

pursuant to the provisions of the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a–81u), and the regulations of the FTZ Board (15 CFR part 400). It was formally docketed on July 21, 2026.

The proposed subzone (4.07 acres) is located at 3340 Gilchrist Road, Mogadore, Ohio. No authorization for production activity has been requested at this time. The proposed subzone would be subject to the existing activation limit of FTZ 40.

In accordance with the FTZ Board's regulations, Juanita Chen of the FTZ Staff is designated examiner to review the application and make recommendations to the Executive Secretary.

Public comment is invited from interested parties. Submissions shall be addressed to the FTZ Board's Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is September 1, 2026. Rebuttal comments in response to material submitted during the foregoing period may be submitted through September 16, 2026.

A copy of the application will be available for public inspection in the "Online FTZ Information Section" section of the FTZ Board's website, which is accessible via www.trade.gov/ftz.

For further information, contact Juanita Chen at juanita.chen@trade.gov.

Dated: July 21, 2026.

Foreign-Trade Zones Board

[B–15–2026]

Foreign-Trade Zone (FTZ) 93; Authorization of Production Activity; General Electric Company; (Commercial Aerospace Propulsion Parts and Engine Cores); Durham, North Carolina

On February 3, 2026, General Electric Company submitted a notification of proposed production activity to the FTZ Board for its facility within FTZ 93 in Durham, North Carolina.

The notification was processed in accordance with the regulations of the FTZ Board (15 CFR part 400), including notice in the **Federal Register** inviting public comment (91 FR 6187, February 11, 2026). On July 20, 2026, the applicant was notified of the FTZ Board's decision that further review of part of the proposed activity is

warranted. The FTZ Board authorized the production activity described in the notification on a limited basis, subject to the FTZ Act and the Board's regulations, including section 400.14, and further subject to a restriction requiring entry and duty payment on any steel, aluminum or derivative components unless eligible for drawback under the effective Section 232 proclamations at the time of entry.

Dated: July 20, 2026.

[S–298–2026]

Foreign-Trade Zone 186; Approval of Subzone Status; Pratt & Whitney, a Division of RTX Corporation; North Berwick, Maine

On June 4, 2026, the Executive Secretary of the Foreign-Trade Zones (FTZ) Board docketed an application submitted by the City of Waterville, grantee of FTZ 186, requesting subzone status subject to the existing activation limit of FTZ 186, on behalf of Pratt & Whitney, a Division of RTX Corporation, in North Berwick, Maine.

The application was processed in accordance with the FTZ Act and Regulations, including notice in the **Federal Register** inviting public comment (91 FR 34807, June 9, 2026). The FTZ staff examiner reviewed the application and determined that it meets the criteria for approval. Pursuant to the authority delegated to the FTZ Board Executive Secretary (15 CFR

400.36(f)), the application to establish Subzone 186D was approved on July 21, 2026, subject to the FTZ Act and the Board's regulations, including section 400.13, and further subject to FTZ 186's 2,000-acre activation limit.

BILLING CODE 3510-DS-P

DEPARTMENT OF COMMERCE

Foreign-Trade Zones Board

[B-88-2026]

Foreign-Trade Zone (FTZ) 35, Notification of Proposed Production Activity; ifm prover USA, Inc.; (Sensors, Controllers, Software and Systems for Industrial Automation); Malvern, Pennsylvania

Ifm prover USA, Inc. submitted a notification of proposed production activity to the FTZ Board (the Board) for its facility in Malvern, Pennsylvania within FTZ 35. The notification conforming to the requirements of the Board's regulations (15 CFR 400.22) was received on July 15, 2026.

Pursuant to 15 CFR 400.14(b), FTZ production activity would be limited to the specific foreign-status material(s)/ component(s) and specific finished product(s) described in the submitted notification (summarized below) and subsequently authorized by the Board. The benefits that may stem from conducting production activity under FTZ procedures are explained in the background section of the Board's website—accessible via www.trade.gov/ftz.

The proposed finished products include: measurement devices for checking the flow of fluids; thermometers; electrical control devices for machinery and equipment; and, multi-terminal resistance temperature detectors (duty rate ranges from duty-free to 2.6%).

The proposed foreign-status materials/components include: Kapton-polyimide film tape; mylar-polyethylene terephthalate film; polyurethane foam pads; silicon thermal contact pads; ethylene propylene diene monomer O-rings; fluorkautschukmaterial O-rings; polyurethane O-rings; ethylene propylene diene monomer rubber supports; thermal transfer labels; cardboard packing materials; paper product instructions; cardboard packaging inserts; stainless steel tubes; stainless steel machined process connectors; stainless steel machined housings; stainless steel threaded screws; stainless steel metal rivets; stainless steel spring retention clips; brass pins; steel washers; steel screws; steel stamped parts; titanium machined housings; GoreTex filter membranes; glass liquid crystal displays; polyimide printed circuit boards without mounted electronics; polyphenylene sulfide electrical connectors; polyetherimide electrical terminals; polycarbonate sensor components; zirconate titanate piezoelectric crystals; copper wire;

polyamide plastic injections; polycarbonate sheets; glass-epoxy laminate printed circuit board assemblies; polyimide printed circuit board assemblies; stainless steel sensor housings; polyurethane resin casting material (alcohol based); polyamide plastic molding material; polyurethane resin casting material (amino resin based); product label tape; packaging material bags; adhesive box label; aluminum metal caps; lead-free metal alloy solders; and stainless steel sensor modules (duty rate ranges from duty-free to 6.5%).

The request indicates that certain materials/components are subject to duties under section 122 of the Trade Act of 1974 (Section 122), section 232 of the Trade Expansion Act of 1962 (section 232), or section 301 of the Trade Act of 1974 (section 301), depending on the country of origin. The applicable section 122, section 232, and section 301 decisions require subject merchandise to be admitted to FTZs in privileged foreign (PF) status (19 CFR 146.41). The request also indicates that metryl is subject to an antidumping/ countervailing duty (AD/CVD) order/ investigation if imported from Belgium. The Board's regulations (15 CFR 400.13(c)(2)) require that merchandise subject to AD/CVD orders, or items which would be otherwise subject to suspension of liquidation under AD/CVD procedures if they entered U.S. customs territory, be admitted to the zone in PF status.

Public comment is invited from interested parties. Submissions shall be addressed to the Board's Executive Secretary and sent to: ftz@trade.gov. The closing period for their receipt is September 1, 2026.

A copy of the notification will be available for public inspection in the "Online FTZ Information System" section of the Board's website.
