief Information Officer, U.S. Nuclear Regulatory Commission, Washington, DC 20555–0001; telephone: 301–415–6355; email: Infocollects.Resource@nrc.gov.

SUPPLEMENTARY INFORMATION:

I. Obtaining Information and Submitting Comments

A. Obtaining Information

Please refer to Docket ID NRC–2025–0052 when contacting the NRC about the availability of information for this action. You may obtain publicly available information related to this action by any of the following methods:

- *Federal Rulemaking Website*: Go to <https://www.regulations.gov> and search for Docket ID NRC–2025–0052.

- *NRC's Agencywide Documents Access and Management System (ADAMS)*: You may obtain publicly available documents online in the ADAMS Public Documents collection at <https://www.nrc.gov/reading-rm/adams.html>. To begin the search, select "Begin ADAMS Public Search." For problems with ADAMS, please contact the NRC's Public Document Room (PDR) reference staff at 1–800–397–4209, at 301–415–4737, or by email to PDR.Resource@nrc.gov. A copy of the collection of information and related instructions may be obtained without charge by accessing ADAMS Accession Nos. ML26153A172, ML25338A231, ML25338A232, ML25338A233, ML25338A234, ML25338A235, ML25338A236 and ML26182A010. The supporting statement is available in ADAMS under Accession No. ML26153A183.

- *NRC's PDR*: The PDR, where you may examine and order copies of publicly available documents, is open by appointment. To make an appointment to visit the PDR, please send an email to PDR.Resource@nrc.gov or call 1–800–397–4209 or 301–415–4737, between 8 a.m. and 4 p.m. eastern time (ET), Monday through Friday, except Federal holidays.

- *NRC's Clearance Officer*: A copy of the collection of information and related instructions may be obtained without charge by contacting the NRC's Clearance Officer, Kristen Benney, Office of the Chief Information Officer, U.S. Nuclear Regulatory Commission, Washington, DC 20555–0001; telephone: 301–415–6355; email: Infocollects.Resource@nrc.gov.

B. Submitting Comments

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to <https://www.reginfo.gov/public/do/PRAMain>. Find this particular information collection by selecting "Currently under Review—Open for Public Comments" or by using the search function.

The NRC cautions you not to include identifying or contact information in comment submissions that you do not want to be publicly disclosed in your comment submission. All comment submissions are posted at <https://www.regulations.gov> and entered into ADAMS. Comment submissions are not routinely edited to remove identifying or contact information.

If you are requesting or aggregating comments from other persons for submission to the OMB, then you should inform those persons not to include identifying or contact information that they do not want to be publicly disclosed in their comment submission. Your request should state that comment submissions are not routinely edited to remove such information before making the comment submissions available to the public or entering the comment into ADAMS.

II. Background

Under the provisions of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the NRC recently submitted a request for renewal of an existing collection of information to OMB for review entitled, "NRC Form 313, Application for Materials License and NRC Forms 313A (Radiation Safety Officer (RSO)), 313A (AMP), 313A (Authorized Nuclear Pharmacist (ANP)), 313A (Authorized User Training, Experience and Preceptor Attestation (AUD)), 313A (Authorized User Training, Experience, and Preceptor Attestation (AUT)), and 313A (Authorized User Training, Experience and Preceptor Attestation (AUS))." The NRC hereby informs potential respondents that an agency may not conduct or sponsor, and that a person is not required to respond to, a collection of information unless it displays a currently valid OMB control number.

The NRC published a **Federal Register** notice with a 60-day comment period on this information collection on April 21, 2026, 91 FR 21332.

1. *The title of the information collection*: NRC Form 313, Application for Materials License and NRC Forms 313A (Radiation Safety Officer (RSO)), 313A (AMP), 313A (Authorized Nuclear Pharmacist (ANP)), 313A (Authorized User Training, Experience and Preceptor Attestation (AUD)), 313A (Authorized User Training, Experience, and Preceptor Attestation (AUT)), and 313A (Authorized User Training, Experience and Preceptor Attestation (AUS)).

2. *OMB approval number*: 3150–0120.

3. *Type of submission*: Extension.

4. *The form number, if applicable*: NRC Form 313, Application for Materials License and NRC Forms 313A

(RSO), 313A (AMP), 313A (ANP), 313A (AUD), 313A (AUT), and 313A (AUS).

5. *How often the collection is required or requested*: There is a one-time submittal of the NRC Form 313 (which may include the NRC Form 313A series of forms) with information to receive a license. Once a specific license has been issued, there is a 15-year resubmittal of the NRC Form 313 (which may include the NRC Form 313A series of forms) with information for renewal of the license. Amendment requests are submitted as needed by the licensee. There is a one-time submittal for all limited specific medical use applicants of a NRC Form 313A series form to have each new individual identified as a Radiation Safety Officer (RSO) or Associate Radiation Safety Officer (ARSO) [NRC Form 313A (RSO)], authorized medical physicist or ophthalmic physicist [NRC Form 313A (AMP)], authorized nuclear pharmacist [NRC Form 313A (ANP)], or authorized user [NRC Form 313A (AUD), NRC Form 313A (AUS), or NRC Form 313A (AUT)] or a subsequent submittal of additional information for one of these individuals to be identified with a new authorization on a limited specific medical use license. NRC Form 313A (RSO) is also used by medical broad scope licensees when identifying a new individual as an RSO, a new individual as an ARSO, adding an additional RSO authorization, or adding an additional ARSO authorization for the individual. This submittal may occur when applying for a new license, amendment, or renewal. NRC Form 313A (ANP) is also used by commercial nuclear pharmacy licensees when requesting an individual be identified for the first time as ANP. This submittal may occur when applying for a new license, amendment, or renewal.

6. *Who will be required or asked to respond*: All applicants requesting a license, amendment or renewal of a license for byproduct or source material.

7. *The estimated number of annual responses*: 18,994.5.

8. *The estimated number of annual respondents*: 14,229 (1,292 NRC licensees + 10,594 Agreement State licensees + 2,343 third party attestations).

9. *The estimated number of hours needed annually to comply with the information collection requirement or request*: 39,891 (4,209 NRC licensee reporting + 34,511 Agreement State reporting + 1,171 third party attestations).

10. *Abstract*: Applicants must submit NRC Form 313, which may include the six forms in the 313A series, to obtain a specific license to possess, use, or

distribute byproduct or source material. These six forms in the 313A series are: (1) NRC Form 313A (RSO), "Radiation Safety Officer or Associate Radiation Safety Officer Training, Experience and Preceptor Attestation [10 CFR 35.57, 35.50]"; (2) NRC Form 313A (AMP), "Authorized Medical Physicist or Ophthalmic Physicist, Training, Experience and Preceptor Attestation [10 CFR 35.51, 35.57(a)(3), and 35.433]"; (3) NRC Form 313A (ANP), "Authorized Nuclear Pharmacist Training, Experience, and Preceptor Attestation [10 CFR 35.55]"; (4) NRC Form 313A (AUD), "Authorized User Training, Experience and Preceptor Attestation (for uses defined under 35.100, 35.200, and 35.500) 10 CFR 35.57, 35.190, 35.290, and 35.590"; (5) NRC Form 313A (AUT), "Authorized User Training, Experience, and Preceptor Attestation (for uses defined under 35.300) 10 CFR 35.57, 35.390, 35.392, 35.394, and 35.396"; and (6) NRC Form 313A (AUS), "Authorized User Training, Experience and Preceptor Attestation (for uses defined under 35.400 and 35.600) 10 CFR 35.57, 35.490, 35.491, and 35.690." The NRC Form 313A series of forms requires preceptor attestations for certain individuals. The preceptor attestation is provided by a third party and not an applicant or licensee. The information is reviewed by the NRC to determine whether the applicant is qualified by training and experience, and has equipment, facilities, and procedures which are adequate to protect the public health and safety and minimize danger to life or property.

(Authority: 42 U.S.C. 2011 *et seq.*)

Dated: July 20, 2026.

For the Nuclear Regulatory Commission.

Kristen Benney,

NRC Clearance Officer, Office of the Chief Information Officer.

BILLING CODE 7590-01-P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-105947; File No. SR-NYSEAMER-2026-62]

Self-Regulatory Organizations; NYSE American LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change To Amend the Connectivity Fee Schedule

July 20, 2026.

Pursuant to Section 19(b)(1) ¹ of the Securities Exchange Act of 1934

("Act") ² and Rule 19b-4 thereunder, ³ notice is hereby given that, on July 7, 2026, NYSE American LLC ("NYSE American" or "Exchange") filed with the Securities and Exchange Commission ("Commission") the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the Connectivity Fee Schedule to add MX2 Options to the list of third party data feeds to which Users can connect. The proposed rule change is available on the Exchange's website at www.nyse.com and at the principal office of the Exchange.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to amend the Connectivity Fee Schedule to add MX2 Options to the list of third party data feeds to which Users ⁴ can connect. Currently, Users are offered connectivity to data feeds from third party markets

and other content service providers ("Third Party Data Feeds") at the Mahwah, New Jersey data center ("MDC"). ⁵ The Exchange now proposes to amend the list to incorporate a new feed from MX 2 LLC ("MX2 Options"). ⁶

The proposed rule change will become operational as soon as practicable after the MX2 Options data feed is live. The announced date for the MX2 Options data feed to be live is September 14, 2026. ⁷ The Exchange currently expects that the proposed rule change would become operative soon thereafter. The Exchange will announce the date through a customer notice.

Proposed Change to the List of Third Party Data Feeds

So that the Exchange may offer connectivity to MX2 Options, it proposes to add it to the list of available Third Party Data Feeds (proposed additions italicized):

Third party data feed	Monthly recurring connectivity fee per third party data feed
Miami International Securities Exchange/MIAX PEARL	\$2,000
<i>MX2 Options</i>	<i>2,000</i>

The Exchange would provide connectivity to MX2 Options as a convenience to Users.

As with the existing connections to Third Party Data Feeds, including the existing connections to Third Party Data Feeds from MEMX ("MEMX Third Party Data Feeds"), the Exchange would receive a connection to the MX2 Options data feed (the "Proposed Third Party Data Feed") from the content service provider at the relevant source. The Exchange would then provide connectivity to that data to Users for a fee. Users would connect to MX2 Options over the internet protocol ("IP") network, a local area network available in the MDC. The Proposed Third Party Data Feed would include trading and other information concerning the securities that are traded on MX2 Options.

As with the existing connections to Third Party Data Feeds, including the

⁵ Through its Fixed Income and Data Services ("FIDS") business, Intercontinental Exchange, Inc. ("ICE") operates the MDC. The Exchange and the Affiliate SROs are indirect subsidiaries of ICE.

⁶ See Securities Exchange Act Release No. 104152 (September 30, 2025), 90 FR 47867 (October 2, 2025) (SR-MX2-2025-01) (Order Granting Approval to a Proposed Rule Change To Adopt Rules To Govern the Trading of Options on the Exchange for a New Facility Called MX2 Options).

⁷ See "September 2026 Go Live Date for MX2 Options" at <https://memx.com/insights/september-2026-go-live-date-for-mx2-options>.

¹ 15 U.S.C. 78s(b)(1).

² 15 U.S.C. 78a.

³ 17 CFR 240.19b-4.

⁴ For purposes of the Exchange's colocation services, a "User" means any market participant that requests to receive colocation services directly from the Exchange. See Securities Exchange Act Release No. 76009 (September 29, 2015), 80 FR 60213 (October 5, 2015) (SR-NYSEMKT-2015-67). As specified in the Fee Schedule, a User that incurs colocation fees for a particular colocation service pursuant thereto would not be subject to colocation fees for the same colocation service charged by the New York Stock Exchange LLC, NYSE Arca, Inc., NYSE National, Inc. and NYSE Texas, Inc. (together, the "Affiliate SROs"). Each Affiliate SRO has submitted substantially the same proposed rule change to propose the change described herein.
